RE: Snake River Basin Adjudication (SRBA)
Notice of Claim to a Water Right No. A63-07038

Dear Ms. Burton,

Please read this letter carefully. It contains important information about your water right claim, referenced above.

This office is preparing a recommendation to the SRBA court for its decree of the water right. You filed this claim to a water right, based on a water right license previously issued by the Department of Water Resources, in November of 1988.

A profile report that summarizes the SRBA claim is enclosed with this letter. A second profile report that summarizes the original license is also enclosed.

If you review the two reports, you will see that the claim filed in 1988 does not reflect the licensed right exactly. In particular, the claim is for twice the diversion rate as the license, and also mentions a "future cabin site."

Please be advised that the Department of Water Resources cannot recommend your claim for more than the licensed diversion rate or more than one home. A water right is required for any water development that is in excess of the licensed water right. If you have developed, or plan to develop, another spring, and/or add a second cabin to the first spring, you will need to submit an application for permit to the Department of Water Resources. Since all of the surface water in the Boise River basin is appropriated to existing water users, any uses in excess of existing rights from a spring or stream will be limited to internal use at a domestic dwelling.

The SRBA claim will be recommended for the same diversion rate (.02 cubic feet/second) and use (one home) as the water right license. Enclosed is an application for permit, with instructions, for other water development at your property.

Please do not hesitate to contact this office if you have any questions or need additional information. The department also has an office in Twin Falls, at 1341 Fillmore Street, Suite 200. The telephone number for that office is 736-3033.

Sincerely,

A handwritten signature in cursive script, appearing to read "M. Minicucci".
