HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

INSTRUCTIONS

This form has been prepared to assist new owners of property to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. Section 42-248 requires certain property holders to notify the Department of Water Resources (IDWR) of any change in mailing address or ownership of all or part of a water right record on file with IDWR. Section 42-1409(6) provides that new property owners must notify IDWR of any change in ownership of a water right during an adjudication of water rights. Required claims may be filed by a new owner.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, the seller should be able to provide you with the water right or adjudication claim number(s). Please enter these number(s) at **Item 1**. If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If claims for the rights are required, and have not been filed, IDWR will so advise you.
2. The information described at **Item 2** is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. Do not obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner of the water right and/or adjudication claim at **Item 3**.
4. The name, mailing address, and telephone number of the new owner(s) is entered at **Item 4**. Please indicate the relationship between multiple owners by using the connector 'and', 'or', or 'and/or'. If an 'and' is used, all parties must sign this form. If an 'and/or' or 'or' is used, all parties may sign. However, only one of the named parties is required to sign.
5. At **Item 5**, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.
6. You may be purchasing only a portion of the total water right held by the seller. This means the water right held by the seller may be "split" to provide your share of the right in question. Be sure to include a description of the portion of the water right you have purchased at **Item 6**.

Please provide as much detail as possible concerning your water right: include the number of homes, irrigated acreage if more than 1/2 acre is irrigated, type and number of stock if your right is for stockwater, etc. In the absence of information to the contrary, IDWR will assume the intent is to split the rights *proportionately*.

7. The new owner(s) must sign the form in the space(s) provided at **Item 7**. Corporations and other organizations must submit a list of directors or officers demonstrating the authority of the director or officer to sign the form.
8. There is no filing fee. When complete, you should retain a copy and return the original of the form to the IDWR office nearest you:

RE: Snake River Basin Adjudication (SRBA)
Canyon County - Notice of Claim #A63-29712

Dear Mrs. Cromwell:

We are forwarding to you a data-entered copy of the claim you filed in the Snake River Basin Adjudication.

We have interpreted the data from this claim in the process of data entry in a manner which we feel more accurately reflects the true status of this water right. The items that were modified are highlighted. Please review the enclosed claim to assure that these modifications are in agreement with this water right.

If you believe our data is incorrect, and you wish to make any changes to this Notice of Claim, initial the changes before signing the form, have your signature notarized, and return it to this office within 30 days.

If you believe the modifications are correct, you may retain this copy of your claim for your records.

Please feel free to contact this office if you have any questions.

Sincerely,

Department of Water Resources

Dear Claimant(s):

This office is presently processing the Notice of Claim(s) to a Water Right you submitted during the Snake River Basin Adjudication claims filing in your area. However, due to the items checked below, we cannot continue to process this claim(s). We are returning the claim(s) to you to complete only the following item(s) showing a checkmark in the blank for that item(s). Receipt No. W011063 in the amount of \$25⁰⁰ for the filing fee previously submitted is also enclosed.

_____ Fee - No fee received or inadequate fee received, fee due is _____.
(Filing fees, based on use(s) of water, were due on all claims filed)

_____ Late Notice of Claim - This claim was received on _____ which is after the deadline for filing claims in _____ County. The deadline for this County was _____, and the late fee now due is _____. The enclosed Late Fee Notice explains the late fee and how it is computed.

_____ Item No. 2 - Date of priority - month/day/year that water was first put to use, regardless of ownership. If month or day is unknown, the Dept. will recommend 12/31 of the year designated.

_____ Item No. 3 - Source of Water

_____ Item No. 4 - Point of Diversion - must be shown by quarter-quarter (40 acre tract), section, township and range, except for spring sources which should be shown by quarter-quarter-quarter (10 acre tract), section, township and range. Lot and block for a subdivision are not acceptable as the legal description for the point of diversion, however, please include this information in the remarks section of your claim. See page two of this letter for additional information.

☒ Item No. 6 - Uses of Water

_____ Item No. 9 - Non-Irrigation Uses

_____ Item No. 10 - Place of Use - must be listed by quarter-quarter (40 acre tract), section, township, and range. Lot and block for subdivision are not acceptable as the legal description for the place of use, however, please include this information in the remarks section of your claim. See page two of this letter for additional information.

_____ Item No. 12 - Ownership of place of use.

MICROFILMED

AUG 03 1994

Item No. 15 - Basis of Claim - Please designate if your water right is based on beneficial use of the water - Beneficial Use, or if it is based upon a previously filed water right - Posted Notice, License, Permit or Decree.

✓ Item No. 16 - Signature - this claim form does require your signature be affixed and notarized by a notary public. Note, the notary public signs below the signature blocks listed in this item.

MAP ENCLOSED: Please mark the location of the well(s) and the location of the place(s) of use on this map. Then return the map with your claim and the additional information requested, if any. We can then determine the quarter-quarter(1/41/4) legal description based on the locations marked on this map.

✓ Other: A typical domestic use (which can include up to 1/2 acre of lawn and/or garden irrigation) has a diversion rate of 0.04 cfs. You may measure the flow in gallons per minute and convert to cfs by multiplying gpm by 0.00225.

Please complete the above item(s) on your claim form(s), initial and date any changes or additions, and return the claim(s), with the requested fee(if one is required above), to our office within 30 days from the date of this letter. If the claim(s), or fee requested, is not received within this 30-day period, the claim(s) will be rejected and your fee, if one was paid previously, will be refunded. Please contact our office listed in the address below, within the 30 day time period, either in writing or by phone, to let us know if there is a problem returning the claim(s), or fee, in order to keep this claim(s) valid. If the claim(s) is rejected and fee refunded, due to no response within the 30-days, the claim(s) can be resubmitted up until claims in this area are prepared for court decree. However, at that time the corrected claim(s) along with the regular filing fee that was refunded, and an additional late fee will be required. Please return your claim(s), any information needed, and the fee requested, if any, to the Department of Water Resources, Western Region Office, 2735 Airport Way, Boise, ID 83705.

Feel free to contact this office if you have any questions concerning this letter.

Sincerely,
