- ☐ Incomplete – Claimant should be asked when water was first used and submit proof of date.
- ☐ Priority date is acceptable/within mandatory filing dates?

Priority date, per claimant, is: 12/31/1935

(If priority date, based on your exam, seems questionable, explain below.)

Mrs. Scriver submitted the 1976 Well Driller's Report for the replacement well – which will not suffice since it exceeds the mandatory permit statute date. Therefore, I found information substantiating 1936 for parcel # R2024120070

CONVERSATION MEMORANDUM

RE: Snake River Basin Adjudication Water Right No. A63-18009

August 16, 2003

Lorraine Scrivner called in response to the evidence of priority letter I recently sent. She said that she had the Well Driller's Report and wondered if she could take care of this by mail. I told her that the Well Driller's Report would be great and gave her Western Region's address. She mentioned that the water is used in a barber shop and that the building was built in 1935. Mrs. Scrivner also informed me that the water was once piped in to supply the business from an old hotel.

September 18, 2003

I received Mrs. Scrivner's evidence of priority. She sent the 1976 Well Driller's Report for the replacement well; which exceeds the mandatory permit statute date. Therefore, I called Mrs. Scrivner at #286-9050 and suggested that she contact the old hotel for a document that substantiates the claimed 1935 priority date. Mrs. Scrivner said, "Well, I am not going to since it's ownership has changed hands and there were four others getting water out of that well. Plus," she added, "they (the hotel owners) wouldn't know nothing, because they're from California!"

RE: EVIDENCE OF PRIORITY
Snake River Basin Claim No(s): A63-18009

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "**Evidence of Priority**" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement. While I encourage you to read the entire pamphlet, I direct your attention to the two sections entitled "**What Kind of Evidence is Required**" and "**Some Examples of Documents Which May Be Evidence of the Priority Date.**"

If no evidence of your priority date is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future.

The required evidence supporting the priority date(s) requested needs to be submitted by October 7, 2003. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above.
