An aerial photograph of a residential area with property lines overlaid in black. Three yellow callout boxes with black borders point to specific locations. The first box on the left points to a property. The second box in the upper right points to a property. The third box in the lower right points to a property. Two small yellow circles are also visible on the map, one near the second box and one near the third box. The map shows a mix of green, brown, and blue areas, likely representing different land uses or vegetation.

An aerial photograph of a rural landscape. A winding road or path runs diagonally from the bottom left towards the center. To the right of the road, there are several rectangular fields or plots, some of which appear to be divided into smaller sections. The terrain is uneven, with varying shades of gray suggesting different types of vegetation or soil. The overall image is grainy and has a high-contrast, black-and-white appearance.

HOW YOU WILL RECEIVE NOTICES IN THE SNAKE RIVER BASIN ADJUDICATION

All documents filed in the Snake River Basin Adjudication other than notices of claims are filed with the court. Notices of claims to water rights filed in the Snake River Basin Adjudication are filed with the Idaho Department of Water Resources. Copies of all documents filed in the Snake River Basin Adjudication will not be mailed to all parties (claimants) in the adjudication.

By order of the court, any document filed with the court will be mailed only to those parties who may be directly affected by it. A monthly docket sheet will be prepared by the department which contains a summary of all documents filed with the court in the previous month and the dates and locations of hearings scheduled for the following three months. The docket sheet will be filed with the district court clerk in each county within the Snake River Basin in Idaho. Copies of the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying. If you wish to receive a copy of the docket sheet each month, you should mark the appropriate place on your notice of claim form. You will be charged a small annual subscription fee to cover the cost of copying and mailing. Copies of any document listed on the docket sheet may be obtained from any of the offices of the department either in person or by mail; a small fee will be charged to cover the cost of mailing and/or copying.

Copies of all notices of claims filed with the department will be available for inspection from all offices of the department. Copies of the notices of claims may be obtained in person or by mail, but you will be charged for the cost of copying and mailing. (A claimant will not be charged for a copy of his or her own notice of claim, and a person who acquires property with water rights for which a notice of claim was filed will not be charged for a copy of the notice of claim filed by the previous owner.)

After the notices of claims have been reviewed, the director will prepare and file a report with the court. Part 1 of the report will contain the director's recommendations as to each water right claimed under state law. Part 2 of the report will list each federal reserved water right claimed. A number of reports will be prepared, one or more for each sub-basin in the Snake River Basin. When the report for your sub-basin is filed with the court, you will be mailed a notice informing you that the report for your sub-basin has been filed. The notice will be sent to the most recent address shown by the department's files. Attached to the notice will be a copy of those portions of the report describing the water rights you have claimed. If you do not agree with the way your water right is described, you may file an objection to the report with the court. You can also file an objection if you disagree with the way other claimant's water rights are described, and the notice will tell you where a copy of the full report is available for inspection. The notice will tell you when and where to file your objection. The notice of filing for each sub-basin report will also be published state-wide in local newspapers.

It is very important that you inform the department in writing of any change in your address. This is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

If you are acquiring property with water rights in the Snake River Basin water system in Idaho (either by purchase, gift, inheritance, or other means), it is very important that you inquire of the department whether a notice of claim has been filed. If not, you must file a notice of claim or the water right may be declared by the court to no longer exist. If a notice of claim has been filed, it is very important that you file a written notice of change in ownership with the department. The notice of change in ownership must be accompanied by some evidence of the change in ownership, such as a copy of the deed or a property tax statement showing the name of the new owner. Again, this is to make sure that you receive the notices affecting your water rights that are to be mailed by the department.

The cost of the subscription to the docket sheet is \$7.50 for calendar year 1988. The cost of the subscription may increase a small amount for calendar year 1989 if the cost of copying and/or mailing should increase.

If you are planning to file a motion or other pleading (not a notice of claim) with the court (not IDWR), the court has issued an order setting a special procedure that is different from the usual civil rules. A copy of the order may be obtained from any office of IDWR; you may be charged for the cost of mailing and/or copying.

RE: Snake River Basin Adjudication Water Right No. 63-17479

April 22, 2004

Mr. George Gillis called in response to my letter dated April 20, 2004 that contained information on domestic claims #63-17479, #63-17480, & #63-17481. After looking at all three claims and the enclosed aerial photograph, he said that the well with the 1953 priority date was drilled by Chipman on Norman Peterson's property (refer to attached aerial photo). According to Mr. Gillis, when the claim was filed, this well was used for two homes; with the intent that two more homes would be built in the future (hence, the claim for four homes). In addition, Mr. Gillis stated that this well is now located "under the garage floor, where it hasn't been used for years!" However, he maintains that it was being used for two households in 1987.

Regarding the well that was drilled in 1960, Mr. Gillis said that this well belongs to his brother, Don Gillis, and is located on the property situated south of Norman Peterson's land (refer to attached photo). Mr. Gillis stated that this well is still being used for "one home and some chicken coups."

Unfortunately, this information that Mr. Gillis just provided contradicts the remarks that were placed on decreed right #63-17481: "Parcel No. S0513417622 . . . property also known as 7490 N. Gary Lane." Based on Mr. Gillis' statements, I realize that:

- #63-17479 pertains to Parcel No. S0513417622 and is for the two homes located at 7490 N. Gary Lane (Norma Peterson's property)
- #63-17481 pertains to Parcel No. S0513417612 and is for one household located at 7400 N. Gary Lane (Don Gillis' property)

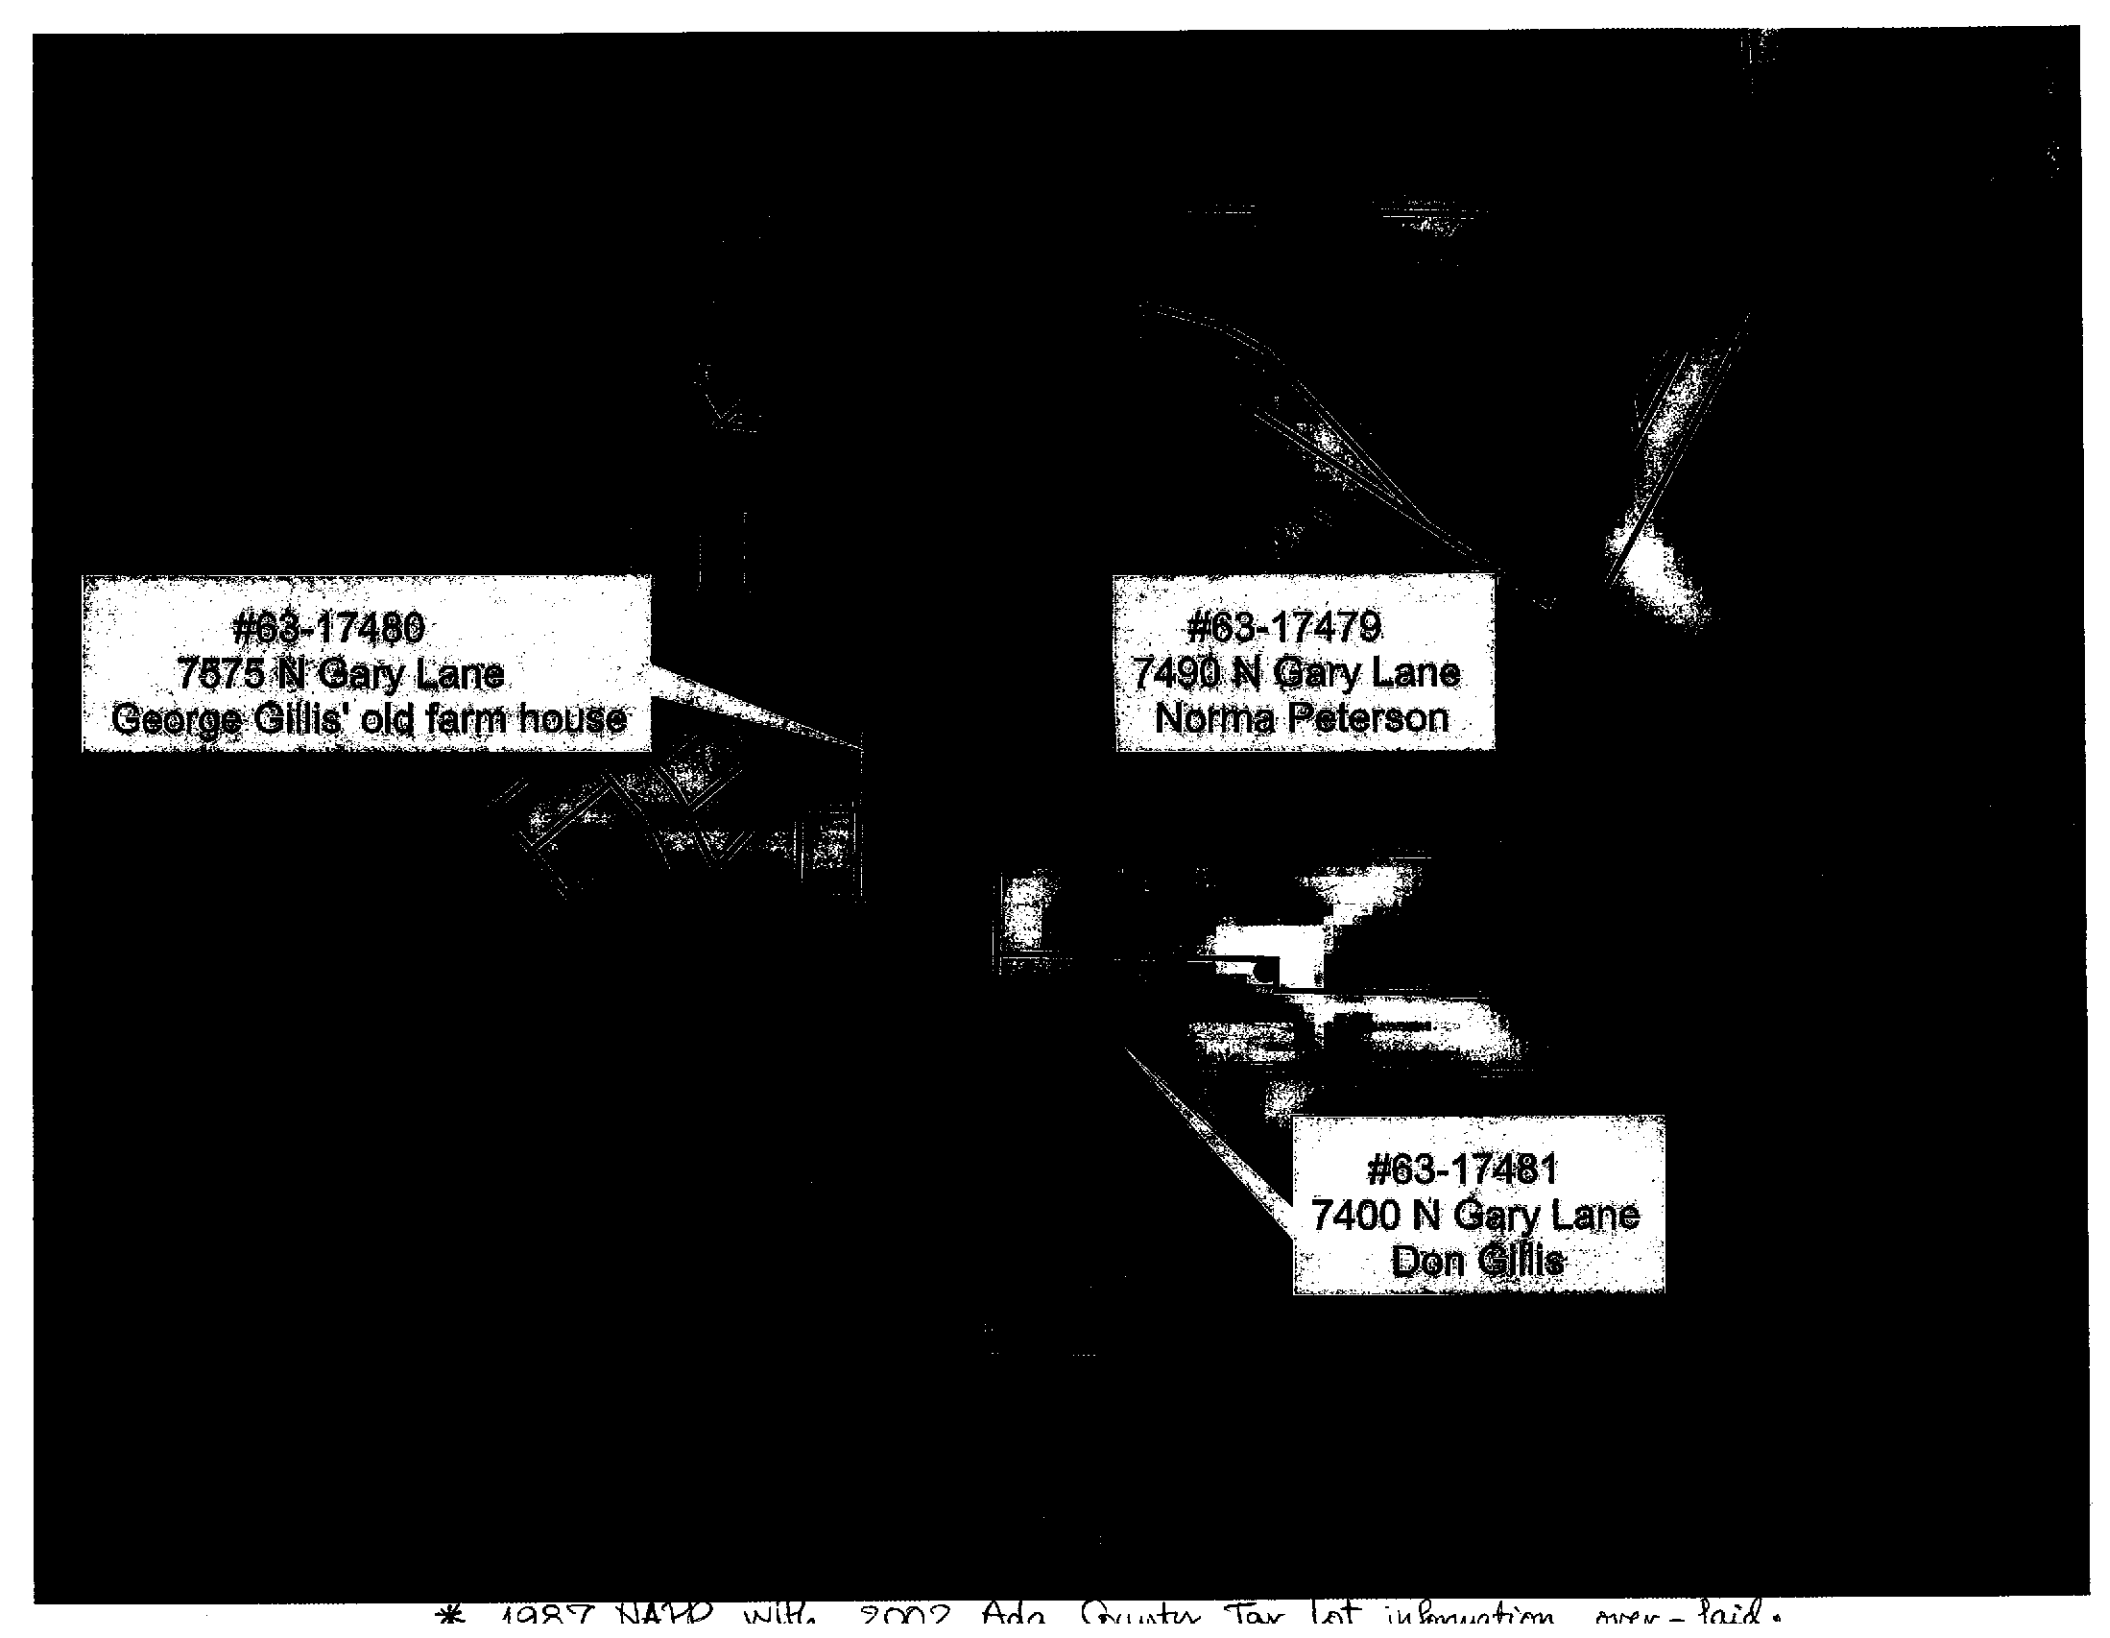

[#63-17480 was decreed correctly. It pertains to George and Amelia's former farm house located at 7575 N. Gary Lane / Parcel No. S0513427912.]

RE: Snake River Basin Adjudication Water Right Number A63-17479

Dear Mrs. and Mr. Gillis,

Thank you again for assisting me in my review of your water right claims for the land and domestic homes formerly owned by you in the Gary Lane and Hill Road area. Unfortunately, I am afraid that the information you recently gave me applied only to the well that was drilled in 1939 and served the 1 white house located at 7575 Gary Lane.

The claim I am currently reviewing and need additional information on pertains to a well that was drilled in **1953** and served **4** domestic homes. Please use the enclosed 1987 aerial photograph to draw:

- the location of well that was drilled in **1953**
- the location of the well that was drilled in **1939**
- and the **4 homes** that the well drilled in 1953 served.

I have enclosed a return envelope for your convenience. Thank you again for all of your assistance. I apologize that I am requesting this of you, but I am having difficulty making sense of all your different claims since maps were not included with the original claims.

If you have any questions regarding this letter, please feel free to contact me at #334-2190.

Sincerely,

Kimberly L. Brown

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-17479

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled **"What Kind of Evidence is Required"** and **"Some Examples of Documents Which May Be Evidence of the Priority Date."**

It is important that each element of the Notice of Claim be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by October 2, 2003. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

EVIDENCE OF PRIORITY

**A GUIDE TO
SOURCES WHICH
MAY CONSTITUTE
PROOF OF THE
PRIORITY DATE
OF YOUR WATER RIGHT**

IDAHO DEPARTMENT OF WATER RESOURCES

APRIL 1991

EVIDENCE OF PRIORITY DATE FOR CLAIMS FILED IN THE SRBA

IF YOU HAVE RECEIVED A LETTER FROM THE DEPARTMENT OF WATER RESOURCES INFORMING YOU THAT YOU MAY HAVE TO SUBMIT PROOF OF BENEFICIAL USE THE INFORMATION BELOW WILL ASSIST YOU IN FINDING THE NECESSARY DOCUMENTATION.

WHAT IS A PRIORITY DATE?

The Priority date is one of the elements of the water right which you were required to state on your notice of claim. The priority date is the basis upon which water is distributed in times of shortage. When there is not enough water to satisfy all existing water rights, then water is distributed first to those with the oldest priority date.

WHAT IS A BENEFICIAL USE WATER RIGHT?

A beneficial use water right is one that is based on actual use of the water, and is not documented by a permit or license issued by IDWR, or a decree issued by a court. A beneficial use water right is established by putting the water to beneficial use, such as for domestic and stockwatering, irrigation, hydropower, commercial or industrial

use, or aquaculture, among others.

Generally, the priority date of a beneficial use right is the date the water was first put to beneficial use. This date is NOT NECESSARILY WHEN YOU ACQUIRED THE PROPERTY, or WHEN YOU FIRST MADE BENEFICIAL USE. A previous owner could have established beneficial use, which you continued.

There is a special category of beneficial use rights called "posted notice" rights, to which special rules apply. Prior to 1903, Idaho had a "posted notice" statute, which provided for posting of a notice including specified information at the point of diversion, recording of the notice at the county recorder's office, and actual diversion and beneficial use within a reasonable time after posting, among other things. If the statutory requirements were met, then the priority date was the date of posting the notice. These "posted notice" water rights are considered a type of beneficial use water right because they are not confirmed by a permit, license, or decree.

FOR WHICH CLAIMS IS EVIDENCE OF PRIORITY DATE REQUIRED?

Each claim filed in the SRBA is the claimant's affidavit (statement) of the elements of the water right being claimed. Some claimants in the SRBA will be required to submit additional evidence of the priority date of the water right IF:

1. *the claim is based on beneficial use*
AND

2. *the claim is NOT a small domestic and stockwater claim.*

NOTE: Additional proof of priority for beneficial use claims for small D&S uses will not be required unless specifically requested by IDWR.

The claim is a beneficial use claim if it is not based on a permit or license issued by IDWR or a decree issued by the court.

Small domestic and stockwater uses are very specifically defined by statute, and proof is required for a beneficial use claim if the use claimed does not meet that definition. If your claim was accepted with a \$25.00 fee, then your claim was probably a small domestic and stockwater claim.

WHAT KIND OF EVIDENCE IS REQUIRED?

SOME evidence of the YEAR of the priority claimed is sufficient. Conclusive evidence is not required. Evidence of the month and day is not required, but should be included if available.

Documentation of the priority date claimed can take almost any form. Generally, the document will be sufficient if it tends to show that water was used:

1. *For the purpose claimed,*
2. *In the year claimed as the priority date,*
AND
3. *On the land claimed as the place of use or by the owner of that land.*

It is possible for a water right to have been established on one parcel of land and then transferred for use on another parcel of land. In such cases, the evidence should tend to show that water was used on the original place of use or by the owner of the original place of use to meet the third part of the requirement.

SOME EXAMPLES OF DOCUMENTS WHICH MAY BE EVIDENCE OF THE PRIORITY DATE

Note: Proof of ownership of land by a title or warranty deed usually does not, by itself, constitute proof of a priority date since the priority is based on use of water.

Here are a few examples and there may be others, but the proof must meet the general requirements highlighted above.

1. *Affidavits* - a notarized statement of someone with personal knowledge of when beneficial use was first made, such as a neighbor or a previous owner of the property. Personal knowledge means someone who observed the use, not someone who was told of the use by someone else.
2. *For irrigation claims* - crop reports, income tax documents showing income from sale of crops, or property tax documents showing property was taxed as irrigated agriculture.
3. *For ground water rights* - the report

of the well driller who drilled the well, if a report was filed with IDWR.

4. *Pump test records.*

5. *Sales receipts* for equipment or materials used in the water system.

6. *Records* of the person or business who sold, installed, or constructed the diversion works.

7. *Electric bills* for electric powered diversion equipment.

8. *Homestead documents for irrigation claims, patent documentation for mining claims or other documentation indicating use of water during the acquisition of government land.* These may be of record at the county recorder's office for the county in which the land is located. These should also be of record with the National Archives, although there are often delays in obtaining copies. The address and phone number of the National Archives are:

8th and Pennsylvania Ave., N.W.
Washington, D.C., 20408
202-523-3006

9. *Aerial photography.* Information on available aerial photography can be obtained from the U.S. Geological Survey at the following address and phone number:

U.S. Geological Survey
EROS Data Center
User Services Section
Sioux Falls, South Dakota 57198
605-594-6151

WHAT IF I AM UNABLE TO OBTAIN ANY OF THE SOURCES LISTED ABOVE?

IF YOU CANNOT furnish some proof such as the examples listed above, you may submit your own testimony, in the form of an affidavit (a letter signed by the you and notarized), which explains the basis for the year of priority claimed. The letter should include a statement of the claimant's personal knowledge of the water use, but may also include information the claimant obtained from others.

DOCUMENTS WHICH ARE NOT SUFFICIENT EVIDENCE OF THE PRIORITY DATE CLAIMED

1. **STATUTORY CLAIMS** filed pursuant to Idaho Code 42-243. In the late 1970's, legislation was enacted that required persons with beneficial use rights to register them with IDWR. These "claims" were declarations of the water right owners, and were not investigated or verified. Notices of claims in the SRBA are different, because they will be investigated and verified, resulting in a decree that confirms the water right and properly describes it.

The statutory claim may be evidence of a water right claimed in the SRBA if the times and quantities of use claimed in the SRBA are substantially the same as they were on the statutory claim. **EVEN THEN**, the statutory claim is evidence of

such use **ONLY** as the date the statutory claim was filed - **NOT** as of the priority date claimed either in the statutory claim or the notice of claim filed in the SRBA.

2. **POSTED NOTICES.** The posted notice may be evidence of a priority date as of the date the notice was posted, but **ONLY IF** some evidence is submitted showing completion of the appropriation within a reasonable time after posting of the notice.

WHAT WILL HAPPEN IF EVIDENCE OF THE PRIORITY DATE IS NOT SUBMITTED?

IDWR will not recommend the claim to be decreed by the court if no evidence of the priority date is submitted. If proof is submitted but it supports a year of priority later than the year claimed, then a later year will be recommended.

Dear Claimant(s):

This office has received the Notice of Claim⁽³⁾ to a Water Right for the use of water within the Snake River Drainage Basin. However, due to the items checked below, we cannot process this claim(s). We are returning the claim(s) to you to complete only the following item(s) showing a checkmark in the blank for that item(s). Receipt No. W004537 in the amount of \$75⁰⁰ for the filing fee previously submitted is also enclosed.

_____ Fee - No fee received or inadequate fee received, fee due is _____.
See enclosed fee schedule for how this fee was computed.

_____ Late Notice of Claim - This claim was received on _____ which is after the deadline for filing claims in _____ County. The deadline for this County was _____, and the late fee now due is _____. The enclosed Late Fee Notice explains the late fee and how it is computed.

_____ Item No. 2 - Date of priority - month/day/year that water was first put to use, regardless of ownership. If month or day is unknown, the Dept. will recommend 12/31 of the year designated.

_____ Item No. 3 - Source of Water

_____ Item No. 4 - Point of Diversion - must be shown by quarter-quarter (40 acre tract), section, township and range, except for spring sources which should be shown by quarter-quarter-quarter (10 acre tract), section, township and range. Lot and block for a subdivision are not acceptable as the legal description for the point of diversion, however, please include this information in the remarks section of your claim. See page two of this letter for additional information.

_____ Item No. 6 - Uses of Water

_____ Item No. 9 - Non-Irrigation Uses

_____ Item No. 10 - Place of Use - must be listed by quarter-quarter (40 acre tract), section, township, and range. Lot and block for subdivision are not acceptable as the legal description for the place of use, however, please include this information in the remarks section of your claim. See page two of this letter for additional information.

_____ Item No. 12 - Ownership of place of use.

X Item No. 15 - Basis of Claim - Please designate if your water right is based on beneficial use of the water - Beneficial Use, or if it is based upon a previously filed water right - Posted Notice, License, Permit or Decree.

X Item No. 16 - Signature - this claim form does require your signature be affixed and notarized by a notary public. Note, the notary public signs below the signature blocks listed in this item. *Both signatures must be notarized.*

MAP ENCLOSED: Please mark the location of the well(s) and the location of the place(s) of use on this map. Then return the map with your claim and the additional information requested, if any. We can then determine the quarter-quarter(1/41/4) legal description based on the locations marked on this map.

Other: _____

Please complete the above item(s) on your claim form(s), initial and date any changes or additions, and return the claim(s), with the requested fee(if one is required above), to our office within 30 days from the date of this letter. If the claim(s), or fee requested, is not received within this 30-day period, the claim(s) will be rejected and your fee, if one was paid previously, will be refunded. Please contact the agent listed in the address below, within the 30 day time period, either in writing or by phone, to let us know if there is a problem returning the claim(s), or fee, in order to keep this claim(s) valid. If the claim(s) is rejected and fee refunded, due to no response within the 30-days, the claim(s) can be resubmitted up until claims in this area are prepared for court decree. However, at that time the corrected claim(s) along with the regular filing fee that was refunded, and an additional late fee will be required. Please return your claim(s), any information needed, and the fee requested, if any to the Western Region Office, 2735 Airport Way, Boise, ID 83705, to the attention of Helen.

Please feel free to contact this office if you have any questions concerning this letter. My phone number is 327-7935

Sincerely,

Helen Harrington-Thornton
