License of Water Right No. 63-7530 Priority December 7, 1971 Amount 0.33 cfs

THIS IS TO CERTIFY, that Walton R. Farmer
of Boise, Idaho, has complied with the terms and conditions of Permit
No. 63-7530 issued pursuant to Application for Permit dated December 7, 1971,
and has submitted proof to the Department of Water Resources on January 3, 1977,
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.33 cfs of water from a groundwater source,
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume

Dear Mr. Farmer:

A representative of this Department made an examination of the works covered by your Permit No. 63-7530 on June 16, 1977, and has found the following:

Amount of water that can be recognized as beneficially used under
Idaho law: 0.33 cfs Source: groundwater

The maximum quantity diverted shall not exceed 60 acre feet per
year.

Point of diversion: SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 10, Twp. 4N, Rge. 1E, B.M.

Beneficial use: Domestic (50)

Priority date established: December 7, 1971

In order for the Department to issue the above license, it will be necessary for you to amend the permit to correspond with the findings of the field examiner. We are enclosing a partially completed amendment form for your use in this matter.

Please sign the amendment application and return it to this office along with a \$10.00 filing fee within 30 days in order that we might issue your license as set forth above. If you do not concur with these findings or have any questions, please contact us within the 30-day period.

Sincerely,

RE: Exam for Permit No. 63-7530

Walton R. Farmer
c/o Chester Korn
Floating Feather Mobile Home Park, Unit #46
Highway 55
Route 1
Boise, ID 83702

Dear Mr. Farmer:

On February 9, I attempted to examine your wells at the Floating Feather Mobile Home Park. I cannot complete my examination until either measuring devices are installed as required or the requirement for measuring devices is removed. If you wish to have the measuring device requirement removed you must write to the Director of the Department of Water Resources explaining why you think measuring devices are inappropriate in your case, and the Director will make a decision. Address your correspondence to:

R. Kleth Higginson
Idaho Department of Water Resources
373 West Franklin Street
Boise, ID 83720

In talking to Mr. Korn, I have also learned that the water system is now capable of serving 69 units. When I complete the examination of your system, I cannot recommend a license for more than service of 50 units. Thus, to develop a water right for the additional 19 units you will need to file an Application for Permit, which I have enclosed.

If you have any questions, feel free to contact me.

Sincerely,

BILL MACALLISTER

Dear Mr. Farmer:

We acknowledge receipt of the affidavit submitted as proof of beneficial use for the above referenced permit.

Before a license can be issued, a field examination must be made by a representative of this Department. We cannot tell just when this examination will be made, but our examiner will try to contact you at the time he makes the examination so that you may show him the system.

If you have any questions regarding the field examination, please contact our District Office in **Boise**.

Dear Mr. McEldowney:

Application numbers 36-7211, 36-7212 and 37-7119 which we received last December have returned to my desk for comment. These applications appear to be for irrigation only, therefore, we would have no comments to make.

Application no. 63-7530, R. J. Stewart, I believe is for a well which is to be drilled for the Floating Feather Mobile Home Park and we have reviewed and approved engineering plans for that particular water system.

Application no. 96-7076, Fielden L. Poirier, has been forwarded to the regional engineer for his comments.

Regarding application numbers 63-7540, Clark Theurer, 63-7542, W. K. Nichols and application no. 65-7252, D. B. Aasa, we have no comments other than that the applicants comply with the District Health Department Regulations that apply in the particular districts where the water is to be appropriated.
