Subject: Evidence of Priority

I talked to you this morning regarding the evidence of priority for irrigation rights at 3133 E. Boise Avenue, James and Carolyn Chapman.

My grandparents, Jose and Santa Iriondo, bought 10+ acres in 1927, (not 1930). The 1.13 acres at 3133 E. Boise Avenue was where their house was and part of this original 10+ acres. I will fax you the bill of sale.

The address was applied for 2-9-65. I can fax this to you also if you need it.

My mothers family sold the 10+ acres to the Armstrong's in the 60s. for some reason I can't find this bill of sale. Anyway my husband and I purchased 1.13 acres at 3133 E. Boise Avenue from the Armstrongs in 1983. The Armstrong's had previously sold the other 9 acres to Beautiful Saviour Lutheran Church at 2981 E. Boise Avenue.

Please let me know if you need other info for the claim.

Carolyn Chapman

According to Carolyn's mother, there was well on the property in 1927. Replacement well drilled in the 1960's.

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-15659

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a printout of the claim(s) for your reference only. You indicated, when these claims were filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Idaho Department of Water Resources (IDWR) since there is no decree, license, or permit on file to verify the use of this water. For this reason, IDWR is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future. Please submit the required evidence supporting the priority date(s) by April 28, 2005.

Please let me know if have questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

Sincerely,

Vicky L. Music
Water Resource Agent

Enclosures: Notice of claim report for A63-15659 and "Evidence of Priority" brochure

NOTE: If you no longer own the property upon which this claim was filed, please contact this office immediately. Idaho State law requires that the Department be notified of a change of owner or address on a water right.

RE: Investigation of Water Right Claims in the Snake River Basin Adjudication, Basin 63

Dear Claimant:

As you may be aware, the Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Boise River Basin (Basin 63). This investigation is a major effort, and IDWR has hired a contractor, Intrepid Engineering Services, to assist us with this task.

The purpose of this letter is to advise you that Intrepid might be contacting you to conduct a field investigation of your water use. This investigation is meant to provide important information to the IDWR Senior Water Resource Agent who will be making a recommendation for your water rights. Accordingly, we request that you provide Intrepid with access to your water diversion system so that their personnel can conduct this field examination. Intrepid will be gathering information on the rate of flow, diversion location and place of use of your water rights, and will be reporting this information to IDWR.

If you have sold your property in the Boise River Basin, we request that you forward this letter to the purchaser, so that the purchaser can report the new name and address to our office. If you are unable to forward this letter, please send any information regarding a new owner to our Western Regional Office located at 2735 Airport Way, Boise, 83705, (208) 334-2190.

The process of adjudicating your water rights is straightforward for most people, resulting in the issuance of decreed water rights on your property. Experience has shown that water users who work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Intrepid to ensure that the results accurately reflect your water uses.

Sincerely,

Jan Shurte
Adjudication Section Supervisor
Western Regional Office
