RE: Two Claims for price of One

From reconciling the claims filed by the United States (USFS) in Basin 61, I determined the two water right claims referenced above became mixed. For starters the claimed location is in Basin 63. At first glance the problem would be solved by making the number A63-09524 instead of A61-09524 as identified on the claim by USFS. However a paper claim and data was filed for A63-09524. The USFS Ident. No. on A63-09524 ended in 42 corresponding to the water right license materials. The other water right record in this location is 63-03353. USFS did not submit data or a paper claim for the latter, however the license source is Joe Brown Spring nearly the same as the claimed source on A61-09524. For these reasons USFS claim A61-09524 was renumbered to A63-03353.
