RE: Water Rights in Reporting Area 13, Basin 63
Snake River Basin Adjudication (SRBA)

Dear Water Right Claimant(s):

Please find enclosed the Idaho Department of Water Resources recommendations for your water right claim(s) in Basin 63 for the Boise River drainage basin above Lucky Peak dam. We have also enclosed instructions for reviewing (1) your recommended water right(s), and (2) other recommended right(s) in your area. Water rights for nearly all domestic and/or stockwater rights were recommended separately in an earlier report, and most of those now have been decreed by the SRBA Court.

Note that you have until January 31, 2003, in which to review your water rights or those of other claimants and to file any objection to our recommendations. Information on the other water rights can be found at the county courthouses in Boise, Fairfield, Idaho City, and Mountain Home, and at all the Idaho Department of Water Resources offices (see addresses in enclosures).

If the SRBA Court does not receive an objection to our recommendation from you and no other party objects to your water right, your water right will be decreed early next year as recommended. You will receive your decree from the SRBA Court.

Completion of the SRBA is important for the future of water management in Idaho. We invite you to contact our regional offices with any questions you have about your water right(s) or this adjudication process.

Sincerely,

Karl J. Dreher
Director

Re: Snake River Basin Adjudication (SRBA)
Elmore County - Claim No. A63-09750

Dear Mr. Inama,

We are returning your hand-written Notice of Claim to a Water Right filed for your property in Elmore County. In addition, we are enclosing a computer-generated Notice of Claim which was created from our records for your Permit. We have noted some differences between the Permit and the claim which require your attention.

If you wish to file a claim on your existing Permit, the information about the priority date on the claim cannot be earlier in time than that on the Permit. All other components of the claim seem essentially the same.

You may file a claim on the Permit by signing and returning the computer generated claim form; the signature must be notarized. If you wish to pursue a priority date of June 19, 1981, you should know that this date is not supported by a recorded water right.

If you choose to return the hand-written claim, please complete Item #10 by providing the legal description of the location of your water use.

If we do not receive one of these documents in our office by March 13, 1992, we will assume you do not wish to continue the filing process and refund your filing fees.

Sincerely,

Roxanne McCarthy
