

An aerial photograph showing a road intersection. The road runs diagonally from the top left to the bottom right. There are some handwritten blue ink notes on the image: 'p/d' near the bottom left and 'x p/c' near the top right. The surrounding area appears to be a mix of open land and some structures.

CONVERSATION MEMORANDUM

RE: Snake River Basin Adjudication Water Right No. A63-04346 & -04347

August 10, 2004

Mrs. M. Elizabeth Henry returned my call this morning. My main question was to ask her to describe the location of the two wells located on her properties on Bogart and on Sloan. I also wanted to know if she owns shares in an Irrigation District, if Clinton Gregory's parcel of land was once part of the original 63-4347 claim, and whether the correct mailing address should remain as 7374 N. Bogart or be changed to 8603 W. Sloan. Mrs. Henry, who has lived on the land located at Bogart and Sloan for approximately 60 years, verified that there are two separate wells for each home and parcel of land. She also described where each well is located in relation to what I could see on my ArcView computer screen. Mrs. Henry said that she still uses the wells for the purposes claimed and does own shares in Boise Valley Irrigation District Co. She also informed me that Clinton Gregory (Parcel No: R1318001010 – 7480 N. Bogart) has his own well (also drilled in the 1940s) and was not included in the original claim for 63-04347. Lastly, Mrs. Henry currently lives in the home located on W. Sloan and would like all future correspondence to be sent to: 8603 W. Sloan, Boise, 83714 (change in zip code). Therefore, I sent Mrs. Henry two Change In Address forms for each right.

RE: EVIDENCE OF PRIORITY

SNAKE RIVER BASIN CLAIM NO(S): A63-4346 & -4347

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of your priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by October 7, 2003. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.
