HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

RE: Notice of SRBA Claims to Water Rights Submitted by Settlers
Irrigation District

Scott L. Campbell
ELAM & BURKE
P.O. Box 1539
Boise, ID 83701

Dear Mr. Campbell:

We have completed our initial review of the claims submitted by Settlers Irrigation District. During this review of the claims, we encountered several problems which must be clarified &/or addressed before we can process the information.

The claims submitted on Rights A63-00161Q, A63-00161J, A63-00170A and A63-00169A refer to Water Right Transfers Nos. 737, 712, 736 and 871 respectively. We cannot data enter these claims until we receive further information in regard to the place of use for these rights, so we are returning the original claims to you with this letter. Although the transfers attached to the claims identify legal descriptions of the place of use, they are not specific enough. We must have the number of irrigated acres in each 40-acre tract identified on the claims. To aid you and your clients in completing this, I have attached an ortho-photo quad to each of these claims which I have marked the place of use identified on the transfer for your convenience. Please mark the number of acres in each 40-acre tract on the ortho-photo quads and return the claims and quads to me.

I found that Claim Nos. A63-00161AN, A63-00161A, A63-00161AC, A63-00161BA, A63-00161T, A63-00198A and A63-22227 have been data entered with information contained on the transfer attachments. In reviewing these claims I believe that we need to confirm that the place of use has been accurately described. Copies of these claims and corresponding ortho-photo quads with the place of use marked are enclosed for your review. If you find that the legal descriptions are not correct, amended claims will need to be submitted.

APR 1 1994
APR 27 1994

Enclosed for your files are the yellow copies of Notice of Claims to Water Right Nos. A63-00230 (amended by Settler's Irrigation District on March 18, 1992 to include 200 additional acres; and then renumbered to A63-00230F pursuant to our water right records), and A63-00231. Also enclosed are data entered copies of these claims. I am wondering if Claim A63-00231 should also be amended to include the 200 acres added to A63-00230F. If so, please advise me and I will prepare an amended claim for your convenience.

In reviewing Claims A63-00230F and A63-00231, along with other claims submitted on the original rights, I have found that the claims are in excess of the original decreed amount. Right 63-00230 was decreed for 99.06 cfs and was then split into parts by transfers of portions of the right. Right 63-00231 was decreed for 73.44 cfs and was then split into parts. The claims will be scrutinized when we conduct our field review to avoid showing an expansion of the decreed amounts.

We have received a claim, which we numbered A63-22192 (evidenced by Transfer No. 50), which is a combination of Rights 63-00230C (priority of 10/17/1884) and 63-00231C (priority of 6/1/1891), and a claim which we numbered A63-27516 (evidenced by Transfer No. 45) which is a combination of Rights 63-00230B and 63-00231B. Be advised that since these rights have been combined on one claim form the priority date may be advanced to the priority of the latter of the two rights (6/1/1891).

Enclosed are Claim Nos. A63-03614, A63-03618, and A63-05262 which are for storage of water within federal facilities. The original water rights are in the name of the U.S. Dept. of Interior, Bureau of Reclamation. Claims for these rights have been submitted by the Bureau of Reclamation, resulting in duplicate filings. As you can see, these claims are not included in the breakdown of the fees previously submitted and will require filing fees if pursued.

I did not locate a SRBA claim on Right 63-00287 (old number 85-A) which is for 36" of water to be delivered through Settlers Canal. I have included a listing of the current water right record for your information. A claim should be submitted if Settlers delivers this 36" of water through their system.

Enclosed is a breakdown of the fees submitted under Receipt No. C011305 as shown in our records. Please note that we have not received the correct filing fees for Settler's claims. I have found that some of the claims submitted are for irrigation of lands that are not included under the land list on Claim A63-00230F. Based on review of the claims that I could complete an overlap review on, the filing fees due are \$294.00. There are several claims (as discussed in paragraph 2) that I could not determine if the lands were previously paid for or not. I have also enclosed a summary to show where the additional fees are required.

It would be very helpful for our review of these claims if Settlers would submit a map showing all of the lands currently receiving water

from their system. We have found using ortho-photo quads for platting this information is helpful.

Please complete the above items, **initial and date any changes or additions** to the claim forms, and return them, with the requested fee, to our office. We will begin our field review of Basin 63 at the end of this summer and these claims need to be in our computer system by then. If you need help in completing the items identified or have any questions concerning this letter, please feel free to contact me. I would be happy to meet with you and/or board members from Settlers, if you would like to call and set up an appointment.

Sincerely,

KAY WALKER
