RE: # Water Right 63-5101
ATT: Maria Manicucci

With regard to the above captioned claim for water rights to my property bearing a priority date of APRIL 26, 1889, I have been unable to find any persons or documentation to indicate any date other than this that would apply to my water rights. To the best of my knowledge this is a true and accurate priority date for all of my water usage.

RE: Snake River Basin Adjudication (SRBA)

Notices of Claim to a Water Right No. **A63-05101 & A63-15395**

Dear Mrs. Priest,

This office is reviewing the above-referenced claim for recommendation to the court for decree. A field exam was conducted on September 25, 2001; during the exam we discussed the requirement for evidence supporting the priority date. Your son brought out some documents that indicated Mores Creek had been diverted for use on your property.

In order to complete our review, we must have documentation of the claimed priority date, as per our letter of August 15, 2001. Please submit the required evidence by **January 18, 2002**. If no evidence of priority is submitted by the January 18, 2002, the water right may not be recommended to the court for decree. This could jeopardize your water use under this right.

In addition, I have enclosed a copy of the Supreme Court decision regarding the water right from Thorn Creek of C.V. DeRousse (SRBA claim number A63-15395.) This ruling appears to address the extent of the jurisdiction of the water master, rather than describing the water right of C.V. DeRousse. The ruling does support that in 1968 DeRousse had a water right for 5 inches of water from Thorne Creek.

As evidence of the claimed priority date of water right claim A63-15395, you have submitted a posted notice filed by William Casner in 1899. However, since the posted notice does not describe where the water was used, information that connects Mr. Casner to your property would be useful in support of the priority date. If I remember correctly, the documents that your son brought out to my vehicle also contained information that connected Mr. Casner with your property. Copies of these documents, or other information that shows that Mr. Casner owned your property, would be useful in helping to support the 1899 priority date.

Please do not hesitate to contact this office if you have any questions or concerns about this letter.

Sincerely,

A handwritten signature in black ink, appearing to read 'Maria Minicucci', with a stylized, cursive script.

JAY R PRIEST

IDAHO CITY, ID 83631

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "**Priority Date**" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water ~~rights within the Snake River Basin as accurately as possible. Field exams to verify~~ claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by **October 15, 2001**, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.
