Re: Evidence of Priority Snake River Basin Claim No. A63-17034

Dear Ms. Music:

This is in response to your letter of May 2, 2005, inquiring as to evidence of the beneficial use by us of the water included in the captioned claim.

This use is based upon the claim of Boise Payette Lumber Company filed in 1904 claiming the water right by the impoundment of the water behind Barber Dam.

The claim was subsequently conveyed by Boise Cascade (Boise Payette Lumber Company) to the Idaho Power Company under date of the 7th day of February, 1938, "as of, however, the 28th day of December, 1937". A copy of said Deed and Transfer of Water Right is attached hereto.

Subsequently, Idaho Power conveyed that water right together with the Barber Dam to the Idaho Power Company who in turn conveyed the same to Ada County; Ada County thence conveyed that water right on the 1st day of June 1978 to Boise Cascade Corporation. A copy of the amendment of Easement is also attached hereto. A newspaper article of even date records that transaction.

On the 23rd day of October, 1978, Boise Cascade Corporation conveyed the "Barber Dam Property" which is all of the land subject to the storage right claimed by Idaho Foundation for Parks & Lands, Inc. Idaho Foundation for Parks & Lands, Inc. is the direct successor-in-interest to the initial 1904 claim and has used the storage right for the purposes claimed since the receipt thereof from Boise Cascade Corporation on the 23rd day of October, 1978. A copy of this Deed is also attached.

LEGAL DEPARTMENT	

WHEREAS, by Warranty Deed dated December 28, 1937, by and between Boise-Payette Lumber Company and Idaho Power Company, certain real property and a dam site was conveyed to Idaho Power Company by Boise-Payette Lumber Company; and, in connection with such conveyance, a perpetual flood easement was granted to Idaho Power Company with respect to other real property retained by Boise-Payette Lumber Company, such property being described herein;

WHEREAS, Boise Cascade Corporation (Boise Cascade) is successor to Boise-Payette Lumber Company and Ada County has become the owner of the real property and dam site conveyed to Idaho Power Company, as well as the attendant flood easement;

WHEREAS, Boise Cascade has bid at public auction and desires to purchase from Ada County through compliance with public bid procedures or in the alternative at private sale the release of a portion of the perpetual flood easement as it applies to the Real Property set out herein to make such property commercially usable, and Ada County has thereby partially released and extinguished such easement on the terms and conditions set out herein;

NOW, THEREFORE, in consideration of the sum of Two Hundred Fifty Thousand Dollars (\$250,000.00) the receipt of which is acknowledged by Ada County, the perpetual flood easement recited in the Warranty Deed described above is amended to read as follows:

IV

RESERVOIR, STORAGE AND FLOOD RIGHTS

A perpetual easement, with priority of November 16, 1904, to flood, impound, store, release and withdraw at will waters on, under, over and from the lands in the bed of the reservoir formed by the Barber powersite and damsite located in Ada County on the Boise River or any reconstruction thereof, and particularly the lands of the

Grantor hereinafter described, which easement shall include any and all other incidental rights and uses which in any way directly or indirectly affect said lands, resulting directly or indirectly from the operation, maintenance and repair of the present dam abutments, embankments or flashboards, or from a replacement or reconstruction thereof, or from the construction at any time or times of a new dam, flashboards, abutments and embankments and the maintenance, operation and repair thereof, or from the use of any other device or improvement placed or to be placed on or above the top of said dam; provided that in any event, the top of the dam and of the flashboards, or any other devices, shall not exceed at the dam the height prescribed for the top of the dam only in the third paragraph of this instrument, namely, a top easement and dam elevation of 2774.74 feet above sea level.

In case the present dam shall be destroyed or if for any other reason it shall be desirable for the Grantee hereof, or its successors or assigns, to reconstruct the said dam, or to change the design thereof, or to impound or raise any waters of the Boise River by some other dam or impounding devices constructed upon or near the site of the dam herein referred to, this conveyance shall be applicable to the effects resulting therefrom upon the lands hereinafter described and referred to to the extent that such effects shall not exceed the effects which would result from the impounding or retarding of the waters of the Boise River to the elevation of 2774.74 feet aforesaid by the dam, or any other flashboards and other impounding devices hereinabove referred to and described.

The lands of the Grantor impressed with, and subject to, the said easement to flood, impound, store, release and withdraw at will waters on, over, under and from, and which are covered by and including in said easement, are particularly described as follows, to-wit:

Ada County finally sells Barber Dam flood easement

By KEN MATTHEWS
The Idaho Statesman

The third time was the charm: Ada County finally sold a Barber Dam flood easement to Boise Cascade Corp. on Thursday.

Twice before, the commissioners tried to sell the easement at a public auction, but each time the sale had to be halted when a Boise man who is fighting the transaction pointed out errors in legal advertisements for the

sale.

Oliver Gregerson, 8401 Warm Springs Ave., contended again Thursday the sale was illegal and vowed he would end up owning the dam after taking the matter to court.

But commissioners, on advice from Prosecuting Attorney David Leroy, went ahead with the sale. Despite Gregerson's claims, Leroy said all details were in order.

Boise Cascade representatives

Thursday afternoon presented Ada County with a check for \$250,000 which will be used to pay for repairs to the 72-year-old dam that were completed in March after the Army Corps of Engineers said the dam was in danger of collapsing.

The company owns 300 acres of land behind the dam that had no commercial value because the county's ownership of the flood easement gave it a legal right to flood the prop-

erty. Now that Boise Cascade owns the easement, the land takes on commercial value, a spokesman said.

The land will be donated for a park or wildlife preserve at a tax advantage for Boise Cascade that should be just about equal the \$250,000 purchase price, the company spokesman said.

Gregerson said he has been fighting Boise Cascade's purchase of the flood easement because he has wanted to see Ada County comply with the law

and because he wants to turn 12 the 300 acres of land owned by Boise Cascade into a zoological garden and amusement park.

Additionally, Gregerson has no secret of the fact that he would like to own Barber Dam.

He said he has located a former owner of some of the property in question and has a release from which will give him ownership of the dam if he redeems the property by paying back taxes to Ada County.

BOISE CASCADE CORPORATION, Grantor, a corporation duly organized and existing under the laws of the state of Delaware, in order to encourage development of a park and recreation area for the benefit of the citizens of the state of Idaho, does hereby give, grant, convey and assign unto the IDAHO PARK FOUNDATION, INC., Grantee, and its successors, the following described parcel of real property to be devoted to and used exclusively for the benefit of the public.

Legal description attached hereto
and incorporated herein as Exhibit "A"

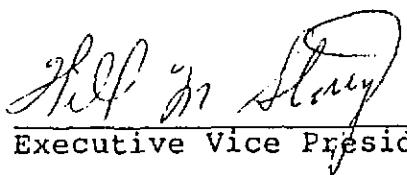

TO HAVE AND TO HOLD the said premises, with its appurtenances unto said Grantee, and its successors forever, without warranty of the title. The property is conveyed subject to current taxes, assessments, and all easements, restrictions and reservations, whether or not of record.

IN WITNESS WHEREOF, the Grantor has duly caused this Gift Deed to be subscribed in its corporate name by its Executive Vice President and its corporate seal to be affixed by its Assistant Secretary this 23rd day of October, 1978.

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-17034

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a printout of the claim(s) for your reference only. You indicated, when these claims were filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Idaho Department of Water Resources (IDWR) since there is no decree, license, or permit on file to verify the use of this water. For this reason, IDWR is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future. Please submit the required evidence supporting the priority date(s) by May 8, 2005.

Please let me know if have questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

Sincerely,

Vicky L. Music
Water Resource Agent

Enclosures: Notice of claim report for A63-17034 and "Evidence of Priority" brochure

NOTE: If you no longer own the property upon which this claim was filed, please contact this office immediately. Idaho State law requires that the Department be notified of a change of owner or address on a water right.

RE: Snake River Basin Adjudication (SRBA)
Notice of Claim #A63-17034

Dear Ms. Hubler:

Thank you for your inquiry of July 23, 1998. The status of claim #A63-17034 has not changed since it was filed in August, 1989.

We are currently reporting small domestic and stock water rights to the Court, and anticipate reporting irrigation and other uses (i.e., #A63-17034) late in 2001 or early in 2002.

At that time, IDWR will provide you with a report showing how the Director of IDWR will recommend this water right claim to the court. Please be sure to keep us apprised of any address changes so you don't miss any important information concerning your water right claim.

Sincerely,

Sally Sherman

Dear Department:

We filed a claim #A63-17034 in August, 1989, for an unconfirmed water right for the Barber Pool area. We are interested in the status of this claim. The significance of this wildlife area is rising and particularly important given the tremendous amount of development occurring all around it.

Sincerely,

Sharon Hubler
