HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

CONVERSATION MEMORANDUM

**RE: Snake River Basin Adjudication Water Right No. A63-4935
Notice of Error Reply**

August 3, 2005

When I spoke with Sandra Bodily on July 8th, 2005, I asked her to look at the *Notice of Error* information packet that Judy Enzminger received and then give me a call to discuss my recommendation and how she would like to change it. Mrs. Bodily understood that she had until July 15th to speak to me regarding this matter.

As of this date, I have not received a return call from Mrs. Bodily. Therefore, I am going to assume that they would request to have the remaining 4 acres added to the NESE, S23 (even though nothing was claimed in this quarter-quarter, most of the Bodily's land is located in this quarter-quarter). This change to my initial recommendation in response to the *Notice of Error Reply* is made as a place of use accomplished transfer.

CONVERSATION MEMORANDUM

**RE: Snake River Basin Adjudication Water Right No. A63-4935
Notice of Error Reply and Change in Water Right Ownership**

June 30, 2005

I left a message on Judy Enzminger's answering machine on June 28th after I received the *Notice of Error Reply* on June 22nd. I was able to speak with Mrs. Enzminger on June 30th. Mrs. Enzminger said that the Beagleys now own 5 acres, the Bodilys own 11 acres, and the Enzmingers own 11 acres. She could not understand why the 27 acres that were claimed were reduced, especially since "It's just wastewater!" I explained that approximately 10.5 acres were recommended for the Enzminger's land (taking their ½ acre out for domestic use) and she agreed that this amount was accurate and correct. Then I explained that what is reducing the amount of acres claimed is Beagley's land to the south since only the SENE, S23 was claimed. Therefore, only 1.5 acres were recommended of the Beagley's land in the SENE, S23 and they have approximately 7.16 acres in the NESE, S23 that was not claimed.

July 8, 2005

Judy Enzminger called and asked that I get a hold of Merlin Bodily (#888-1140) and Jeff Beagley, since their 16 acres are still in question. (She did agree that out of Beagley's 5 acres, 1 acre is too hard to irrigate.) I, therefore, called the Bodilys and spoke with Sandra Bodily (cell 870-8382). Mrs. Bodily said that she and Merlin bought all of the Beagley's land and now own 16 acres. When I tried to talk about the land that they own in the NESE and the SENE and what was claimed, Mrs. Bodily became confused; so I suggested that she look at the packet of information that Judy Enzminger received and then call me back.

E. NARRATIVE/REMARKS/COMMENTS

ON 3/23/04 I MET WITH JUDY ENZMINGER ONE OF THE OWNERS OF THE PUMPING SYSTEM FOR THIS RIGHT. SHE SHOWED ME THE POND WITH THE PARMA WATERLIFTER INSTALLED (SEE PHOTOS). SHE ALSO SHOWED ME THE FIELDS OWNED BY THE VARIOUS OWNERS, AND SHE SKETCHED THEM ON THE NAPP PHOTO. I QUESTION THE ACCURACY AND WILL ATTEMPT TO GET A BETTER PHOTO AND OUTLINE THE IRRIGATION SYSTEM FOR EACH PLACE. SHE TOLD ME THAT MERLIN BODILY & HAL BUNDOLSON HAD PURCHASED SOME OF JEFF BEAGLY'S PROPERTY. THIS NEEDS TO BE CLARIFIED AND PERHAPS SOME OWNERSHIP CHANGES NEED TO BE MADE.

I CALCULATED THE APPROXIMATE FLOW RATE FOR THE PARMA WATERLIFTER - THE PUMP PUMPS WATER APPROX 450' TO THE NORTH FOR ENZMINGER & BODILY & ABOUT 450' TO THE SOUTH FOR BEAGLY & BODILY SEE MAP. ESTIMATED FLOW RATE IS 752 GPM OR 1.67 CFS.
42R FLOW RATE 0.54 CFS

Have conditions of permit approval been met? ☐ yes ☐ no

F. FLOW CALCULATIONS

Additional Computation Sheets Attached

Measured Method:

THEORETICAL - PARMA WATERLIFT

ESTIMATE EFF = 40%

HP = 7 1/2

TDH = LIFT 4'

DISCH HEAD = 11.8

$$GPM = \frac{(7.5)(40)3960}{15.8} = 752$$

G. VOLUME CALCULATIONS

1. Volume Calculations for Irrigation:

$$V_{IR} = (\text{Acres Irrigated}) \times (\text{Irrigation Requirement}) = 27.0 \times 4.5 = 121.5 \text{ AF}$$

$$V_{D.R.} = [\text{Diversion Rate (cfs)}] \times (\text{Days in Irrigation Season}) \times 1.9835 = (1.67)(246)(1.9835) = 81.5$$

$$V = \text{Smaller of } V_{IR} \text{ and } V_{D.R.} = \frac{121.5 \text{ AF}}{0.54} = 223.5$$

2. Volume Calculations for Other Uses:

H. RECOMMENDATIONS

1. Recommended Amounts

Beneficial Use	Period of Use		Rate of Diversion Q (cfs)	Annual Volume V (afa)

RE: EVIDENCE OF PRIORITY

Snake River Basin Claim No(s): A63-04935

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement.

It is important that each element of the Notice of Claim be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future. Since it is our goal to decree the historical water rights within the Snake River Basin as accurately as possible, field exams are now being conducted by Department water resource agents to verify claims in this area.

The required evidence supporting the priority date(s) requested needs to be submitted by September 16, 2003. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above. In addition, please contact me at the Western Region office as soon as possible to set up a field exam.
