Dear Water Right Claimant(s):

The Idaho Department of Water Resources (IDWR) has completed its initial investigation of your water right claim(s) in the Snake River Basin Adjudication (SRBA). We have enclosed a printout showing our preliminary recommendation for reporting your claim(s) to the SRBA District Court later in 2005.

Please review the preliminary recommendation carefully. If there is any information on the printout that you believe is inaccurate, please fill out the enclosed reply indicating what changes you believe should be made. Further instructions to assist you with review are enclosed. For water rights with an irrigation water use, a map produced from Geographic Information System (GIS) computerized images of the place of use for your water right is also enclosed.

If you have questions concerning your recommendation, please contact the Department's Western Regional Office at (208) 334-2190. If needed, an appointment with a water resource agent can be made. Please bring any and all information you have which could help IDWR understand your claim(s) and recommend the claim(s) accurately, which is my directive to the staff.

This preliminary recommendation process is intended to ensure IDWR recommends your water right accurately to the SRBA District Court. This is the easiest and least costly means for you to identify corrections you believe should be made to our recommendation. Completion of this process is an important step toward the overall success of the adjudication in Idaho. Your participation is necessary and appreciated by IDWR to provide accurate information is provided to the SRBA District Court.

We look forward to hearing from you.
