DEPARTMENT OF
WATER RESOURCES

Dear Clerk of the Court

Please accept this response to the objection. The address listed with water resources was a very old one, so it was difficult to find us. I have enclosed a copy that shows our old attorney received notice March 27, 2008. It took him some time to figure out that we live on the property, and get Michelle's P.O. Box #. I have just received word of this action on 4/17/08.

When we purchased the property we hired an attorney to file all documents for transfer needed. (Mr. Bob Speck in Ketchum, ID.) Soon after purchase, we built. Water from the canal has been used for pasture irrigation. We have been paying our dues to the water master all along. We believe we have the right to maintain our .057 cfs for our property.

Thank You

Please send all responses to both addresses listed. Jim Kukurin
