1. sbock 8/15/2002 recommendation

Comment: Claimant came into office to file claim on 8/5/02. Elixir is now on city water. Claimant has in the past tried to file a transfer to change the use from industrial to irrigation for surrounding property. Claimant was informed that the use would become consumptive and the transfer would not be approved. Claimant had been advised to seek water from the irrigation co, or look at purchasing water to accomodate his needs. Claimant decided to file claim to retain the ability to use the well water for industrial purposes should he decide to discontinue water use from the city.

Comment: Claimant came into office to file claim on 8/5/02. Elixir is now on city water. Claimant has in the past tried to file a transfer to change the use from industrial to irrigation for surrounding property. Claimant was informed that the use would become consumptive and the transfer would not be approved. Claimant had been advised to seek water from the irrigation co, or look at purchasing water to accomidate his needs. Claimant decided to file claim to retain the ability to use the well water for industrial purposes should he decide to discontinue water use from the city.
