CERTIFICATE

No. 794

Whereas William H. Campbell of Washington County, Idaho Territory,

has deposited in the General Land Office of the United States a Certificate of the Register of the Land Office at Boise City, Idaho Territory, whereby it appears that full payment has been made by the said William H. Campbell,

according to the provisions of the Act of Congress of the 24th of April, 1850, entitled "An Act making further provision for the sale of the Public Lands," and the acts supplemental thereto, for the West half of the North East quarter and the East half of the North West quarter of Section twenty-five in Township twenty North, of Range One East, of First Meridian, in Idaho Territory, containing one hundred and sixty acres.

according to the Official Plat of the Survey of the said Lands returned to the General Land Office by the Surveyor General, which said Tract has been purchased by the said William H. Campbell

Now know ye, That the United States of America, in consideration of the premises, and in conformity with the several Acts of Congress in such case made and provided, have given and granted, and by these presents do give and grant unto the said William H. Campbell

and to his heirs, the said Tract above described: To have and to hold the same, together with all the rights, privileges, immunities, and appurtenances of whatever nature, thereto belonging, unto the said William H. Campbell,

and to his heirs and assigns forever; subject to any vested and accrued water rights for mining, agricultural, manufacturing, or other purposes, and rights to ditches and reservoirs used in connection with such water rights as may be recognized and acknowledged by the local customs, laws, and decisions of courts, and also subject to the right of the proprietor of a canal to take and remove his ore therefrom, should the same be found to penetrate or intersect the premises hereby granted, as provided by law.

In testimony whereof J. Grover Cleveland, President of the United States of America, has caused these letters to be made Patent, and the Seal of the General Land Office to be hereunto affixed.

ROLLIE L. CAMPBELL,, being first duly sworn,
deposes and says:

1. That your affiant, ROLLIE L. CAMPBELL, is a resident of Boise, Ada County, Idaho, and also of McCall, Valley County, Idaho, and that he has personal knowledge of the facts set forth in this Affidavit;

2. That this Affidavit is made in opposition to the above-described claim to a water right No. A78-04080 (hereinafter referred to as the "Opposed Claim"), and in support of limiting the Opposed Claim in accordance with the facts herein stated;

3. At all material times hereinafter mentioned, your affiant was an owner of, and lived upon, what was known as "Circle C Ranch", predecessor in interest to Osborn Ranch, Inc., claimant to a water right bearing Identification No. A78-04133 (hereinafter referred to as the "Supported Claim");

4. That the Opposed Claim claims a priority date of January 1, 1879, but the correct priority date should be during the year 1920, when the first diversion of water related to the Opposed

5. Said 1920 Ditch was constructed by Frank Delbar and *Sullivan* Harold Campbell and said 1920 Ditch was and is the source of the Six Mile Creek water referred to in the Opposed Claim;

*DelBarre
Campbell*

6. Said 1920 Ditch was constructed for the purpose of providing to the predecessor of the claimant under the Opposed Claim a more convenient means of diversion of water from a tributary of Brown Creek but was not intended, or used for, a means of diversion of water from Six Mile Creek other than water put into Six Mile Creek through said 1920 Ditch;

7. The right of said claimant under the Opposed Claim to the use of water in Six Mile Creek was and is, therefore, only for said claimant's water diverted into Six Mile Creek from a tributary of Brown Creek, and said claimant had and has no right to any water from Six Mile Creek itself;

8. That Osborn Ranch, Inc., successor to Circle C Ranch, under the Supported Claim has the right to water diverted by another, separate ditch (hereinafter referred to as the "1903 Ditch) constructed in 1903 from a tributary of Brown Creek to Six Mile Creek;

9. That at all times from and since 1903, Circle C Ranch and thereafter Osborn Ranch, Inc., used the water of Six Mile Creek, as well as that of a tributary of Brown Creek through the 1903

MEADOWS, IDAHO

NOVEMBER, 8TH, 1895

Dear Brother Edward:

Buy a good tombstone for our dear Father's grave and put a good fence around it next spring out of my money.

I give my Ranch to you and your pick of twenty head of my cattle.

Pay for the Moyer cattle out of my money, take them and the remainder what is left after yours is taken out and divide them between Caroline and Annie. Buy Lizzie, Mary, Henry, and Minnie each a ten dollar keepsake, and divide what is left after my funeral expenses are paid between Dear Pa and my Dear Mother and tell them to be kind to each other.

*Your Brother,
Wm. H. Osborn*

P.S. Tell my Dear Mother not to worry because I am gone, for I have suffered untold miseries for the last month.

Two of the Clay children, Henry and Minnie, were also Meadows Valley ranchers. Henry's son; Dick is living on the family ranch. Minnie's grandson lives on her ranch. Elizabeth married Eston Freeman and they had property in Meadows Valley, but they lived in McCall. Mary Clay chose to take her life when she was a young unmarried woman.

CHARLES AND WILLIAM CAMPBELL

In the year 1872, two brothers, Charles, age nineteen, and William, age seventeen, decided to strike out, as the saying was, for the fabled West. Their mother had passed away and their father had remarried. The property that the elder Mr. Campbell owned in Pawnee, Illinois, would not support the entire family as there were three Campbell brothers and one sister.

Therefore, Charles and William, with very few possessions, mounted their horses and left their father in Pawnee, Illinois. They planned to work along the way as they headed west. Charles was given a 50 cent piece with the date of his birth on it, 1853. He was instructed by his father to keep it with him and if he really needed it, he would have it. He was never so poor that he had to spend it. Many years later Charles gave the coin to his oldest son, Albert, who passed it on to his daughter, Charlotte. The famous coin now belongs to Charles' great great grandson, Campbell Alexieff, grandson of Charlotte Campbell Armacost, with the same instructions for its use.

The first stop for Charles and William was in Nevada, near Truckee, an incredibly harsh place to Illinois-raised boys. They easily found a job on a ranch and eventually got in the work of freighting ore and supplies to miners. Charles and William worked for ranches and were much prized for their strength and eagerness to work hard and as men who trained and rode horses very well. One rancher they worked for offered higher wages each year if they would continue to work for him; but eventually the desire to see more of the country was too strong a calling. Eventually they added a wagon and oxen to their possessions for transporting their few belongs.

For seven years they kept themselves busy, but the dream of each of them having a cattle ranch was still the goal. So a decision was made to start north with two yoke of oxen and a wagon. They crossed the line into Idaho Territory safely, although there was still talk of marauding Indians and road bandits. They worked their way on to the Boise Valley, but did not stop there. Traveling through the Weiser Valley, they continued by tortuous roads to a pretty little cove called Salubria, (Cambridge), and finally reached Council Valley. They could have homesteaded in any of these areas, but Charles couldn't yet say, "This is the place."

Charles and William pushed their oxen higher into the mountains, and when they saw Meadows Valley, Charles and William knew that their search had ended. Here was a Valley with timber, water, game, tall waving grass and very few farmers living in it. The Valley appeared to be a paradise for any energetic young man unattached and free.

START OF THE CIRCLE C RANCH

They brought with them a wagon loaded with some necessary machinery pulled by two yoke of oxen shown in the picture with either Charles or William. The two men filed for a homestead and preemption in 1879 side by side in the north end of Meadows Valley on 320 acres each, both having a creek and springs that continue to produce clear cold water to the present time. They never owned property together, but shared machinery. The Homestead Act of

1863 allowed anyone to file for a quarter section of land (160 acres). The land was yours at the end of five years if you had built a house on it, dug a well, plowed ten acres, fenced a specific amount, and actually lived there. The Preemptive Right gave another 160 acres that had to be purchased. As always, with Charles the important things came first, such as building a corral at the creek, mowing enough wild grass to insure feed for the animals and protection for the hay, then building a cabin for the two men to live in through the

AMENDED REMARKS

The points of diversion will be described as follows: Our feeder ditch begins in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 5; where it picks up the first tributary of Browns Creek. It then travels around the hill approximately $\frac{1}{2}$ mile to the NE $\frac{1}{4}$ SE $\frac{1}{4}$ Sec. 5, where it picks up another small stream. Thence approximately another $\frac{1}{4}$ mile to the SE $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 5, picking up another stream, thence approximately another $\frac{1}{2}$ mile, picking up another stream in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 8, thence $\frac{1}{2}$ mile picking up another stream in the NW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 8, approximately 1 mile further and flows into Browns Creek in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 17. Water is then diverted from same point in the SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 17, approximately $\frac{1}{2}$ mile through a ditch where it flows into Six Mile Creek at a point in the NW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 20. The water then flows down Six Mile Creek and flows approximately $1\frac{1}{2}$ miles to a ditch in the NE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 30 which carries the water approximately 1 mile to lands that are irrigated. The latter mentioned ditch intercepts Landers > Creek in the SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 19 picking up the water in said creek, thence intercepting 3 more unnamed streams in the ^{NESE and AHH}SW $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 24 which also contributes to the water system. This whole system is in T20N, R1E and R2E. Two points of diversion from Six Mile Creek in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 30, T20N, R2E.

ROLLIE L. CAMPBELL,, being first duly sworn,
deposes and says:

1. That your affiant, ROLLIE L. CAMPBELL, is a resident of Boise, Ada County, Idaho, and also of McCall, Valley County, Idaho, and that he has personal knowledge of the facts set forth in this Affidavit;

2. That this Affidavit is made in opposition to the above-described claim to a water right No. A78-04080 (hereinafter referred to as the "Opposed Claim"), and in support of limiting the Opposed Claim in accordance with the facts herein stated;

3. At all material times hereinafter mentioned, your affiant was an owner of, and lived upon, what was known as "Circle C Ranch", predecessor in interest to Osborn Ranch, Inc., claimant to a water right bearing Identification No. A78-04133 (hereinafter referred to as the "Supported Claim");

4. That the Opposed Claim claims a priority date of January 1, 1879, but the correct priority date should be during the year 1920, when the first diversion of water related to the Opposed

Claim occurred, because of the construction in that year of a ditch (hereinafter referred to as the "1920 Ditch") for the collection of water from one or more tributaries of Brown Creek and the transportation of that water through the 1920 Ditch to Six Mile Creek;

5. Said 1920 Ditch was constructed by Frank Delbar and Harold Campbell, and said 1920 Ditch was and is the source of the Six Mile Creek water referred to in the Opposed Claim;

6. Said 1920 Ditch was constructed for the purpose of providing to the predecessor of the claimant under the Opposed Claim a more convenient means of diversion of water from a tributary of Brown Creek but was not intended, or used for, a means of diversion of water from Six Mile Creek other than water put into Six Mile Creek through said 1920 Ditch;

7. The right of said claimant under the Opposed Claim to the use of water in Six Mile Creek was and is, therefore, only for said claimant's water diverted into Six Mile Creek from a tributary of Brown Creek, and said claimant had and has no right to any water from Six Mile Creek itself;

8. That Osborn Ranch, Inc., successor to Circle C Ranch, under the Supported Claim has the right to water diverted by another, separate ditch (hereinafter referred to as the "1903 Ditch") constructed in 1903 from a tributary of Brown Creek to Six Mile Creek;

9. That at all times from and since 1903, Circle C Ranch and thereafter Osborn Ranch, Inc., used the water of Six Mile Creek, as well as that of a tributary of Brown Creek through the 1903

Ditch, for irrigation and to water livestock, as claimed in the Supported Claim;

10. That at all times from and since 1879, Circle C Ranch and thereafter Osborn Ranch, Inc., used the water of Six Mile Creek for irrigation and to water livestock; and

11. That, therefore, the Supported Claim of Osborn Ranch, Inc., to the water of Six Mile Creek is prior in time and prior in right to that of the claimant under the Opposed Claim.

FURTHER YOUR AFFIANT SAYS NOT.
