To Whom It May Concern;

I, Shelby Marcum, was living in the area of the Broadway LDS Church building and helped in the construction of it. Before the building was built, we raised corn and tomatoes on the vacant lot.

We used the well that had been in place to water the lawns after the building was built and it has been used for that purpose ever since the building was built. The building was completed in 1955 and has been remodeled several times, but the well remains in place and is still used.

I have lived in this area for 53 years and have not moved.

Sincerely,

Shelby Marcum

RE: EVIDENCE OF PRIORITY
Sanke River Basin Claim No.: 63-4714

Dear Susan Nash,

Attached is a letter I sent in February regarding evidence of priority for the above water right. As yet, I have not received anything to support the 1955 priority claimed. I did receive evidence of priority of another water right I sent so I assume this water right might have gotten missed.

We are very near the end of our review process of these water rights so we need that information as soon as possible so we can recommend this water right. Please submit evidence supporting the priority date as soon as possible.

Sincerely,

Sandy Egbert

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): 63-4714

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated printout of the claim(s) for your reference only, it is not necessary to return this printout or re-file it. You indicated, when these claims were filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Idaho Department of Water Resources (IDWR) since there is no decree, license, or permit on file to verify the use of this water. For this reason, IDWR is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future. The required evidence supporting the priority date(s) requested needs to be submitted by March 1, 2005.

Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

Sincerely,

Sandy Egbert
