

T&N, RIOE, Sec. 32

Mountain Home in March, 1966, leaving two children, Louis and Edith (Pierce), who still lives in Mountain Home.

Edna (Rutherford) moved to Mountain Home from the Casey ranch in 1907. She was a legal secretary for Gene Anderson for many years in Boise. She worked at the air base as a court reporter, and in Mountain Home operated the state liquor store and worked for the city. The Casey home at 554 N. 10th East was a popular place to visit and socialize for many Mountain Home residents for 75 years. *By Osborne E. Casey*

EARNEST M. CATTRON FAMILY

Earnest Markwood Cattron was born in Dayton, Washington, in November, 1885. He moved with his family to Flora, Oregon as a youngster. Then, as a young man he moved to Lewiston, Idaho. He married Ruby Viola Campbell at Lewiston, Idaho, in June, 1914. They had one child, Glen Markwood Cattron born June 17, 1917; in Lewiston.

Ruby and Earnest Cattron

In the summer of 1933, Earnest moved his family to Eagle Island. He and a nephew, Earl Robinson went on up the Boise River to Atlanta. They worked the summer at Atlanta, and along the Boise River placer mining.

The cabin across from Black Warrior Creek on the Boise River built by Earnest Cattron.

They spent the winter of 1934 on the Island but as soon as spring came, Earnest

moved his family to a placer mine on the Boise River. It was right across from where the Black Warrior enters the River. Ernest built a cabin on the south side of the Boise. He built it out of lumber from a flume which had been built along the north side years before, and was no longer in use. The wood was moved across the river on a cable car pulled by hand, a few boards at a time.

The placer mine produced enough gold to help the family through the Depression. At one time, they even found enough to hire a couple of men to work the claim with them.

The family continued to live on the Boise River until 1938 when they moved back to Boise.

Grandma Cattron worked as a cook and waitress in many cafes around Boise for many years.

Earnest Cattron died in Boise in August, 1950. Ruby Cattron died at her sister's in Port Angeles, Washington, in November, 1962. *Submitted by Norma Dart*

GLEN MARKWOOD CATTRON FAMILY

Glen Markwood Cattron was born in Lewiston, Idaho, on June 24, 1917. He moved with his father and mother to a cabin on the middle fork of the Boise River. He came to the Prairie with a friend, Jim Davison, to visit several times.

Glen and Wanda Cattron

After a while, he met and married Wanda Jean Ireland, daughter of Peter and Mary Ireland.

Glen worked at the mines at Atlanta, at the sawmills on the Prairie, and tried farming on the Prairie too. In the 1950's, he moved his family to Oregon and Washington where he worked first in logging, and then in construction.

Glen and Wanda Cattron had two daughters, Norma Jean Cattron Dart of Meridian, Idaho and Joyce Carroll Cattron Mautz of

Brownlee Dam in Hell's Canyon. There are two grandchildren; Laurie Dart and Shawn Mautz.

Glen Cattron died at Boise, Idaho in March 1956. He is buried in Dry Creek Cemetery. Wanda lives at Meridian, Idaho with her daughter, Norma. She has worked for the State of Idaho for 21 years. She enjoys traveling, working in the yard and garden, and attending 4-H activities with her granddaughter and friends.

The entire family spends as much time at the Prairie on the Ireland Ranch as their busy schedule will allow.

FRANK CLARKE

Frank Clarke, 88, Glens Ferry, a well known Idaho artist, died Saturday at a Mountain Home hospital. Services are scheduled at 2 P.M. Tuesday at Smith Chapel of Glens Ferry with interment at Glenrest. The Reverend Stuart Olbrich, pastor of the Mountain Home First Congregation Church will officiate.

Mr. Clarke was born May 17, 1885 at Big Pine, California. He came to Idaho at age four. He studied three years at the Chicago Art Institute. He became known throughout the West for his sagebrush carvings and sagebrush plaques. He taught art classes and operated the Northwestern Gem and Gift Shop in Glens Ferry for a number of years. He was known also for his work in placement of markers on the old Oregon Trail and on other historical roads.

He was married to Jessica Davenport, who survives, in 1925 at Lewiston. He is also survived by a son, Howard, Antioch, California; a sister, Mrs. Elizabeth McWhirter, Seattle; a brother, I.H. Clarke, Lake Grove, Oregon; two grandsons and many nieces and nephews.

The family suggests memorials to the Three Island Park Museum.

By his own words, Mr. Clarke admits to only about three years of formal schooling in a most interesting life which embraced mining, carpentering, house painting, operation of a Rock Shop and completion of scores of Indian art studies in oil and pastels. He has lived in true pioneer times on the Camas Prairie, in the St. Anthony-Rexburg area, and then in the Glens Ferry-Mountain Home region. Aside from three years in the study of formal art in Chicago, his training in all fields has been, as early settlers said, in the school of hard knocks.

Since his early teens, when his father decided he was old enough to leave the family fold and shift for himself, he has been on his own. He married late in life to "a fine woman, my junior" and has had "45 years of happiness." Unable to have children, he and his wife, Jessie, adopted a boy who, as Howard Clarke, is now an official with the Pacific Gas and Electric Company in Oakland, California.

Mr. Clarke, who observed his 87th birthday on May 17, 1972, has traveled over nearly every foot of these trails either on horseback, in a motorized vehicle or on foot. Because of this, his knowledge has been sought by many writers of history, by many visitors to Idaho and also by officials of the Idaho Historical Society.

The establishment of the Three Island Park in 1971 came about largely because of the efforts and the dreams of Mr. Clarke. His knowledge of the Three Island Ford of Snake

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

6. Water is claimed for the following purposes:

(both dates are inclusive)

(cfs)

(acre feet)

For Placer Mining purposes from May 1 to Oct 31 amount 0.04 or _____

SEP 14 1992

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

RE: Snake River Basin Adjudication (SRBA)
Notice of Claim to Water Right No. A63-26382

Dear Maria Minicucci, Sr. Water Agent

The following information is from the book, Crossroads, The History of the Elmore County. By Sandra Ronset and Charles Durand.

Page #179, of the Crossroads, reflect the family history in Elmore County from the spring of 1934 to 1938, of the family of Mr. Earnest M. Cattron, his wife and son Glen. The photo in the lower left bottom is the same cabin that was built by Mr. Cattron in 1934. Mr. Cattron was required to take water from the Boise River to mine the property, which I now have under claim.

The priority date will need to be changed to May of 1934, when Mr. Cattron moved his family onto the South side for the Boise River across from Blackwarrior Creek. Mr. Cattron would have been required to build a mining ditch for water from the Boise River, it would have been the only place to get water from in 1934, to mine his placer claim.

The mining ditch and foot bridge can be seen in the enlarged photo of the cabin area taken in 1934, and also in small photo if you look real hard.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ed Liddiard', with a stylized flourish at the end.

Ed Liddiard

Mountain Home in March, 1966, leaving two children, Louis and Edith (Pierce), who still lives in Mountain Home.

Edna (Rutherford) moved to Mountain Home from the Casey ranch in 1907. She was a legal secretary for Gene Anderson for many years in Boise. She worked at the air base as a court reporter, and in Mountain Home operated the state liquor store and worked for the city. The Casey home at 554 N. 10th East was a popular place to visit and socialize for many Mountain Home residents for 75 years. *By Osborne E. Casey*

EARNEST M. CATTRON FAMILY

Earnest Markwood Cattron was born in Dayton, Washington, in November, 1885. He moved with his family to Flora, Oregon as a youngster. Then, as a young man he moved to Lewiston, Idaho. He married Ruby Viola Campbell at Lewiston, Idaho, in June, 1914. They had one child, Glen Markwood Cattron born June 17, 1917; in Lewiston.

Ruby and Earnest Cattron

In the summer of 1933, Earnest moved his family to Eagle Island. He and a nephew, Earl Robinson went on up the Boise River to Atlanta. They worked the summer at Atlanta, and along the Boise River placer mining.

The cabin across from Black Warrior Creek on the Boise River built by Earnest Cattron.

They spent the winter of 1934 on the island but as soon as spring came, Earnest

moved his family to a placer mine on the Boise River. It was right across from where the Black Warrior enters the River. Ernest built a cabin on the south side of the Boise. He built it out of lumber from a flume which had been built along the north side years before, and was no longer in use. The wood was moved across the river on a cable car pulled by hand, a few boards at a time.

The placer mine produced enough gold to help the family through the Depression. At one time, they even found enough to hire a couple of men to work the claim with them.

The family continued to live on the Boise River until 1938 when they moved back to Boise.

Grandma Cattron worked as a cook and waitress in many cafes around Boise for many years.

Earnest Cattron died in Boise in August, 1950. Ruby Cattron died at her sister's in Port Angeles, Washington, in November, 1962. *Submitted by Norma Dart*

GLEN MARKWOOD CATTRON FAMILY

Glen Markwood Cattron was born in Lewiston, Idaho, on June 24, 1917. He moved with his father and mother to a cabin on the middle fork of the Boise River. He came to the Prairie with a friend, Jim Davison, to visit several times.

Glen and Wanda Cattron

After a while, he met and married Wanda Jean Ireland, daughter of Peter and Mary Ireland.

Glen worked at the mines at Atlanta, at the sawmills on the Prairie, and tried farming on the Prairie too. In the 1950's, he moved his family to Oregon and Washington where he worked first in logging, and then in construction.

Glen and Wanda Cattron had two daughters, Norma Jean Cattron Dart of Meridian, Idaho and Joyce Carroll Cattron Mautz of

Brownlee Dam in Hell's Canyon. There are two grandchildren; Laurie Dart and Shawn Mautz.

Glen Cattron died at Boise, Idaho in March 1956. He is buried in Dry Creek Cemetery. Wanda lives at Meridian, Idaho with her daughter, Norma. She has worked for the State of Idaho for 21 years. She enjoys traveling, working in the yard and garden, and attending 4-H activities with her granddaughter and friends.

The entire family spends as much time at the Prairie on the Ireland Ranch as their busy schedule will allow.

FRANK CLARKE

Frank Clarke, 88, Glenns Ferry, a well known Idaho artist, died Saturday at a Mountain Home hospital. Services are scheduled at 2 P.M. Tuesday at Smith Chapel of Glenns Ferry with interment at Glenrest. The Reverend Stuart Olbrich, pastor of the Mountain Home First Congregation Church will officiate.

Mr. Clarke was born May 17, 1885 at Big Pine, California. He came to Idaho at age four. He studied three years at the Chicago Art Institute. He became known throughout the West for his sagebrush carvings and sagebrush plaques. He taught art classes and operated the Northwestern Gem and Gift Shop in Glenns Ferry for a number of years. He was known also for his work in placement of markers on the old Oregon Trail and on other historical roads.

He was married to Jessica Davenport, who survives, in 1925 at Lewiston. He is also survived by a son, Howard, Antioch, California; a sister, Mrs. Elizabeth McWhirter, Seattle; a brother, I.H. Clarke, Lake Grove, Oregon; two grandsons and many nieces and nephews.

The family suggests memorials to the Three Island Park Museum.

By his own words, Mr. Clarke admits to only about three years of formal schooling in a most interesting life which embraced mining, carpentering, house painting, operation of a Rock Shop and completion of scores of Indian art studies in oil and pastels. He has lived in true pioneer times on the Camas Prairie, in the St. Anthony-Rexburg area, and then in the Glenns Ferry-Mountain Home region. Aside from three years in the study of formal art in Chicago, his training in all fields has been, as early settlers said, in the school of hard knocks.

Since his early teens, when his father decided he was old enough to leave the family fold and shift for himself, he has been on his own. He married late in life to "a fine woman, my junior" and has had "45 years of happiness." Unable to have children, he and his wife, Jessie, adopted a boy who, as Howard Clarke, is now an official with the Pacific Gas and Electric Company in Oakland, California.

Mr. Clarke, who observed his 87th birthday on May 17, 1972, has traveled over nearly every foot of these trails either on horseback, in a motorized vehicle or on foot. Because of this, his knowledge has been sought by many writers of history, by many visitors to Idaho and also by officials of the Idaho Historical Society.

The establishment of the Three Island Park in 1971 came about largely because of the efforts and the dreams of Mr. Clarke. His knowledge of the Three Island Ford of Snake

The cabin across from Black Warrior Creek on  Boise River built by Earnest Cattron.

They spent the winter of 1934 on the Island but as soon as spring came, Earnest

RE: Snake River Basin Adjudication (SRBA)
Notice of Claim to a Water Right No. **A63-26382**

Dear Mr. and Mrs. Liddiard,

This office is preparing a recommendation to the SRBA court for the above-referenced water right claim. A report that summarizes the claim is enclosed with this letter.

During the field exam at the property on September 26, 2001, I spoke with your son, Mr. Edward Liddiard, about the requirement for documentation that supports the claimed priority date. Your water right claim is based on "beneficial use," and has not been previously verified by the Department of Water Resources. The Department is required to gather evidence that supports the claimed priority date (the date water was first put to beneficial use.) A pamphlet entitled "Evidence of Priority" is enclosed to address questions you may have about this requirement.

Please submit the requested documentation by **January 11, 2002**. If no documentation of the claimed priority date is received, your claim to a water right may not be recommended to the SRBA court for decree. This may jeopardize your use of the water right.

If you have any questions or concerns please do not hesitate to contact me at the address or telephone number shown at the top of this letter.

Sincerely,

Maria Minicucci

Sr. Water Agent

Re: Claim No(s). 63-216382

Dear Claimant(s):

In the past, you submitted the above referenced claim(s) in the Snake River Basin Adjudication. Enclosed is a computer generated print-out of the claim(s) for your reference only; this print-out is **NOT** to be returned or re-filed. You have indicated when this claim was filed that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by the historical use of water for a beneficial purpose, dating back to the time the water was first used, this date being the "**Priority Date**" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water. Any other claims you may have filed, that are not listed above, do not require evidence of priority be submitted at this time.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary along with examples of types of evidence that can be submitted to fulfill this requirement. If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the Court for decree. This could jeopardize your water use under this right(s), if water availability problems arise in the future. It is our goal to decree the historical water rights within the Snake River Basin as accurately as possible. Field exams to verify claims in this area are now being conducted by Department personnel. Please contact this office as soon as possible to schedule a field exam appointment convenient for you.

The required evidence supporting the priority date(s) must be submitted by **October 15, 2001**, referencing all documents with the corresponding claim number(s). If you have any questions not covered by this letter, or the enclosed pamphlet, please call the Western Region office shown above.

☒ Water Right for domestic Spring and ☐ Water Right for Mining Usage.
Identify water right(s) for which extension is requested

State why an extension of time is requested explaining how a diligent effort has been made to meet the deadline:

In reference to my telephone conversation with Linda Werner, Sr. Water Resources Agent for State of Idaho, on or about the 6th of January, 1992, I asked Ms. Werner if the computer record indicated any reference to me having been notified of any water rights information, pertaining to Civil No. 39576, in reference to the General Adjudication of Rights to the use of Water from the Snake River Basin Water System. She told me she had no record of same. I never did received any paper work regarding filing for water rights on the Boise River drainage, which was originally due May 19, 1989. Therefore, I feel I should not be charged with a late filing fee for water rights.
