Re: Water Right Claim No. 63-4251
SNAKE RIVER BASIN ADJUDICATION

Dear Mr. Centers:

As a Deputy Attorney General representing the Idaho Department of Water Resources (IDWR) in the Snake River Basin Water Rights Adjudication (SRBA), I am writing to alert you that it is very important for you to contact IDWR immediately about your water right claim.

IDWR presently is investigating your claim in preparation for filing a recommendation of it with the SRBA Court. IDWR needs additional information from you before it can recommend the claim. If it does not receive that information it may have to recommend to the Court that your claim be "disallowed," which in effect means that the Court would issue an order determining that your water right does not exist.

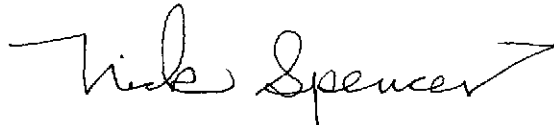

At this stage of the proceedings IDWR works informally with water right claimants to collect information and rectify any errors in its recommendations. However, once IDWR files its final recommendation of your water right with the Court, the SRBA becomes a formal court proceeding. While mechanisms are still in place in the Court to correct errors, those mechanisms are much more formal, cumbersome, and complicated. Accordingly, it behooves you to contact IDWR now to correct any errors or provide any additional information IDWR may need before IDWR prepares its final recommendation.

Therefore I ask you to contact Senior Water Resource Agent Vicky Music, the agent investigating your claim, as soon as possible, and by no later than

February 28, 2005, at IDWR's Western Region Office in Boise. Her telephone number is (208) 334-2190.

Thank you for your prompt attention to this matter.

Very truly yours,

A handwritten signature in black ink, appearing to read "Nick Spencer", with a long horizontal stroke extending to the right.

RE: EVIDENCE OF PRIORITY

Snake River Basin Claim No(s): A63-4251

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by January 21, 2005. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

Respectfully Submitted,

Vicky L. Music
Water Resource Agent
