FROM: Lori Graves

TO: A63-04005 Files

SUBJECT: Renumbering/splitting

The original statutory claim represents 941 acres. Decree 63-V only covers a portion of the original claim (Riggins and Aguirre property):

63-04005A-Riggins
04005B-Riggins
02144A-Riggins
02144B-Aguirre

The Riggins property was claimed in the SRBA by William Buckner. Mr. Micklesen and Mr. Miller purchased Mr. Buckner's property and filed for a change of ownership 7/16/1992. See warranty deeds in A63-04005C and D. Because of this property purchase and split, renumbering of adjudication claims was required for consistency.

A63-04005A: A63-04005C-Micklesen
A63-04005D-Miller

A63-04005B: A63-04005E-Micklesen
A63-04005F-Miller

Delaney filed on A63-04005G.

Stone originally filed on the C and D letters and then sold off some of his property to Cook/Walker, who filed on letters E and F. What a mess!

Because of the above transaction between Buckner, Micklesen and Miller, Stone's A63-04005C was renumbered to A63-04005H. This was then split to show the Stone, Cook/Walker transaction:

A63-04005H: A63-04005J-Stone's remaining portion
A63-04005K-Cook/Walker portion

Also, because of the above transaction between Buckner, Micklesen and Miller, Stone's A63-04005D was renumbered to A63-04005L. This was then split to show the Stone, Cook/Walker transaction:

A63-04005L: A63-04005M-Stone's remaining portion
A63-04005N-Cook/Walker portion

A question as to who has portions of the decreed right and who has portions of the same statutory right that is not part of the decree, will have to be determined in the SRBA exam and review.

See A63-04005C for copy of decree 63-V and original statutory claim 63-04005.

Memo to Files : 63-2114 A/B, 63-4005-A-N

From: Sue Bock

Date: 8/23/01

These rights were affirmed and decreed June 22, 1981 by Judge Rowett, see 63-V. Because the fieldwork was done in 1980 and the 1987 photography is what the SRBA is basing use on, no field exam is needed unless it does not appear irrigated in the 1987 photos. It looks like there is more irrigation on the 1987 photo than what was decreed. I will try to find original file with fieldwork notes to determine if some of the acres were irrigated at the time, but left off. If this were the case the claimants could file a b.u. claim if prior to 1971 for the acres. If developed after the 1980 field exam, but prior to 1987, an expansion claim would be needed.

Each file should have an acres review analysis sheet. For the most part all the acres lined up as decreed. The exceptions are as follows:

Sec 10

NESE – govt lot 8 was filed on by Miller and Carpenter (purchased from Stone). According to the warranty deed the West ½ of lot 8 went to Stone. Miller's deed did not mention lot 8. From 63-4005B the 7 decreed acres are in the West ½. From 63-4005A it looks like most of the 13 acres are in the West ½

NWSE – govt lot 7 was filed on by Miller and Stone. According to warranty deed, Miller got the W ½ and Stone the E ½. 63-4005A – 13 acres goes to Stone and 63-4005B – 14 acres goes to Miller.

SWSE filed on by Miller, Delaney, and Stone. Miller got the W1/2 and Stone the E ½, no information to support Delaney's claim to 27 acres, nor 25 acres in the SESE.

Sec 11

It appears that Miller filed in error for 2 acres in the NWNW, this should have been the NWSW.

Sec 21

Mickelson Farms filed on 11 acres in the SENW, nothing was decreed in this area.

Determination of where irrigated acres fell within the ¼ ¼ was based on blue line map attached to the decree.
