) FOR WATER RIGHT 63-05028

I. FINDINGS OF FACT

A notice of claim was filed for the above-captioned water right pursuant to I.C. § 42-1409. The Director of the State of Idaho Department of Water Resources (IDWR) examined the water system for this reporting area. The *Director's Report* contained a recommendation or abstract for the elements of this water right.

On April 21, 2006, the Edwards Family LLC, by and through its attorney Dana Hofstetter of Hofstetter Law Offices, LLC, filed an objection to the *Director's Report*, asserting that the water right does not authorize diversion of geothermal water from the Stewart Gulch Aquifer. On December 20, 2006, the parties the subcase filed a *Standard Form 5 – Stipulated Elements of a Water Right*, which resolved the objection. The Idaho Department of Water Resources concurred with the stipulation.

II. CONCLUSIONS OF LAW

Therefore based on the file and record herein and pursuant to the *Standard Forms 5*, IT IS RECOMMENDED that water right 63-05028 be decreed with the elements as set forth in the attached *Recommendations for Partial Decrees Pursuant to I.R.C.P. 54(b)*.

Re: SRBA Claim A63-5028

Dear Sir/Madam:

I am the Deputy Attorney General assigned to represent the Idaho Department of Water Resources in Basin 63 in the Snake River Basin Adjudication.

The Department of Water Resources has previously contacted you regarding information on the priority date for the above SRBA claim. In order to make a positive recommendation of this water right, each element of the water right must be proven.

The Department plans to issue its Preliminary Recommendations on this water right later this year. If the Department does not receive all the necessary evidence for this claim, it will have no option but to recommend to the SRBA Court that this water right be disallowed, meaning that the water right will not be valid.

Please contact Vicky Music at the Western Regional Office for the Idaho Department of Water Resources at (208) 334-2190. **If she does not hear from you by November 19, 2004, then your water right will be recommended as disallowed.**

Very truly yours,

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-5028

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of your priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by September 16, 2004. Additionally, please verify or correct the place of use and point of diversion of this right and return it to me with your evidence of priority. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

Respectfully Submitted,

Vicky L. Music
Water Resource Agent
Adjudication Bureau

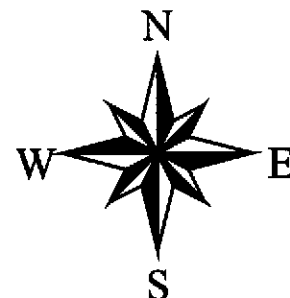

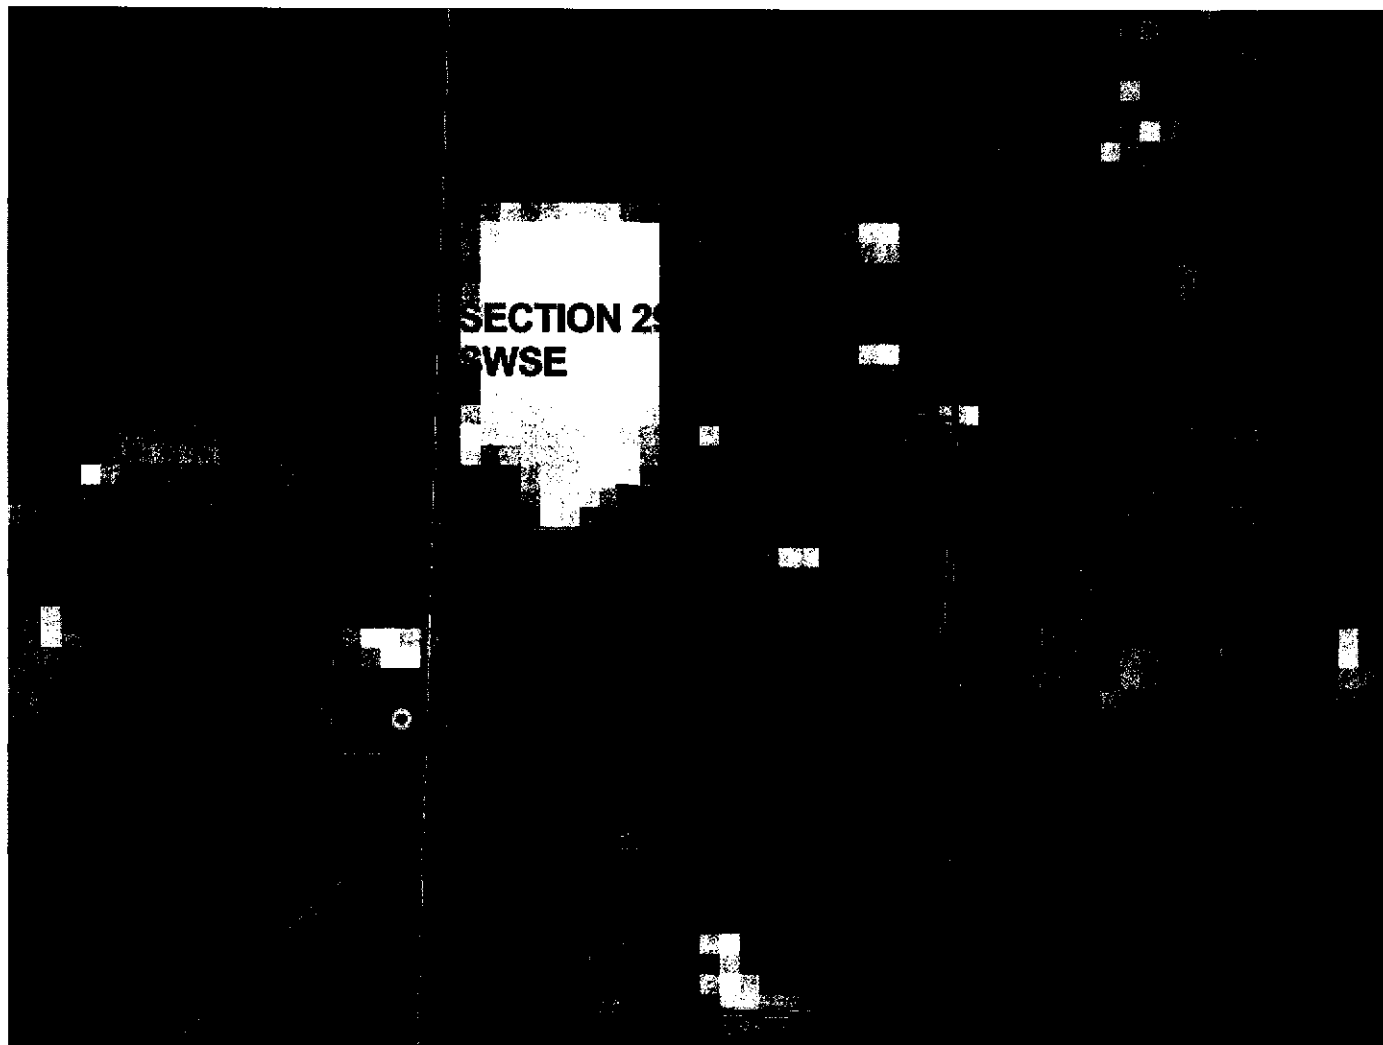

Enclosure: "Evidence of Priority" pamphlet
Notice of Claim Report A63-5028

NOTE: If you no longer own the property upon which this claim was filed, please contact this office immediately. Idaho State law requires that the Department be notified of a change of owner or address on a water right.

RE: Snake River Basin Adjudication SRBA
Claim #A63-05028 - Ada County

Dear Mr. Holsted:

I apologize for this, but I made an error when I had you sign the Adjudication Claim on Wednesday. Since the claim is in the name of the church, I need to have you sign the form as "Trustee".

I have reprinted to claim form with the correct "Organization" signature and I need to have you complete all the blocks and then sign the form, having your signature notarized.

Again, I apologize for this mistake. Please return the form to my attention. If it would be convenient for you, I would be happy to meet with you to take care of this matter. You may call me at 327-7900.

Sincerely,

Helen Harrington-Thornton
