EXPLANATORY MATERIAL: BASIS OF CLAIM - License

Failure of the right holder to comply with the conditions of transfer 74234 is cause for the Director to rescind approval of the transfer.

Use of this right is combined with water from Garden Water Company

If the surface water right(s) appurtenant to the place of use is abandoned, forfeited, sold, transferred, leased or used on any other place of use, this right to divert ground water shall not be used without an approved transfer pursuant to Section 42-222, Idaho Code, or approval of the Department if a transfer is not required.

After specific notification by the Department, the right holder shall install a suitable measuring device or shall enter into an agreement with the Department to determine the amount of water diverted from power records and shall annually report the information to the Department.

Right holder shall comply with the drilling permit requirements of Section 42-235, Idaho Code and applicable Well Construction Rules of the Department.

The right holder shall make full beneficial use of all surface water rights available to the right holder for irrigation of the lands authorized to be irrigated under this right. The right holder shall limit the diversion of ground water under this right to those times when the surface water supply is not available or the surface water supply is not reasonably sufficient to irrigate available or the surface water supply is not reasonably sufficient to irrigate the place of use authorized under this right.

The right holder shall accomplish the change authorized by transfer 74234 by March 13, 2009.
