RE: Water Right 63-7107A

We have received your Notice of Error Reply form for the above water right and on that form you indicated that the point of diversion is incorrect. You say the POD (point of diversion) is located in township 2N R1E Section 22 NWSE instead of the NESE. Since the original claim puts the POD in the NESE we need a little more information before we can change the Recommendation. **When** did the POD change quarter/quarters? **Why** was the change made? If a new well was drilled, was the old well abandoned or is it still in use? Any information you can give on the history of the POD(s) will make it easier to recommend your water right as accurately as possible.

I have also included an aerial photo of the area of your water right. Would you please mark the correct location of the POD on the aerial photo and return that to me as well as the information requested above.

If you have any questions, please call me at the above number.

Sincerely,

Sandy Egbert

RE: Water Right 63-7107A

We indicated that the POD on our well site is in Township 2N R1E Section 22 NWSE instead of NESE. The POD did not change quarters, we believe it was originally recorded in error.

The POD has been in the same location since we purchased the property in 1985.

If you have further questions, please let us know.

Sincerely,

Terry Cook
