Basin 63 Part 1
Director's Report

DIRK KEMPTHORNE
Governor

KARL J. DREHER
Director

September 27, 2002

RE: Water Rights in Reporting Area 13, Basin 63
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your water right claim(s) in Basin 63 for the Boise River drainage basin above Lucky Peak dam. We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area. Water rights for nearly all domestic and/or stockwater rights were recommended separately in an earlier report, and most of those now have been decreed by the SRBA Court.

Note that you have until January 31, 2003, in which to review your water rights or those of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Boise, Fairfield, Idaho City, and Mountain Home, and at all the Idaho Department of Water Resources offices (see addresses in enclosures).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed early next year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

RE: MEETING WITH WILLIAM RODMAN

On January 11, 2002 I met with William Rodman at his residence at 2327 Mountain View Drive, Boise. The purpose of the meeting was to discuss the differences between the above referenced claims and the uses described in water right licenses 63-2117 & 63-2338. Mr. Rodman indicated they have owned their patented land in the area of Quartzburg for more than 30 years and they have not mined or authorized mining on any land except their own. He also said they do not have any mining claims of record with the BLM.

Mr. Rodman indicated they have never mined their land themselves but have in the past leased it or allowed others to mine on their property. He thought it had been 12-15 years since any active mining took place. When there was mining, portable pumps were used along both Granite Creek and Confederate Gulch. He indicated there has not been any domestic uses in the area of Quartzburg from Granite Creek for as long as they have held the patents. Any domestic water needed was diverted from the old Iowa and Gold Hill Mine shafts.

Based on the information provided by William Rodman, it appears the changes of uses described in the claims can be allowed as accomplished changes and there would not be injury to other rights on either source.

State of Idaho
License and Certificate of Water Right

Water License No. 14451

Amount 2.892 cfs.

Water District No. 12-B

Priority Nov. 12, 1919.

THIS IS TO CERTIFY that Gold Hill & Iowa Mines Co. of Quartsburg, Idaho, made application for a permit to appropriate the public waters of the State of Idaho, dated November 12, 1919; that Permit No. 14451 was issued under said application; that Certificate of Completion of works, with a carrying capacity of 2 second feet, was issued thereunder on May 19, 1920, showing that said works were completed on the 27th day of April, 1920; and that on the 27th day of August, 1920.

Gold Hill & Iowa Mines Co.

of Quartsburg, State of Idaho, made proof, to the satisfaction of the Commissioner of Reclamation of Idaho, of a right to the use of the waters of Granite Creek, a tributary of Grimes Creek, for the purpose of domestic & fire protection use, under Use Permit No. 14451 of the Commissioner of Reclamation of Idaho, and that said right to the use of said waters has been perfected in accordance with the laws of Idaho, and is hereby confirmed by the Commissioner of Reclamation of Idaho and entered of record in Volume 5 of Licenses, at page 2599, on the 27th day of August, 1920;

The right hereby confirmed dates from November 12, 1919;

The Point of Diversion is located 3200' E. 58' W. from $\frac{1}{4}$ cor. of Secs. 9 & 10 in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Sec. 9, T. 7 N., R. 4 E., N.M. County of Boise.

That the amount of water to which such right is entitled and hereby confirmed, for the purposes aforesaid, is limited to an amount actually needed and beneficially used for said purposes, and shall not exceed 2 cubic feet per second.

Description and location of use:

Trp.	Range	Sec.	Forty-acre Tract	No. Acres Described in Permit	No. Acres Actually Irrigated
			Domestic, Household & Fire Protection use in town of Quartsburg, Idaho, situated in the NE $\frac{1}{4}$ and SE $\frac{1}{4}$ Sec. 9, T. 7 N. R. 4 E. N. M.		

The right to the use of the water aforesaid hereby confirmed is restricted to the lands or place of use herein described, as provided by the laws of Idaho.

WITNESS the seal and signature of the Commissioner of Reclamation of Idaho, this 27th day of August, 1920.

W. O. Swendsen,

Commissioner of Reclamation.

(SEAL)

By: E. T. Boer,
Deputy.

REPORT OF ENGINEER

This proof is for Beneficial Use

In Water District No. 12-7

1. State name of applicant and number of permit: Gold Hill & Iowa Mines Co.-Permit 14451

2. State source of water supply: Granite Creek

3. Location of point of diversion: Right Sec. 9, T. 7 N., R. 4 E.

4. Describe works as they exist, giving dimensions and capacities of same:

Earth dam, 8' H., 75' L.

Wood spill-way, 3' B., 1.5 D.

Two 4" pipes to tank.

5. State whether or not water has been turned into works of diversion: Yes.

6. Give exact location of lands to be irrigated. If proof is for beneficial use, give exact number of acres under cultivation in each forty-acre tract. (Describe manner and place of use if for other than irrigation): To supply water to town of Wartburg.

7. Submit map on enclosed plat, showing location and details of above description.

8. How many parties conduct water in this system?

9. Give names and amount of each right: Gold Hill & Iowa Mining Co.

10. What large stream would the water here appropriated finally reach? Snake River.

11. Describe the various tributaries en route, from point of diversion to the principal drainage stream: From houses in Wartburg to Granite Creek to Grimes Creek to Moore's Creek to Boise River to Snake River.

Remarks:

This examination was made on the 4th day of JUNE

1930.
