NAME AND ADDRESS: VERLAN A MACE
1552 MACE RD
EAGLE ID 83616

DORIS F MACE
1522 MACE RD
EAGLE ID 83616

SOURCE: BOISE RIVER

TRIBUTARY: SNAKE RIVER

QUANTITY: 1.600 CFS

This right shall receive 100 percent of its decreed quantity until the natural flow of the waters of the Boise River shall decrease so that all rights containing this condition cannot receive 100 percent of their decreed quantities, at which time this right and the other rights containing this condition shall first be cut to 75 percent of their decreed quantities, as the natural flow of the river decreases, beginning with the latest rights containing this condition and proceeding to the earliest rights containing this condition in the order of their priority dates, and after all of the rights containing this condition shall have been reduced to 75 percent of their decreed quantities, should the natural flow of the waters of the river decrease below the amount necessary to supply 75 percent of those decreed quantities, then this right and the other rights containing this condition, beginning with the latest and proceeding to the earliest, shall be reduced to 60 percent of their decreed quantities.

PRIORITY DATE: 05/01/1909

Pursuant to a call in times of scarcity, this right is senior to Right Nos. 63-297, 63-372, 63-301, 63-294, 63-296, 63-298, 63-295 and 63-373 and any future splits of these rights.

POINT OF DIVERSION: T04N R01E S17 SENE Lot 8 Within ADA County

T04N R01E S18 SENE 40.0

80 ACRES TOTAL

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Decreed

Use of this right is combined with water from Mace Catlin Ditch Co.

This right is also designated as Right No. 137 in the Boise River Stewart Decree and Boise River Water Distribution Report.

63-300 – 4-1-1914

63-374 – 7-9-1914

Idaho, as ordered by the judge of this court, which notice contained the title of this court and of this cause and the name of the stream, to wit, the Boise river, in whose waters the plaintiff claims an interest, with the date of priority so claimed by him, and the date and short title of the decree heretofore entered in this court fixing the permanent rights in the waters of the said Boise river; that the time fixed by the judge of this court for the publication of said notice in his said order had expired and no interested party or anyone else has appeared and defended against the right claimed by the plaintiff;

3. That the allegations of the complaint are true and in particular that water from the Boise river in an amount sufficient for the irrigation of the land hereinafter described measured under a 4-inch pressure at its point of diversion from said stream was appropriated by the plaintiff and his predecessors in interest and by means of dams and ditches was diverted and used in the irrigation of the land hereinafter described, beginning on or about the 1st day of May, 1909, and continuously during the irrigation season since the date of the appropriation said water has been so used on said land and said amount is actually necessary to be used in the irrigation thereof:

NOW, THEREFORE, On motion of Messrs. Oppenheim & Bengert, ^{Benjamin P. Wavering}
IT IS ORDERED, ADJUDGED AND DECREED, That the plaintiff do, and he hereby is, awarded the use of the waters of the Boise river to the amount of ⁶²~~4.76~~ ^{rw} inches measured under a 4-inch pressure at its point of diversion from said stream as of priority date of May 1, 1909, for use upon the following described land in Ada county, state of Idaho, to wit: The south half (32) of the northeast quarter (NE¹) of section eighteen (18), township four (4) north, range one (1) east, Boise meridian, containing eighty (80) acres.

REFERENCE SERIES

EAGLE ISLAND DITCHES

Number 507

1974

1. Mace Catlin Ditch. Begins on south bank of Boise River in Lot 5, Section 17, T4N, R1E, and runs through Sections, 13, 17, 18, 19, and 24 in T4N, R1E, for a distance of 3.5 miles. The ditch was constructed in 1864 by T. C. Catlin, J. E. Wood, J. C. Wilson, G. W. Paul, C. R. Barnes, John Johnson, and M. M. Johnson. As originally built, the ditch measured two-and-one-half feet in width and eighteen inches in depth. In 1864, 150 inches of water was diverted through the ditch. It was enlarged annually until 1872. From 1872 to 1905, the size of the ditch remained at six feet on the bottom, ten feet at the top, and two feet deep. Also during this time, 500 inches of water were appropriated and diverted. Two headgates serve this ditch, one being three feet wide and eighteen inches deep and the other two-and-one-half feet wide and eighteen inches deep. Polette Mace and T. C. Catlin each irrigated about 350 acres from this ditch. In 1864, Catlin first utilized water from this ditch to raise forty acres of hay. In 1906, the ditch received water rights (4 and 51) of 536 inches.

2. Davis and Hart Ditch. Received water from a slough that connected with the Boise River. The headgate for the ditch is located in the NE 1/4 of Section 18, T4N, R1E. The ditch extends westerly through lands originally belonging to E. N. Hart, Mary G. Davis, and T. C. Catlin. These lands were located in the center of the NE 1/4 of Section 18, T4N, R1E, the SW corner of Section 13, T4N, R1W, lots 9, 10, 11, and 12 and the E 1/2, SE 1/4 of Section 14, T4N, R1W.

This ditch was constructed in 1863 by Edward N. Hart. It was enlarged in 1864, and again in 1865. In 1865, it measured six feet at the top and four feet on the bottom. Hart at this time appropriated and diverted twelve cubic feet of water under a four-inch pressure. The ditch irrigated 575 acres. In 1906, the Davis and Hart ditch received water rights (6, 57, and 58) of 165 inches.

3. Thomas Aiken Ditch. The Thomas Aiken Ditch begins in Section 16, T4N, R1E, about sixty rods from the west line of said Section 16 and near its southern line. In 1876, Thomas Aiken filed on 250 acres in section 17, T4N, R1E. The same year he

built the ditch and appropriated 500 inches of water. The ditch extended through a portion of William H. Conway's land and Aiken's land for a distance of one-and one-quarter miles. Conway used some of the water but the majority went toward irrigating Aiken's property. In 1876, Aiken had forty acres in cultivation. He cut sixty tons of hay and raised some grain. In 1906, the ditch received the water right (63) for 260 inches.

4. Conway-Hamming Ditch. This ditch originated on the land of W. J. Hamming that was situated in Section 21, T4N, R1E. This land was originally owned by Lewis and Goff, who occupied it in 1864. They built a ditch, but it remained vacant when property was sold to Gabe Newman in 1870. Newman built a new ditch that same year. In 1877, Thomas Aiken extended and enlarged the Conway-Hamming Ditch to run through his land and Conway's property. In 1885, the ditch was enlarged by Lewis McShane and a Mr. Cobb. After this work was finished, the ditch measured four feet on the bottom, was a foot deep, and would carry 200 inches of water. When Gabe Newman died in 1891, T. C. Catlin bought up his land. Catlin in turn sold the 180 acres to Frank Short, who in 1904 relinquished his title to W. J. Hamming. Luther McShane and Thomas Aiken were the original owners of the 148 and 48/100 acres owned by William Conway. Conway purchased his property on October 1, 1891, from Jack Vincent, who had bought McShane and Aiken on January 1, 1891. However, Aiken kept a portion of his water right, which he sold to Conway in 1900. By 1905, the ditch measured four feet on the bottom, six feet at the top, two feet in depth, and about one mile in length. In 1906, the ditch received water rights (48, 64, and 118) of 285 inches.
