RE: Water Right Claim # 65-23188

Dear Mr. MacGregor:

I am currently reviewing your claim, and have a few questions before I can complete my recommendations: (1) Where is the well located? Please draw the location on the attached map. If the legal description was incorrect, please submit a correct map indicating its location. (2) Where is the house located, since it is not visible on the 2004, 2006 NAIP maps, and 2008 Google Map? Please draw the location on the attached map. If the legal description was incorrect, please submit a correct map indicating its location. (3) When was the house built? (4) Can you verify the house exists by submitting a copy of your tax assessors report? (5) Can you describe your distribution system (Hp of the pump, psi system is run at, size discharge from well, size buried line to the house and to the stock, number of stock tanks and size, and draw the location of stock tanks).

Attached is a copy of one of two well logs found for MacGregor Land and Livestock for T13N, R4E, Section 30, NENW. Please look it over to make sure this is the correct well log for the claim you have filed. If this is an incorrect well log, please send a copy of the correct well log. This well driller's report indicates the completion date of 9/15/2006, which would change your priority date from 9/6/2006 to 9/15/2006.

If you have any questions, please do not hesitate to contact me via email: Sandy.Hemenway@idwr.idaho.gov, or on my cell at (208) 761-0280.

Sincerely,

Sandy Hemenway
Sr. Water Resource Agent
