Comments:1. kbrown 3/8/2005 **Removal of Irrigation Use**

Comment: Since evidence of priority was not submitted, I found that the house was built in 1972 (based on Ada Co. Assessors Land Records - Parcel No. S1234244200); which is in violation of the mandatory permit statute regulations. I also found the DHT-3DD-185 aerial photograph and it verified that the house was not in existence in 1964 (see file). Therefore, I am removing the claimed 2 acres of irrigation and recommending this as a domestic/stockwater claim with a priority date of 12/31/1972.

(If priority date, based on your exam, seems questionable, explain below.)

I have sent several letters to the Flynn's requesting evidence and nothing was submitted. Therefore I looked up the Ada Co. Assessor's land Records for Parcel No. 81234244200 and they show that the house was built in 1972; which is not acceptable based on the map mandatory permit statute. Just to double-check this, I also found DHT-3DD-1851 and verified that the house was not yet built in 1964 (see file).

RE: Snake River Basin Adjudication (SRBA) Claim No. A63-04867

Dear Mr. and Mrs. Flynn,

As you are aware, the Department of Water Resources, Western Region, is in the process of reviewing adjudication water right claims in your area. Although it is our goal to favorably recommend historic water rights, I have no choice but to recommend this claim as disallowed to the Snake River Basin Adjudication court.

Your adjudication claim is being recommended for disallowal because:

_____ 1.) No beneficial use was found.

_____ 2.) Ownership was not confirmed.

 X 3.) Other – After a letter requesting evidence of priority (last due date:

March 1, 2004), we have not received any documentation to substantiate the claimed priority date.

Respectfully Submitted,

Kimberly Brown

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-04867

*- resent to Blythe, CA

Dear Claimant(s),

In the past, Frederick Schade submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. Mr. Schade indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "What Kind of Evidence is Required" and "Some Examples of Documents Which May Be Evidence of the Priority Date."

If no evidence of your priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by March 1, 2004. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.
