This is a high-contrast, black and white aerial photograph mosaic. The image is composed of numerous small, rectangular photographic tiles arranged in a grid-like pattern. The landscape depicted includes a winding river or stream that flows from the upper left towards the center. The surrounding terrain is a mix of dark, textured areas, possibly forests or rough ground, and lighter, more uniform areas that appear to be agricultural fields or pastures. Some straight lines, likely roads or field boundaries, are visible across the mosaic. In the upper right corner, there is a white rectangular label with handwritten text.

07/24/1996: This license was issued for 40 acres in the ~~NE~~ NNNW. Based on the location of the ditch the NE portion of the NNNW was not irrigated at the time. It appears that everything on the SW side of the ditch was irrigated, leaving out the NE corner. However, 40 acres were licensed in the NNNW and ~~not~~ 40 acres are currently irrigated, so the full 40 will be recommended for that QQ. The SWNW appears to have a pond - 38 ASCS acres, recommended. The NENW has 15 acres SW of the ditch, but 16 acres were licensed. Since there are a total of 36 acres in the QQ currently irrigated 16 acres will be recommended under this claim.

NOTES:

07/25/1996: A portion of this right has been forfeited. The acreage in the SWNW is not a full 40 acres - there appears to be a pond located on the west side of the Q.R. Acreage based on 1987 ASCS map. License was probably overly generous in the NW1/4, but there are now 40 acres irrigated in that Q.R. The right has not been split. n.d.
