**INSTRUCTIONS FOR FILING
NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP**

This form has been prepared to assist all claimants and owners of water rights to comply with the requirements of Sections 42-248 and 42-1409(6), Idaho Code. All claimants and owners of water rights are required to notify the Department of Water Resources (IDWR) of any change in mailing address or change in ownership of all or part of a water right. In addition, all purchasers of water rights within a pending general adjudication area must inquire whether a notice of claim has been filed and, if not, shall file a notice of claim if necessary.

Effective July 1, 2000, the Idaho Legislature amended Section 42-248, Idaho Code to include a provision for fees to file a Notice of Change in Water Right Ownership. Please see details at Item 8, below, to determine if fees are required for your filing.

Separate brochures are available from IDWR describing the adjudication of water rights and the requirement to notify IDWR of changes in ownership. Please contact your nearest IDWR office, or call 1-800-451-4129, if you would like more information or need help completing this form. Please attach additional sheets to the form if you require additional space to describe or explain any of the items on the form.

1. If there are water rights associated with the property, **the seller should be able to provide you with the water right or adjudication claim number(s).** Please enter the number(s) at **Item 1.** Corresponding water right and adjudication claim numbers should be listed next to each other on the form. You may have purchased only a portion of the water right(s) held by the seller. If so, the water right(s) held by the seller may need to be "split" to provide you your share of each right. Indicate if a split is required by checking in the space provided next to each water right.

If you receive water from a municipal provider, an irrigation district or other water delivery organization, where the water rights are held by the organization, please do not use this form to record a change. You may need to contact the water delivery organization to determine if any action is necessary.

If you or the seller believes there are water rights for the property but the numbers are unknown, you may wish to contact IDWR for assistance in identifying the water rights for the property in question. If adjudication claims for the rights are required and have not been filed, IDWR will so advise you.

2. The information described at **Item 2** is required, since IDWR cannot process the requested change without documentation of ownership. The preferred types of documentation are shown; contact IDWR if you have difficulty obtaining this information. **Do not** obtain a new survey for purposes of this form before contacting IDWR.
3. Please provide the name and address of the former owner/claimant(s) of the water right(s) at **Item 3.**
4. The name, mailing address, and telephone numbers of the new owner/claimant(s) is entered at **Item 4.** Please indicate the relationship between multiple owners by using the connector "and", "or", or "and/or." If an "and" is used, all parties must sign this form. If an "and/or" or "or" is used, all parties may sign; however, only one of the named parties is required to sign.
5. At **Item 5**, please provide the date the property in question was acquired. This may be the date of "closing" in the case of a real estate transaction or the date of court order for other types of ownership changes.

6. You may have purchased only a portion of the water right(s) held by the seller. If this change in ownership divides the water right(s) among multiple owners, you must describe, in detail, your portion of each water right after the change. For each water right requiring a split between owners, fill in the appropriate spaces in the box(es) at **Item 6**. Copy the page as many times as necessary to fully describe each water right after the change. Include documentation as necessary to describe nonstandard agreements or arrangements regarding division of the water right(s). **If the water right(s) will not be split, skip Item 6 and go to Item 7.**
7. The new owner(s) must sign the form in the space(s) provided at **Item 7**. If an "and" connector is used at Item 4, all parties must sign this form. If an "and/or" or "or" connector is used, all parties may sign; however, only one of the named parties is required to sign. If someone other than the owner signs the notice, evidence of authority to sign for the owner must be attached. If the new owner is a corporation or other organization, the person signing the notice must be an officer of the corporation or otherwise have authority to sign for the organization and must include their title with the signature.
8. The Legislature has waived the fee to file a Notice of Change in Water Right Ownership for any water right pending in a general water right adjudication such as the Snake River Basin Adjudication. This waiver ends when a partial decree is issued for the water right that has been claimed. For water rights not pending in a general adjudication, the filing fee is \$25 per water right, except for those water rights which will be divided as a result of the change in ownership. The filing fee for division of a water right is \$100 per water right to be divided. When complete, you should retain a copy and return the original form to the IDWR office nearest you:

WILLIAM F. SNIDER and HELENE E. SNIDER, being first duly sworn, hereby certify and declare as follows:

- (1) WILLIAM F. SNIDER and HELENE E. SNIDER, husband and wife, have established a revocable inter-vivos trust (commonly referred to as a "living trust") named THE SNIDER FAMILY TRUST, pursuant to a Declaration of Trust and Trust Agreement dated effective the 8th day of June, 1999 (hereafter referred to as the "Trust Agreement"). The trust was established under the laws of the State of Idaho.
- (2) The currently acting Co-Trustees of said trust are WILLIAM F. SNIDER and HELENE E. SNIDER.
- (3) The Trust Agreement provides that upon the resignation, death, or incapacity of either Co-Trustee, the remaining Co-Trustee continues to serve as sole Trustee. In the event of the resignation, death, or incapacity of both of the original Co-Trustees, the Successor Trustee automatically succeeds to the office of Trustee. The name of the Successor Trustee is PETER F. SNIDER, and if such person shall at any time be unable or unwilling to act in such capacity the Alternate Successor Trustee is ERIKA L. BARKER.
- (4) The trust is a revocable trust and during Grantors' joint lifetimes either of the Grantors, acting alone, may revoke the trust. After the death of either Grantor, the surviving Grantor may revoke the trust. No other party holds the power to revoke the trust.
- (5) During Grantors' joint lifetimes THE SNIDER FAMILY TRUST is a "Grantor Trust" within the meaning of such term as used in the Internal Revenue Code, and all items of income and loss will be reported for tax purposes under the personal social security numbers of the Grantors. During such periods of time, no separate employer identification number is required for the trust. Accordingly, during Grantors' joint lifetimes the identifying numbers

for the Trust are Grantors' social security numbers, and after the death of either Grantor the identifying number for the Trust is the social security number of the surviving Grantor. The social security numbers will be provided upon request to any party transacting business with the Trust who is lawfully entitled thereto.

- (6) The manner in which title to trust assets should be taken during Grantors' joint lifetimes is as follows:

WILLIAM F. SNIDER and HELENE E. SNIDER, as Co-Trustees of THE SNIDER FAMILY TRUST.

- (7) The following is a true and correct copy of the provisions of Paragraph 6.1 of Article 6 of the Trust Agreement:

ARTICLE 6

PROVISIONS RELATING TO TRUSTEE AND SUCCESSOR TRUSTEE

6.1 Powers of Trustee. In addition to, and not in limitation of, any powers conferred upon all trustees by any applicable statute or general rules of law, Trustee shall have all of the powers, and is expressly authorized in Trustee's sole and absolute discretion to do and perform all of the acts and things, that are more fully detailed and set forth upon the attachment to this Trust Agreement captioned "POWERS OF TRUSTEE", the provisions of which are by this reference incorporated herein and made a part hereof. Whenever the office of Trustee is held by Co-Trustees, the Co-Trustees may exercise such power and authority in the manner described in Paragraphs 25 and 26 of the said "POWERS OF TRUSTEE". Pursuant to the provisions of said Paragraph 25, the original Co-Trustees hereby jointly delegate to each Co-Trustee who is also one of the Grantors of this trust, the power and authority to take the following actions without the necessity for the co-signature of any other Co-Trustee:

(A) To make deposits and withdrawals with respect to all funds of the trust estate held in any form of account by any bank, savings and loan, credit union, or other financial institution; to have access to any safe deposit box held by the trust estate at any such financial institution; and

(B) To provide instructions to any securities broker or issuer concerning the purchase, sale, or transfer of securities, or the withdrawal or transfer of cash accounts, or to conduct any other transaction involving any brokerage account maintained by this trust or its Co-Trustees with a securities broker.

The delegation of power and authority herein contained may be terminated with respect to any financial institution or securities broker by written notice signed by any Co-Trustee and delivered in person or by certified mail to such financial institution or securities broker, but until and unless

such notice of termination is so given all actions taken, and all documents signed, by a Co-Trustee pursuant to the foregoing delegation of power and authority shall be binding upon this trust, the trust estate of the trust, all Co-Trustees of the trust, and all present and future beneficiaries of the trust, with the same force and effect as if all Co-Trustees had joined in taking such action or signing such documents.

* * * * *

- (8) The following is a true and correct copy of the "POWERS OF TRUSTEE" attached to, and incorporated by reference in, the Trust Agreement pursuant to the provisions of said Paragraph 6.1 of Article 6:

* * * * *

POWERS OF TRUSTEE

* * * * *

The term "Grantor" as used herein shall be construed to include "Grantors" if there are two or more Grantors.

1. **Retention of Existing Investments.** To retain and hold in or as a part of the trust estate any investment or other property acquired from Grantor or Grantor's estate, with full power, nevertheless, to change and vary the form of any investment from time to time as the Trustee shall deem best.

2. **Operation of Business Owned by Grantor.** To continue and operate any business owned by Grantor and to do all things deemed advisable in connection therewith, including the power to incorporate or otherwise change the form of the business and to put additional capital into it, as Trustee may deem best.

3. **Management and Operation of Real Estate.** To manage, operate, repair and improve, and to rent or lease, regardless of the length of the term, any real estate forming a part of the trust estate. Trustee shall have the power to do all things necessary or advisable in connection with the management and operation of any farm or ranch properties, and any natural resource properties.

4. **Investments.** To open and maintain accounts with stock brokerage firms, and to execute all documents necessary for the opening and maintenance thereof, and on behalf of the Trust to invest the trust estate in, and to buy, sell, and trade:

a. Stocks, bonds, notes, options (including puts and calls, and whether or not covered by like securities held in the brokerage account), and other securities of any nature (including short sales, and sales on margin), and for such purposes Trustee may maintain and operate margin accounts with brokers, and may borrow money from any brokerage firm and pledge any securities held or purchased by Trustee to such brokers as security for loans and advances made to the Trustee; and

b. Any other real or personal property, including (but not limited to) precious metals or stones, commodities and commodity interests, interests in oil, gas, and mineral wells, mines, and leases, shares or interests in investment trusts and common trust funds, leaseholds or undivided fractional interests in real estate, and interests in general or limited partnerships;

as Trustee may deem advisable, even though such investments may not be of the character generally deemed permissible for investments by fiduciaries. Investments need not be diversified and may be made or retained with a view to possible increase in value. Trustee may at any time hold cash or readily marketable securities of low yield for such period as Trustee may deem advisable. The Trustee is authorized to appoint one or more investment managers to manage all or any part of the assets of the Trust, and to pay reasonable compensation to any such investment manager. Trustee may delegate to an investment manager the power to acquire and dispose of assets, and investment discretion.

5. **Exercise of Conversion Rights.** To exercise any rights and privileges to convert investments or other property into other investments or other property and to subscribe for additional securities, and to hold any assets so acquired as investments of the trust estate.

6. **Voting of Securities.** To vote in person or by proxy on any stocks or other securities held by Trustee.

7. **Registration of Securities or Property.** To cause to be registered in Trustee's name, individually or as Trustee, or in the name of a nominee, any securities or other property from time to time held by Trustee, or to take and keep them unregistered, and to retain them or any part thereof in such condition that they will pass by delivery.

8. **Corporate Transactions.** To join in, or to dissent from and to oppose, the reorganization, recapitalization, consolidation, sale or merger of corporations or properties in which Trustee may be interested as Trustee upon such terms and conditions as Trustee may deem wise, and to accept any securities which may be issued upon any such reorganization, recapitalization, consolidation, sale or merger, and thereafter to hold the same.

9. **Purchase, Sale and Disposition of Property.** To purchase, sell, exchange, convey or dispose of, or to acquire or grant options with respect to, any property, real or personal, and any purchase or sale may be made by private contract or by public auction, and for cash or upon credit, or partly for cash and partly upon credit, as Trustee may deem best, and no person dealing with Trustee shall be bound to see to the application of any monies paid.

10. **Right to Borrow and Provide Security.** To borrow money from any financial institution or source of financing deemed appropriate by Trustee, for any purpose connected with the protection, preservation or improvement of the trust estate, whenever in Trustee's judgment advisable, and as security therefor to encumber or pledge any property forming a part of the trust estate upon such terms and conditions as Trustee may deem advisable. Trustee shall have the power to expend funds of the trust estate for the purpose of repayment of indebtedness secured by encumbrance or pledge of property forming a part of the trust estate. Trustee may pledge or encumber assets of the trust estate to collateralize the loans or other obligations of any Grantor or other beneficiary hereunder and may act as a co-borrower or guarantor with respect to loans and obligations of Grantor or any other beneficiary hereunder.

11. **Right to Make Conveyances and Encumbrances.** To make, execute, acknowledge and deliver any and all deeds, leases, and assignments and other legal instruments necessary or proper to carry out the provisions of this Agreement; and to pledge, mortgage and encumber any and all assets of the trust estate for any purpose, at any time, from time to time, on any terms and in any manner as the Trustee may, in Trustee's sole discretion, deem advisable and appropriate.

12. **Loans to Grantor's Estate.** To lend funds of the trust estate to Grantor's estate, upon such terms and conditions as Trustee shall approve.

13. **Life Insurance Policies.** To acquire as an asset of the trust estate one or more life insurance policies on the lives of any persons to whom the income of the trust is then payable, or on the life of any person in whom such income beneficiary has an insurable interest, from such companies and in such amounts as Trustee may deem advisable; to pay premiums on all policies, from income or principal or both (other than income or principal of the Survivor's Trust, if any such Trust be established hereunder), as Trustee may determine and any such insurance shall be payable to, and all incidents of ownership shall be vested in, Trustee.

14. **Insurance Proceeds; Options.** To permit the proceeds of any insurance policy payable to Trustee, or any part of such proceeds, to remain with the company under any option available under the terms of such policy, and Trustee shall not be liable for any loss resulting to the trust estate by reason of having permitted such retention.

15. **Establishment of Reserves.** To establish, from rents, profits and other income, such reserves for taxes, assessments, insurance, repairs, improvements, depreciation and maintenance of buildings and other property, as Trustee shall deem advisable and consistent with the purposes of Grantor.

16. **Distribution in Cash or Property.** Except as otherwise expressly provided elsewhere herein, to make any division or distribution in cash or in kind, or partly in cash and partly in kind, on the basis of market values at the time of such division or distribution, or if there be no recognized market value, at the fair value thereof. Any determination of recognized market value or fair value of any security or property made by Trustee for the purposes hereof shall be deemed presumptively correct. In the event Trustee elects to satisfy a pecuniary gift by distribution of property in kind, Trustee must, unless expressly directed otherwise in the Trust Agreement, distribute assets, including cash, fairly representative of appreciation or depreciation in all of the property available for distribution in satisfaction of such pecuniary gift.

17. **Payment of Expenses.** To pay any and all expenses, costs, fees (including Trustee's own fees), taxes, penalties or other charges and except as otherwise expressly provided herein to charge the same against principal or income or partly against the principal and partly against the income of the whole or any part of any trust.

18. **Allocations Between Principal and Income.** To determine, in case of doubt, how any money or other property received, or any gain or loss realized or incurred, shall be allocated as between income and principal, and to apportion between income and principal any loss or expenditure in connection with the trust estate, as Trustee may deem just, except that: (1) in the case of securities purchased at a discount the entire subsequent sale price or maturity value shall be credited to principal; (2) in the case of securities purchased at a premium, the premium shall be charged against principal without amortizing the same. Only the interest component of installment payments received on notes or contracts receivable shall be deemed to be income.

19. **Reliance on Furnished Information.** To rely upon any information, affidavit, certificate, letter, notice, telegram, or other document, or upon any telephone conversation believed by Trustee to be genuine and sufficient.

20. **Employment of Others.** To employ agents, attorneys, investment advisors, and other persons whose services may be required or advisable in the administration of the trust estate and to pay them reasonable compensation.

21. **Arbitration of Differences.** To submit to final arbitration any matter of difference with others.

22. **Settlement and Enforcement of Claims.** To compromise, compound and settle any obligation due to or from the trust estate (including Grantor's estate where appropriate); to reduce the rate of interest on, and to extend or otherwise modify, or to foreclose upon default or otherwise enforce, any such obligation; to enforce or to abstain from the enforcement of any right, obligation or claim; and to abandon, if in Trustee's absolute discretion Trustee shall deem it advisable, any property, real or personal, which may at any time form a part of the trust estate and of the beneficiaries thereof, either before or after default.

23. **Depositories and Investment of Cash.** To create and maintain and invest in savings accounts, checking accounts, certificates of deposit, money market funds, and all other forms of cash reserves and deposits, including safety deposit boxes, whether or not interest bearing, and to maintain said cash accounts and reserves with any institution or depository deemed appropriate by the Trustee. If the office of Trustee is held by Co-Trustees, and all Co-Trustees shall so instruct the depository, checks and withdrawals may be signed and made by any one Co-Trustee without the co-signature of any other Co-Trustee. Such accounts and deposits shall be titled in the name or names designated by the Trustee.

24. **Deputy Trustees.** To appoint a Deputy Trustee or Deputy Trustees, to function as would the Trustee in connection with any cash accounts or reserves including the authority to make deposits to and withdrawals from such cash accounts and reserves. All Deputy Trustees shall serve at the pleasure of the Trustee, and may be removed from office by the Trustee at any time, for any reason deemed sufficient by the Trustee.

25. **Delegation of Powers to Certain Co-Trustees.** Whenever the office of Trustee is held by Co-Trustees, the Co-Trustees may by unanimous written agreement delegate the authority and responsibility for exercise of certain of these powers, and the authority to perform certain duties and responsibilities of the Trustee (including but not limited to the signing of checks; providing orders to securities brokers or investment advisors, and the execution of any documents) to one or more designated Co-Trustees. Any document executed by fewer than all of the Co-Trustees in conformity with the provisions of this Paragraph shall be binding upon this Trust, its Trustee, its trust estate, and all beneficiaries hereunder. Whenever evidence of delegation of authority under the provisions of this Paragraph has been furnished to a party, such party may thereafter, until and unless written notice to the contrary from any Grantor or Co-Trustee is actually received by such party, conclusively presume that all acts and transactions of the Co-Trustee or Co-Trustees to whom such authority was delegated (so long as they are within the scope of the delegation of authority) have in all respects been duly and regularly authorized and all consents required under the provisions of Paragraph 26 below with respect to such acts and transactions have been properly obtained.

26. **Exercise of These Powers by Co-Trustees.** Whenever the office of Trustee is occupied by two Co-Trustees, such Co-Trustees must exercise the powers of Trustee by unanimous consent. If at any time the office of Trustee shall be held by more than two Co-Trustees, and such Co-Trustees shall be unable to agree with respect to any matter relating to the administration of this Trust, the decision and actions of a majority of the Co-Trustees shall be controlling.

27. **Environmental Matters.** Trustee may withhold distribution of any real estate to a beneficiary until receiving from that beneficiary an indemnification agreement in which the beneficiary agrees to indemnify the Trustee against any claims filed against the Trustee as an "owner" or "operator" of such property under the provisions of any federal, state, or local environmental laws or regulations duly promulgated thereunder. Trustee may set aside and

administer as a separate trust estate any property, or interests in property, whenever Trustee determines, based upon such information as shall be available to Trustee, that such property may or could cause potential liability under any federal, state, or local environmental law.

- (9) No other provisions of said Trust Agreement vary, modify, or limit the provisions set forth herein. The trust has not been revoked, modified, or amended in any manner to make the statements in this certification incorrect.
- (10) Any transaction, and any lien created thereby, entered into between the Trustee and a person or entity acting in good faith in reliance upon the facts stated in this Certification of Trust, is fully enforceable against the assets of the Trust, unless such person or entity has actual knowledge that the representations contained herein are incorrect, or that the Trustee is acting outside the scope of the Trust.

CONVERSATION MEMORANDUM

RE: Snake River Basin Adjudication Water Right No. A63-18312 & A63-18314

February 11, 2003

I called Peter Snider [#376-9900 (work) / #794-4588 (cell)] for further clarification of his father's two claims—for instance, which three homes they pertain to and how many wells are involved (since the project maps attached to the Notices of Claim are very difficult to decipher). As an aside, Pete said that his father still flood irrigates the yard and grounds and still has livestock. To answer my questions, Pete believes that the two houses claimed for 63-18312 are his parents' house (which we both know to be located at 840 E. Ustick) and the old farmhouse (which we both deduced, with the help of Ada County Tax Lot information and ArcView, to be the home located at 870 E. Ustick). Pete said that one well was shared between his fathers' home and the home located at 870 E. Ustick; but he is not sure if the owners of the house located at 870 E. Ustick are still using his father's well. He thinks they may have drilled their own well. Concerning the third home claimed by his father for 63-18314, Pete was unsure which house was covered by this claim; but he thought that it may be the home located to the west of his parents' house.

February 11, 2005

I called Mrs. Doolittle (#888-5952), the current owner of the home located at 870 E. Ustick, after I found water right #63-18685 in our date base. Mrs. Doolittle confirmed that they no longer use the well associated with #63-18312. When the Doolittles bought their home 15 years ago, they were using the well associated with #63-18312; but had to drill their own well 10 years ago when they refinanced their house. Water Right #63-18685 covers their new well.

February 14, 2005

Since I still had a question regarding the "third" home covered by 63-18314, I called William Snider (#888-2430). Mr. Snider confirmed that the house covered by 63-18312

is located to the west of his home. According to ArcView and Ada County Tax Lot information, its address is 750 E. Ustick Rd (Parcel Nos: S0531438450 & S0531347020).

RE: Snake River Basin Adjudication Water Right No. A63-18312

September 19, 2003

Pete Snider called on behalf of his father, William Snider, regarding the evidence of priority letter I recently sent. I returned his call at #376-9900. Pete began the conversation with, "Neither of us (he or his father) understand what this letter is about." I directed his attention to the pamphlet and mentioned that his father was the one that filled-out the *Notice of Claim*, therefore, I suggested that he should begin by talking to his father about how he came up with the 1900 date.

December 5, 2003

Pete Snider, the son of William Snider, called concerning evidence of priority. Pete said that his father lived next door and bought the property in 1948 or 1941 and that the well was there prior to that; the Smiths owned the farm in 1900. There is just one well and it is shallow, hand-dug well. His father also uses Nampa Meridian Irrigation District water. He is still trying to find some evidence for priority.

February 23, 2004

The daughter of William Snider, Erica (she would not give her last name), called and left a message with Nick Spencer after she received the letter sent from his office. I called her back at 373-4100. Based on some of my questions, Erica informed me that:

- Her parents have been on the property for almost 50 years
- Her father doesn't have city water
- Her mother, Helene, has passed away
- Her father would not remember how he came up with the 1900 priority date
- The house was built in 1904 and was the first Albertsons from State Street
- The one well was once used by two homes – the original farmhouse and her parents' home (although she believes that the other home may have put in a new well and no longer uses the original well located behind her father's house)
- Nampa Meridian Irrigation District water is used
- Her father still uses the stock water for 1 cow, 1 chicken, and 1 cat

February 24, 2004

Pete Snider, William Snider's son, called Nick Spencer. I returned Pete's call at #376-9900 (work) [#794-4588 – cell]. Pete Snider is still trying to find evidence of priority. He believes that the two houses that ran off of the same well were his parents' house and the original farmhouse.

I was retrieving a message from the "operator" phone at the front of the office, and there was a message on there for you from 13 days ago. I am sure you've already talked with this gentleman, because he probably called back by now, but just in case --

Pete Schneider called on behalf of his father, William Schneider, to discuss the water rights. (Probably received a letter from you.) He did not leave a water right number, however, he left this phone number - 376-9900.

So, I guess if you haven't already talked w/ him in the last 2 weeks, you can call him back if you need to. I am not sure if this message ever made it to you. Just ask me if you have any questions.

Hi Kimberly. While I was out sick I got a voice mail from the daughter of William Snyder (sp?) in response to the letter I sent out. Mr. Snyder's daughter did not leave her name; she just identified herself as Mr. Snyder's daughter. She said she was calling to get information about his water rights: 63-18312 and 63-18314. Her phone number is 373-4100. Could you call her back since you know what's going on with these rights and I don't. Thanks. NBS

- 1.) 1 or 2 wells? "there was another household (neighbor's house)" will used - I think or may have put in a new well
- 2.) 1 or 2 houses?

The hand dug well at this address has been used for irrigation since June of 1900 to supply pasture for dairy cows. In addition, the well was also used for one domestic household and stockwater purposes. Clyde Snider (Father of William Snider) lived across the road and had seen the water being used for these purposes and had told William Snider of his. The property was owned by the Tyler family in 1900 and was sold to Virgil Smith.

William Snider bought the property from Virgil Smith in 1948. William Snider had talked with Virgil Smith about the Tylers' use of the water on their property.

Re: SRBA Claims A63-18312, A63-18314

Dear Claimant(s):

I am the Deputy Attorney General assigned to represent the Idaho Department of Water Resources in Basin 63 in the Snake River Basin Adjudication.

The Department of Water Resources has previously contacted you regarding information on the priority date for the above SRBA claim. In order to make a positive recommendation of this water right, each element of the water right must be proven.

The Department plans to issue its Preliminary Recommendations on this water right later this year. If the Department does not receive all the necessary evidence for this claim, it will have no option but to recommend to the SRBA Court that this water right be disallowed, meaning that the water right will not be valid.

Please contact Kimberly Brown at the Western Regional Office for the Idaho Department of Water Resources at (208) 334-2190. If she does not hear from you by March 12, 2004, then your water right will be recommended as disallowed.

Very truly yours,

RE: EVIDENCE OF PRIORITY

Snake River Basin Claim No(s): A63-18312, A63-18314

Dear Claimant(s),

In the past, you submitted the above referenced claim(s) during the Snake River Basin Adjudication (SRBA) claims taking. Enclosed is a computer generated print-out of the claim(s) for your reference only, it is not necessary to return this print-out or re-file it. You indicated, when this claim was filed, that the water right(s) was based on either a "Statutory Claim" or "Beneficial Use" of the water. Water rights of this type are established by historical use of the water for a beneficial use purpose, dating back to the time the water was first used; this date being the "Priority Date" as shown on the enclosed print-out. Your claim(s) has not been confirmed by a previous filing with the Department of Water Resources since there is no decree, license, or permit on file to verify the use of this water. For this reason, the Department is required to gather evidence from claimants supporting the date of priority for claims based on historical beneficial use of water.

Enclosed is a pamphlet entitled "Evidence of Priority" which describes why evidence of the priority date is necessary, along with examples of types of evidence that can be submitted to fulfill this requirement.

It is important that each element of the Notice of Claim be substantiated. For instance, regarding claims for irrigation, the evidence should tend to show that diversion works were in place, that they were capable of diverting the claimed diversion rate, and that the diverted water was beneficially used on the entire claimed place of use on or before the claimed priority date.

If no evidence is submitted, or we do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree. This could jeopardize your water use under this right(s) if water availability problems arise in the future. Since it is our goal to decree the historical water rights within the Snake River Basin as accurately as possible, field exams are now being conducted by Department water resource agents to verify claims in this area.

The required evidence supporting the priority date(s) requested needs to be submitted by September 4, 2003. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter and the enclosed pamphlet, by the date indicated above. In addition, please contact me at the Western Region office as soon as possible to set up a field exam.

RE: Investigation of Water Right Claims in the Snake River Basin Adjudication, Basin 63

Dear Claimant:

As you may be aware, the Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Boise River Basin (Basin 63). This investigation is a major effort, and IDWR has hired a contractor, Intrepid Engineering Services, to assist us with this task.

The purpose of this letter is to advise you that Intrepid might be contacting you to conduct a field investigation of your water use. This investigation is meant to provide important information to the IDWR Senior Water Resource Agent who will be making a recommendation for your water rights. Accordingly, we request that you provide Intrepid with access to your water diversion system so that their personnel can conduct this field examination. Intrepid will be gathering information on the rate of flow, diversion location and place of use of your water rights, and will be reporting this information to IDWR.

If you have sold your property in the Boise River Basin, we request that you forward this letter to the purchaser, so that the purchaser can report the new name and address to our office. If you are unable to forward this letter, please send any information regarding a new owner to our Western Regional Office located at 2735 Airport Way, Boise, 83705, (208) 334-2190.

The process of adjudicating your water rights is straightforward for most people, resulting in the issuance of decreed water rights on your property. Experience has shown that water users who work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Intrepid to ensure that the results accurately reflect your water uses.

Sincerely,

Jan Shurte
Adjudication Section Supervisor
Western Regional Office
