

An aerial photograph of a landscape, likely a wetland or marsh area, characterized by a mosaic of red, blue, and green colors. A green rectangular boundary is drawn on the image, enclosing a specific area. A small yellow dot is located within this green boundary. The image is divided into several sections by black lines, possibly representing property boundaries or survey lines. Two black circular marks are visible at the top of the image, likely from hole punches.

NARRATIVE/REMARKS/COMMENTS

2-22-05 Gary Crowell, son of Dora & Paul called to request more info on the evidence of priority letter. He said his mother is in her 80's and remembers that the well was put in right after her husband bought the property. Gary was very angry with the process but agreed to have his mother sign an affidavit and he would bring it in but it would be after the March 1 deadline on the letter. I told him that would be OK as long as it was fairly soon since the Preliminary Directors report was going out in April.

3-7-05 - No more information from Crowell so I advanced

the priority date to 1-1-1955 - the year the house was built until further information comes in.

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): 63-4660

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated printout of the claim(s) for your reference only, it is not necessary to return this printout or re-file it. You indicated, when these claims were filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Idaho Department of Water Resources (IDWR) since there is no decree, license, or permit on file to verify the use of this water. For this reason, IDWR is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future. The required evidence supporting the priority date(s) requested needs to be submitted by March 1, 2005.

Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

Sincerely,

Sandy Egbert
GIS Specialist

Enclosures: Notice of claim report for 63-4660 and "Evidence of Priority" brochure

NOTE: If you no longer own the property upon which this claim was filed, please contact this office immediately. Idaho State law requires that the Department be notified of a change of owner or address on a water right.

Re: Notice of Claim to a Water Right No. 63-4660

Dear Claimant(s):

Enclosed is your copy of the above referenced claim(s), in which you recently filed with the Department.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your water right. This claim has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you for your patience and cooperation. If you have any questions concerning the enclosed claim(s), please feel free to contact this office.

Sincerely,
