Comments:

1. sboc 8/28/2001 claim

Comment: Claim was recommended as decreed in 1980. NAPP from 1987 used no need for field exam. Claimant purchased 40 acres, was informed some time ago by our office only had 20 acres of water rights. If entire parcel was irrigated prior to 1971 can file a new bu claim, otherwise if irrigation occurred before 1987, can look at an expansion. For a breakdown of how acres were assigned see memo in file.

Re: Claim No(s) 63-4005K

63-4005N

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "**Priority Date**" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by **October 15, 2001**, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.

Memo to Files : 63-2114 A/B, 63-4005-A-N

From: Sue Bock

Date: 8/23/01

These rights were affirmed and decreed June 22, 1981 by Judge Rowett, see 63-V. Because the fieldwork was done in 1980 and the 1987 photography is what the SRBA is basing use on, no field exam is needed unless it does not appear irrigated in the 1987 photos. It looks like there is more irrigation on the 1987 photo than what was decreed. I will try to find original file with fieldwork notes to determine if some of the acres were irrigated at the time, but left off. If this were the case the claimants could file a b.u. claim if prior to 1971 for the acres. If developed after the 1980 field exam, but prior to 1987, an expansion claim would be needed.

Each file should have an acres review analysis sheet. For the most part all the acres lined up as decreed. The exceptions are as follows:

Sec 10

NESE – govt lot 8 was filed on by Miller and Carpenter (purchased from Stone). According to the warranty deed the West ½ of lot 8 went to Stone. Miller's deed did not mention lot 8. From 63-4005B the 7 decreed acres are in the West ½. From 63-4005A it looks like most of the 13 acres are in the West ½

NWSE – govt lot 7 was filed on by Miller and Stone. According to warranty deed, Miller got the W ½ and Stone the E ½. 63-4005A – 13 acres goes to Stone and 63-4005B – 14 acres goes to Miller.

SWSE filed on by Miller, Delaney, and Stone. Miller got the W1/2 and Stone the E ½, no information to support Delaney's claim to 27 acres, nor 25 acres in the SESE.

Sec 11

It appears that Miller filed in error for 2 acres in the NWNW, this should have been the NWSW.

Sec 21

Mickelson Farms filed on 11 acres in the SENW, nothing was decreed in this area.

Determination of where irrigated acres fell within the ¼ ¼ was based on blue line map attached to the decree.

Dear Mr. & Mrs. Carpenter:

Enclosed are copies of the above referenced claims which reflect the change in ownership of the land and appurtenant water rights covered under the original filings.

The Department will contact you in the future concerning any requirements that may be needed in order to process these claims for final court decree.

If you have any questions concerning the enclosed claims, please feel free to contact this office.

Sincerely,

Adjudication Section

Dear Claimants:

During normal review of the Notice of claim to a Water Right No.'s A63-04005E and A63-04005F previously submitted during the Snake River Basin Adjudication it was necessary to change the claim identification numbers on these notices. Your claims are still in good standing with the Department, and the number change was needed due our numerical filing procedures.

Enclosed are computer generated copies of your new Notice of Claim to Water Right No.'s A63-04005K and A63-04005N. Please review these claims for completeness and if you have any questions or problems, do not hesitate to contact us.

Sincerely,

MEMO

FROM: Lori Graves

TO: A63-04005 Files

SUBJECT: Renumbering/splitting

The original statutory claim represents 941 acres. Decree 63-V only covers a portion of the original claim (Riggins and Aguirre property):

63-04005A-Riggins
04005B-Riggins
02144A-Riggins
02144B-Aguirre

The Riggins property was claimed in the SRBA by William Buckner. Mr. Micklesen and Mr. Miller purchased Mr. Buckner's property and filed for a change of ownership 7/16/1992. See warranty deeds in A63-04005C and D. Because of this property purchase and split, renumbering of adjudication claims was required for consistency.

A63-04005A: A63-04005C-Micklesen
A63-04005D-Miller

A63-04005B: A63-04005E-Micklesen
A63-04005F-Miller

Delaney filed on A63-04005G.

Stone originally filed on the C and D letters and then sold off some of his property to Cook/Walker, who filed on letters E and F. What a mess!

Because of the above transaction between Buckner, Micklesen and Miller, Stone's A63-04005C was renumbered to A63-04005H. This was then split to show the Stone, Cook/Walker transaction:

A63-04005H: A63-04005J-Stone's remaining portion
A63-04005K-Cook/Walker portion

Also, because of the above transaction between Buckner, Micklesen and Miller, Stone's A63-04005D was renumbered to A63-04005L. This was then split to show the Stone, Cook/Walker transaction:

A63-04005L: A63-04005M-Stone's remaining portion
A63-04005N-Cook/Walker portion

A question as to who has portions of the decreed right and who has portions of the same statutory right that is not part of the decree, will have to be determined in the SRBA exam and review.

See A63-04005C for copy of decree 63-V and original statutory claim 63-04005.
