RE: Transfer 12 acres of 67-7321 from Federal to private land

Dear Mr. Amstutz,

On 3/4/2008, I spoke with you about the BLM objection to recommended water right 67-7321. Our discussion was in regards to filing a transfer to move 12 acres of irrigated ground off of BLM property onto private ground. Per that conversation, I e-mailed you some maps for your review so we could try to determine where you wanted to place the 12 acres. As of this date, I have not received any correspondence from you.

For your convenience, I am sending you several items:

- Copies of the maps I originally e-mailed
- A partially completed Application for Transfer of a Water Right
- Instructions to the Application for Transfer of a Water Right form
- Copy of the original license 67-7321
- Fee Schedule

The completed transfer application with the applicable filing fee can be returned to either myself, or the Western Regional Office of IDWR at:

IDWR – Western Region
2735 Airport Way
Boise Id, 83705-5082

However, if you do return the completed application to the Western Region office, please let me know that you submitted the application so I can obtain a copy to show BLM that the application has been filed and therefore we can move forward to resolving the objection to 67-7321.

Please feel free to contact me if you have any questions or need assistance completing the transfer application.

Respectfully submitted,

Craig L. Saxton
Water Right Supervisor
