Re: City Water Right Boundary, IDWR Letter of August 8, 2002

Dear Mark:

The City of Hailey staff has reviewed the map outlining the proposed boundary for the city's water rights. Our primary question and concern is the purpose of this boundary. We have a number of water rights already established and would like to know if there is an impact on these rights associated with this boundary. In addition, we have the following comments.

1. Given the rapidly growing nature of our area and the possibility that the city could be forced into providing utility service to areas surrounding the City of Hailey we consider our water right area as a minimum to be the city's Area of Impact. I have attached a map of this boundary for your review.

2. DEQ has established Wellhead Protection Zones for our water system. Does this determination have any impact on this water boundary?

3. At the very least we have annexed three significant areas into our city in the last year. Copies of these annexations are also attached.

4. We have a water right, No. 37-7854, at an area outside our city limits. How is this addressed in these proceedings?

5. While not yet put forward there is a large, 650+ acres, anticipated annexation in Quigley Canyon. How would this be handled in establishing water rights? This would be largely within our city Area of Impact.

If you have any questions regarding our comments, please let me know.

Sincerely,

Thomas Hellen, PE
City Engineer

RE: **EXAM OF SYSTEM**

I CALLED STEVE TOZIER FROM DENNIS KAVANAUGH'S HOUSE TO GET ACCESS TO THE SPRING HOUSE AND POWER PLANT BUILDINGS. HE WOULD HAVE SOMEONE MEET ME AT MY VEHICLE AT BUTTERCUP AND INDIAN CREEK RD.

I EXPLAINED I WOULD VERIFY THE USES CLAIMED WITHIN THE CITY OF HAILEY'S SRBA CLAIM. HE TOLD ME THE SPRING HOUSE HAS A TELEMETRY SET-UP THAT REPORTS INTO HIS OFFICE WITH THE FLOW RATES. I ASKED IF WE COULD GET PRINT OUT DOCUMENTATION IF NEEDED AND HE AGREED. HE SAID THE SPRING HAS BEEN RUNNING CONSISTENTLY AT 2.0 - 2.2 CFS.

(EVERYONE I TALKED WITH DURING THIS EXAM SAID THE SPRING AND CREEK FLOWS ARE NOT GREATLY AFFECTED BY THE SEASONAL OR DROUGHT CONDITIONS.)

HE ALSO MENTIONED THERE IS AN AGREEMENT BETWEEN THE CITY AND THE ICROA TO HAVE THE CITY INSTALL MEASURING DEVICES AT TWO POINTS ALONG THE CREEK ITSELF. AS YET THEY HAVE NOT BEEN INSTALLED.

NAME:	RE:
Steve Tozier City of Hailey	**A37-00296; System exam**

I met Mr. Tozier in his office in Hailey, we discussed the power plant system in use on Indian Creek. They have assumed the use of 5.0 cfs to be valid diversion rate. Mr. Tozier told me the diversion actually measured has always been less. Plans are to have the system analyzed and redesign the turbine for lesser flows.

The current diversion from the Indian Spring source has been 2.0-2.2 cfs. The spring flow remains relatively constant throughout the season and years past.

The City was wondering if they can divert the balance of the Spring right from the three groundwater wells it also uses, via transfer. (I said it's a separate source and probably won't be allowed but they can file the transfer anyway with IDWR and see what others say.) The three wells and Indian Spring are all in a common delivery system. Jim Speck is working on a POD transfer to combine the groundwater POD's.

He told me last years' use was 650 gallons per person/day; based on 5500 population. Most of the city remains unmetered water however new development is being metered.

We discussed the Fox-Moore site, near the school, I told him I had done some AJ claim work there and had verified the water right for that parcel; he can get more details from our office if needed.

We discussed the Dumke property and the water for the school. I told him of the situation of the water right being found forfeited before the transfer; he was familiar with the story.

We discussed the Northridge Subd. with the promise of a 2000 GPM well. He said they should be working with IDWR to get the approvals and preliminary work done. (I was not aware of the work being done on this right.)

Gentlemen:

Our records show you have filed your adjudication claim(s) in the Snake River Basin Adjudication. Our records do not, however, include a clear map of your service area. Would it be possible for us to get a map of your customer service area for your municipal water system, both to supplement the record of your claim(s) and for use as described below?

In our review and investigation phase of the Snake River Basin Adjudication, the map would be helpful for us to have this information in verifying individual claims to water rights for domestic purposes. We will be happy to discuss with you the most convenient way for you to provide this information to us. I can be reached at 327-7931 or you may contact my assistant, Anita Warntjes at 327-7986.

Your assistance in this matter is greatly appreciated.

Sincerely,

DAVID B. SHAW
Adjudication Bureau Chief
