) Subcase 63-17621

Case No. 39576

) ORDER TO SHOW CAUSE
)

This matter came before this Special Master pursuant to a *Notice Setting Subcases for Initial Hearing* issued September 6, 2006. Glen Wersch (hereinafter "Claimant") was notified of the hearing via first class mail sent to his/her last known address. The Claimant failed to appear at the December 6, 2006, initial hearing either in person or through counsel.

On April 21, 2006, the Edwards Family LLC, by and through its attorney Dana Hofstetter of Hofstetter Law Offices LLC, filed an objection to the *Director's Report* for this water right claim, asserting:

To the extent that this water right authorizes the diversion of water from the Stewart Gulch Geothermal Aquifer it should not exist pursuant to *Silkey v. Tiegs*. Otherwise, the following provision should be listed under "Other Provisions Necessary for Definition or Administration of the Water Right." The diversion and use of geothermal water is not authorized under this right. Also, the local name for the cold water well should be described.

It is hereby ordered that the Claimant shall appear before this Special Master on **February 6, 2007, at 1:30 P.M.** Mountain Time, at the Snake River Basin Adjudication Courthouse, 253 3rd Avenue North, Twin Falls, Idaho, or participate by telephone by dialing 1-225-383-1099 participation code 675342, to show cause why the objection filed by the Edwards Family LLC should not be granted. The purpose of the show cause hearing is to provide the Claimant with a final opportunity to oppose the objection despite failing to appear at the initial hearing.

Participation in the show cause hearing is **not mandatory** and failure to appear will not be considered contempt of court. **However, failure to appear will result in the Claimant being deemed to have consented to the remedy sought by the objector.** If the Claimant participates in the hearing, the Claimant will be expected to notify this Special Master whether he/she intends to oppose the objection, and accordingly a trial date will be set. In such case, no additional evidence or argument need be presented as subcase(s) will be allowed to proceed to trial as a matter of course. Therefore the parties need not produce testimony or evidence in accordance with I.R.C.P. 6(c)(4).

A copy of this **Order to Show Cause** shall be served upon the Claimant not less than five (5) days prior to the date herein shown, upon which those parties are required to appear before this Special Master and show cause. Service of the **Order to Show Cause** shall be made in accordance with I.R.C.P. 5(b) and 6(c)(2).

IT IS SO ORDERED

Re: Water Right Claim No. A63-17621
SNAKE RIVER BASIN ADJUDICATION

Dear MR. WERSCH:

As a Deputy Attorney General representing the Idaho Department of Water Resources (IDWR) in the Snake River Basin Water Rights Adjudication (SRBA), I am writing to alert you that it is very important for you to contact IDWR immediately about your water right claim.

IDWR presently is investigating your claim in preparation for filing a recommendation of it with the SRBA Court. IDWR needs additional information from you before it can recommend the claim. If it does not receive that information it may have to recommend to the Court that your claim be "disallowed," which in effect means that the Court would issue an order determining that your water right does not exist.

At this stage of the proceedings IDWR works informally with water right claimants to collect information and rectify any errors in its recommendations. However, once IDWR files its final recommendation of your water right with the Court, the SRBA becomes a formal court proceeding. While mechanisms are still in place in the Court to correct errors, those mechanisms are much more formal, cumbersome, and complicated. Accordingly, it behooves you to contact IDWR now to correct any errors or provide any additional information IDWR may need before IDWR prepares its final recommendation.

Therefore I ask you to contact Senior Water Resource Agent Ron Howerton, the agent investigating your claim, as soon as possible at IDWR's Western Region Office in Boise. His telephone number is (208) 334-2190.

Thank you for your prompt attention to this matter.

Very truly yours,

SNAKE RIVER BASIN ADJUDICATION Filings

GLEN WERSCH
3519 N 36 ST
BOISE ID 83703

Dear Glen,

We are currently in the process of reviewing the above referenced claim(s), which were filed during the Snake River Basin Adjudication (SRBA) claims filing. However, due to the problem explained below we may not be able to recommend this claim to the SRBA Court in Twin Falls for decree. A claim profile report is enclosed for your review.

In our first part of our investigation for the above referenced claim(s), IDWR (IDAHO DEPARTMENT OF WATER RESOURCES) hired a contractor "Intrepid Engineering Services, Inc.". Their job was to locate the claimed water source, make contact with the owner if possible and measure the amount of flow for IDWR to help speed up our large amount of fieldwork for beneficial use claims. Beneficial use claims normally have never been investigated by IDWR and thus no license or decreed right exists for these beneficial use claims and we need to verify the claimed elements of the claimed beneficial uses for the court.

"Intrepid" Contractor findings:

They found that the wells for the above claim, were removed, thus, no beneficial use.

If you agree that the claimed well source no longer exists and/or has been capped off and/or no longer has any beneficial use, please sign and return the enclosed Request for Withdrawal of Claim form in the enclosed return envelope. Our investigation then will be closed for this claim after we receive your "signed" Withdrawal of Claim form.

However, if you believe our contractor may have missed finding this well source or any replacement well source and/or the claimed beneficial use, then please contact me at 334-2190 ASAP to set up an appointment for a field exam. If I do not get the withdrawal form or hear from you within 30 days of the date of this letter I will assume that our contractor was correct and your claim to beneficial use may not be recommended. It is highly important that you respond.

Sincerely,

Ron Howerton
