STATE OF IDAHO
DEPARTMENT OF WATER ADMINISTRATION
Section 42-225a, Idaho Code

CLAIM TO A WATER RIGHT

Under the provisions of Section 42-225a, Idaho Code, a person may file a claim to a right to use water which has been established by diversion and application to beneficial use. **The filing of this claim does not confirm the water right but will serve for information purposes only.** It may, however, become the basis for future adjudication of the water right by the Court.

Notice is hereby given that Dale B. &/or Mildred J. Tomkinson
(name of claimant)
of Rt. #1, Boise, Idaho
(mailing address), claims a right to the diversion and beneficial use of
ground water or surface water tributary to Boise River;

The extent and nature of said claim is as follows:

- (1) Describe source of water: (name of stream, lake, spring, etc., or ground water) Dry Creek
- (2) Describe the purpose for which the water has been used and the time during the year when you have used the right claimed:
- | | | |
|--------------------|----------------------------|--|
| Amount <u>1.12</u> | Use <u>Irrigation</u> | Period of Use: From <u>April 1</u> To <u>Oct. 31</u> |
| Amount _____ | Use _____ | Period of Use: From _____ To _____ |
| Amount _____ | Use _____ | Period of Use: From _____ To _____ |
| (cfs, gpm or a/f) | (dom., irri., stock, etc.) | (both dates inclusive) |
- (3) Total quantity of water claimed: 1.12 cubic feet per second, or _____ acre feet per annum, and/or _____ gallons per minute.
- (4) Priority claimed: (the date water was first applied to beneficial use) 1916

A claim is not acceptable on a ground-water source with a priority later than March 25, 1963 or on a surface-water source with a priority later than May 20, 1971. An exception to this rule is that a claim may be filed on domestic use from a ground-water source.

- (5) A) Point of diversion: (give location of point where water is diverted from its source)
NW 1/4 Sec. 33 Twp. 5N Rge. 1 E B. M. County of Ada
Additional points of diversion: _____

B) Describe means of diversion of water: (pump and pipeline, well, diversion dam, reservoir, length of ditch and field, etc.) Give sizes and capacities: be as specific as possible. Diversion dam, ditch 3' x 1 1/2'.

- (6) A) Describe location of use by listing number of irrigated acres within each 40-acre tract in appropriate box. If use is not for irrigation, place an "X" in appropriate box to show location.

Charlotte purchased her property from Tommy Tomkinson. Tommy Tomkinson said they had more than enough water. He said that Dry creek water was used since before he bought it in 1963. He bought it from Mr Gibbens who owned about 160+ acres by Brookside and subdivided it. Tommy bought it in about 1963. The original dam that Gibbens and Stilwell built had broke and replaced it where it is now.

Tommy T said the water had gone with the land since early in the 1900s.

Charlotte remembers reading deeds that stated that Ruth Weishaupt bought the property in the early 1950s and gave the prior property owners [Tomkinson, Gibbens, Stilwells] the right to put the dam on her property and granted an easement.

Charlotte Snow has talked to Helen Weishaupt, the Stilwells in 1995 looking at damage to dam. Helen and the stilwells were reminiscing about the water. They said that originally, only 3 people owned the Dry Creek Valley and these old timers diverting from Dry Creek. All the flat land [property that is now Weishaupt, Snow, Copton, Roark, Ickus/ Stilwells] was owned by these 3 parties and Charlotte was told that her land was a part of this property that has always been irrigated from Dry Creek.

To whom it may concern:

I, Gordon Harris, who lived at 13103 Horseshoe Bend Road, bought this property in April of 1983. At that time, I was assured we had water rights over 100 years old out of Dry Creek. (I may still have the paperwork that states that.) There was year-round water available up until about 1999 after Hidden Springs Subdivision was established. I protested this to the Snake River water resources. After Hidden Springs went in, Dry Creek dried up every year about mid August. I sold my property below market due to this shortage. I was told that it didn't matter how old our water rights were – upstream people had precedence. This is not right.

At the same time I know Charlotte and Ray Snow, who lived at 3744 Brookside Lane, were farming their approximately 34 acres with water from Dry Creek, by use of the concrete dam in Dry Creek, from late 1988 until I moved.

Sincerely,

A handwritten signature in black ink, appearing to read "Gordon Harris", written in a cursive style.

I, Glenn W. Stillwell, used to own and reside at property now known as MaryGlenn Subdivision located between Highway 55 and Dry Creek from 1948 to the mid to late 1970s. On or around 1960, Mr. Gibens, Mr. Yeager, Soil Conservation, and I, paid to have a dam installed on Dry Creek to store water for irrigation purposes. Approximately 1963, Tommy Tomkinson purchased Mr. Gibens' property, which became 3744 N. Brookside Lane. I can attest that Mr. Gibens and then Tommy Tomkinson irrigated this property for agricultural purposes with water from the Dry Creek dam from the time the dam was constructed until I sold and left my property in the mid-to-late 1970s.

RE: SRBA Claim No. 63-4247

Dear Charlotte,

This letter is to memorialize the information I left you in a telephone message this morning regarding the SRBA claim referenced above. It is imperative that you submit the information that we requested of you in 2002. If I do not received all information by August 26, 2005, I will not have time to change your recommendation from disallowed to allowed before the Director's Report is submitted to the SRBA Court. If you wish to pursue the Dry Creek claim after that date, you will have to file an objection with the SRBA Court.

The information to which I am referring is the amended claim prepared for you by Ron Howerton, a change of ownership form with supporting documentation to change the ownership of the right to you, and evidence of priority for the 1916 priority date. This information was requested of you via correspondence from Ron Howerton on December 3, 2002.

If you no longer have these forms and need copies, or if you have additional questions, please call me immediately at 334-2190.

Re: Application for Extension of Time to Avoid Forfeiture, Right 63-4247

Dear Mrs. Snow:

We received your application for extension of time to avoid forfeiture November 27, 2002. Before we can process and/or approve the request, we must first verify that your portion of the right is valid. Ron Howerton sent a letter to you December 3, 2002, asking for additional information that the Department needed for the verification process regarding claim 63-4247. I have enclosed a copy of this letter for your information. Please respond to the items requested in the letter within the next 30 days from the date of this letter. If you fail to respond by March 10, 2003, your application for permit to avoid forfeiture will be voided and returned.

Please contact me if you have any questions.

Sincerely,

- d. Date of change: we need to have in writing an approximate date for the change(s) for the added place of use and the different point of diversion. If you believe it has never changed, please note that in writing for the records.
- e. Excessive flows: Gary Spackman & I explained that claim to right 63-4247 was claimed in excess of the Departments standard inch (0.02 CFS or 9 gallons per minute) per acre. The normal flow for this right if the numbers of irrigated acres are 33; (33 acres X 0.02 CFS) = 0.66 CFS or 297 gallons per minute. Enclosed is an instruction flow rate questionnaire that you will need to complete if you want to exercise your right to show proof that your irrigated lands need more than an inch per acre. These provided figures are subject to our review. Uncompleted forms may be returned for needed or additional information not provided. If you do not want to fill out the excessive flow form, please draw a line (on the amended claim enclosed) through 4.12 under CFS items 6 & 7 and replace it with the standard CFS of 0.66 CFS. Then, please initial and date next to these or any changes.
- f. If you plan to sell portions of any of the property described in these rights, it will be most important to complete items "a"-"e" ASAP! New possible ownerships will be based upon your claims and what you information you provide at this time. Many of the elements for these claims will be prorated based upon your information. All information provided will later also be subject to a field exam and in-office review.

APPLICATION FOR PERMIT

2. 63-12227:

- a. Assignment of Application for Permit: this permit is personal property. In order to remove or change an owner, for the ownership of this application, all parties listed on the application must complete the enclosed assignment form.
- b. Please note that a notary's signature is required for the form. When this form is returned with all the required information, the Water Allocation's Section will process the change, not the Adjudication section.

Dear Charlotte,

After our meeting on November 27, 2002 I have prepared several items to help you through for updating, correcting and/or clarifying your water right records. I will attempt to put down those issues/steps/paths in order for you to proceed at this time... Charlotte, I apologize for the perceptible amount of information you will need to provide. If you have questions about this letter, then please call me at 334-2190 ASAP. It is highly important that you respond and take action to have your water rights in order.

ADJUDICATION CLAIMS

1. 63-4247 & 63-7163:

- a. Amended claim; I have prepared a temporary amended claim (63-4247) and draft map for your review. If you agree with the information on this amended claim and on the map, please return the original signed Notice of Claim to my attention with your signature and with the required notary's signature and seal. Please keep the map for your records. You may change an item on this printout by following the underlined instructions under item "e."
- b. Ownership changes; I have enclosed the departments form 42-248/42-1409(6) "Notice of change in water right ownership." These claims were in both your name and Leon's. Since you wrote on IDWR's "Request for Extension Time" that you have recently gone through divorce. You will need to show proof that you retained the property that is appurtenant to these claims. Instructions provided. There is no ownership change fee at this time for SRBA claims under review.
- c. Proof of date of priority; I sent with you on Wednesday an evidence of priority packet. If we receive this information prior to any possible sell of your property, the possible "new owners" may not need to send in proof, this may save those folks from contacting you in the future about this issue. Most statutory claims have never been investigated by IDWR and without evidence of priority no recommendations can be made for these types of claims. Your licensed right 63-7163 has had its date of priority determined by IDWR and doesn't require proof.

Re: Application for Extension of Time to Avoid Forfeiture, Right 63-4247

Dear Mrs. Snow:

We received your application for extension of time to avoid forfeiture November 27, 2002. Before we can process and/or approve the request, we must first verify that your portion of the right is valid. Ron Howerton sent a letter to you December 3, 2002, asking for additional information that the Department needed for the verification process regarding claim 63-4247. I have enclosed a copy of this letter for your information. Please respond to the items requested in the letter within the next 30 days from the date of this letter. If you fail to respond by March 10, 2003, your application for permit to avoid forfeiture will be voided and returned.

Please contact me if you have any questions.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Lori Graves', is written over a horizontal line.

IF owner or subcontractor is present, tell them:

*- She wants to accompany you
on exam - call her to get app.*

Mail - 20RM 1 - need the amended claim, change of ownership and evidence of priority
ASAP. The amended claim and change of ownership forms were sent to her in 2003.

2 - when did the POD change? *Log Dam 1968?*

Will you please verify the following?

1 - Verify acres irrigated. Are they also irrigated by groundwater? *NO*

2 - take Dry Creek ditch measurements and get pump information. Calculate
flow and describe the delivery system.

3 - gps POD and locate on map.

Thanks.

NARRATIVE/REMARKS/COMMENTS

Charlotte would like a copy of Amended claim form change of ownership & Evidence of Priority mailed to her. It is her understanding the (P.O.D. changed in 1968?) There ARE NO Diversion from DRY CREEK until the structure has been repaired & Charlotte said the Neighbor Lady would not allow the concrete trucks across her property. Charlotte says she has the right to irrigate 400 Acres from her domestic well & none of the rest of the property is irrigated by ground water. She is trying to sell all but 7.85 Acres around the house see 1987 NAPP photo marked approximately

FLOW CALCULATIONS

_____ Additional Computation Sheets Attached

Measured Method:

VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

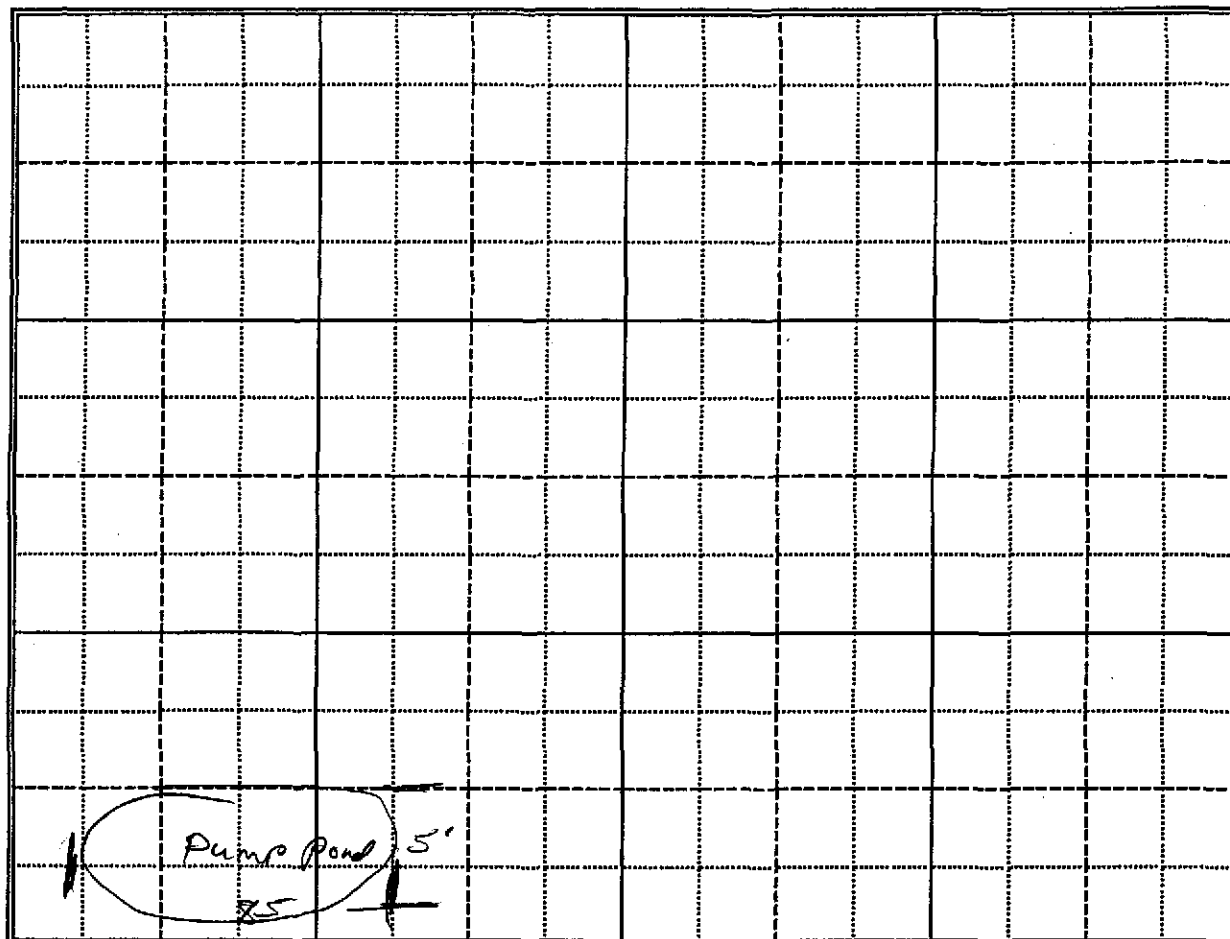

$$V_{I.R.} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = \underline{\hspace{10em}}$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = \underline{\hspace{10em}}$$

$$V = \text{Smaller of } V_{I.R.} \text{ and } V_{D.R.} = \underline{\hspace{10em}}$$

2. Volume Calculations for Other Uses:
