) Subcase 63-17672

Case No. 39576

) ORDER TO SHOW CAUSE
)

This matter came before this Special Master pursuant to a *Notice Setting Subcases for Initial Hearing* issued September 6, 2006. Dorsey Music and Dorsey Wheeler (hereinafter "Claimants") were notified of the hearing via first class mail sent to his/her last known address. The Claimants failed to appear at the December 6, 2006, initial hearing either in person or through counsel.

On April 21, 2006, the Edwards Family LLC, by and through its attorney Dana Hofstetter of Hofstetter Law Offices LLC, filed an objection to the *Director's Report* for this water right claim, asserting:

To the extent that this water right authorizes the diversion of water from the Stewart Gulch Geothermal Aquifer it should not exist pursuant to *Silkey v. Tiegs*. Otherwise, the following provision should be listed under "Other Provisions Necessary for Definition or Administration of the Water Right." The diversion and use of geothermal water is not authorized under this right. Also, the local name for the cold water well should be described.

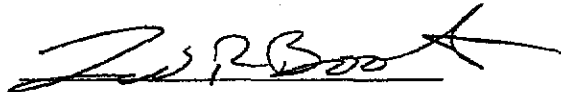

It is hereby ordered that the Claimants shall appear before this Special Master on **February 6, 2007, at 1:30 P.M. Mountain Time**, at the Snake River Basin Adjudication Courthouse, 253 3rd Avenue North, Twin Falls, Idaho, or participate by telephone by dialing 1-225-383-1099 participation code 675342, to show cause why the objection filed by the Edwards Family LLC should not be granted. The purpose of the show cause hearing is to provide the Claimants with a final opportunity to oppose the objection despite failing to appear at the initial hearing.

Participation in the show cause hearing is **not mandatory** and failure to appear will not be considered contempt of court. **However, failure to appear will result in the Claimants being deemed to have consented to the remedy sought by the objector.** If the Claimants participate in the hearing, the Claimants will be expected to notify this Special Master whether he/she intends to oppose the objection, and accordingly a trial date will be set. In such case, no additional evidence or argument need be presented as subcase(s) will be allowed to proceed to trial as a matter of course. Therefore the parties need not produce testimony or evidence in accordance with I.R.C.P. 6(c)(4).

A copy of this **Order to Show Cause** shall be served upon the Claimants not less than five (5) days prior to the date herein shown, upon which those parties are required to appear before this Special Master and show cause. Service of the **Order to Show Cause** shall be made in accordance with I.R.C.P. 5(b) and 6(c)(2).

IT IS SO ORDERED

Dated December 20, 2006

THEODORE R. BOOTH
Special Master

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-17672

Dear Claimant(s),

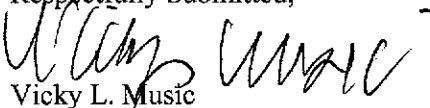

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when these claims were filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by **January 21, 2005**. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

Respectfully Submitted,

Vicky L. Music
Water Resource Agent
Adjudication Bureau

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-17672

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when these claims were filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. This claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of this priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by January 21, 2005. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.

Respectfully Submitted,

Vicky L. Music
Water Resource Agent
Adjudication Bureau

Enclosure: "Evidence of Priority" pamphlet
Notice of Claim Report A63-17672

NOTE: If you no longer own the property upon which this claim was filed, please contact this office immediately. Idaho State law requires that the Department be notified of a change of owner or address on a water right.

RE: Investigation of Water Right Claims in the Snake River Basin Adjudication, Basin 63

Dear Claimant:

As you may be aware, the Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Boise River Basin (Basin 63). This investigation is a major effort, and IDWR has hired a contractor, Intrepid Engineering Services, to assist us with this task.

The purpose of this letter is to advise you that Intrepid might be contacting you to conduct a field investigation of your water use. This investigation is meant to provide important information to the IDWR Senior Water Resource Agent who will be making a recommendation for your water rights. Accordingly, we request that you provide Intrepid with access to your water diversion system so that their personnel can conduct this field examination. Intrepid will be gathering information on the rate of flow, diversion location and place of use of your water rights, and will be reporting this information to IDWR.

If you have sold your property in the Boise River Basin, we request that you forward this letter to the purchaser, so that the purchaser can report the new name and address to our office. If you are unable to forward this letter, please send any information regarding a new owner to our Western Regional Office located at 2735 Airport Way, Boise, 83705, (208) 334-2190.

The process of adjudicating your water rights is straightforward for most people, resulting in the issuance of decreed water rights on your property. Experience has shown that water users who work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Intrepid to ensure that the results accurately reflect your water uses.

Sincerely,

Jan Shurte
Adjudication Section Supervisor
Western Regional Office
