Previously utilized by a saw mill for filling a pond, domestic, and all their needs.  
Purchased by Reynolds 9/2006, after the saw mill closed (used for domestic internal/external use)

### NOTES:

2/19/2008 phone conversation with attny. (possibly amend location for POD)  
2/21/2008 sent letter and map to confirm location of POD/POU, and obtain add'l info.  
3/26/2008 email from attorney answering questions asked in 2/21/08 letter. Also stating that he would mail out the map and Amended Claim.  
4/10/08 attny. Will email copy of map with location of POU and POD to confirm PLS.  
4/13/08 received map with correct location for POU/POD; sent via email another Amended Claim to sign (since the one sent earlier had not been signed and returned yet)  
The rental house has a domestic well WR#21-13064, located at 1350 N. 3550 E. This is where the water goes into a pond which has been there since before 1987.  
The Home, has a domestic right and an irrigation WR #21-7175 & 21-11040 located at 1344 N 3550 E.  
The Farm irrigation well has a WR #21-2103.  
Map submitted confirmed POU/POD to be T9N R42E Sec 25 NWSE.  
1" buried plastic line, goes from well to pond.

**NOTES: continued**

There are no wells that are connected with one another.

Well that supplies pond is approximately 30' deep, 6" casing, 2" discharge, 1/2 Hp, and runs at 60 psi

**Recommendation:**

C18

N13 shall not exceed 13,000 gpd

N11 historical B/U

**PIN should be "EXPLANATORY" remarks**

POU PIN RP09N42E257960

POD PIN RP09N42E25150X
