**CAROL MACGREGOR

Dear Carol,

We are currently in the process of reviewing the above referenced claim(s), which were filed during the Snake River Basin Adjudication (SRBA) claims filing. However, due to the problem explained below we may not be able to recommend this claim to the SRBA Court in Twin Falls for decree. A claim profile report is enclosed for your review.

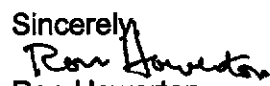

In our first part of our investigation for the above referenced claim(s), IDWR (IDAHO DEPARTMENT OF WATER RESOURCES) hired a contractor "**Intrepid Engineering Services, Inc.**". Their job was to locate the claimed water source, make contact with the owner if possible and measure the amount of flow for IDWR to help speed up our large amount of fieldwork for beneficial use claims. Beneficial use claims normally have never been investigated by IDWR and thus no license or decreed right exists for these beneficial use claims and we need to verify the claimed elements of the claimed beneficial uses for the court.

"Intrepid" Contractor findings:

They did not find the well for the above claim, thus, no beneficial use.

If you agree that the claimed well source no longer exists and/or has been capped off and/or no longer has any beneficial use, please sign and return the enclosed Request for Withdrawal of Claim form in the enclosed return envelope. Our investigation then will be closed for this claim after we receive your "signed" Withdrawal of Claim form.

However, if you believe our contractor may have missed finding this well source or any replacement well source and/or the claimed beneficial use, then please contact me at 334-2190 ASAP to set up an appointment for a field exam. If I do not get the withdrawal form or hear from you within 30 days of the date of this letter I will assume that our contractor was correct and your claim to beneficial use may not be recommended. It is highly important that you respond.

Sincerely,

Ron Howerton

RE: Investigation of Water Right Claims in the Snake River Basin Adjudication, Basin 63

Dear Claimant:

As you may be aware, the Idaho Department of Water Resources (IDWR) is commencing its Snake River Basin Adjudication (SRBA) investigation of water rights in the Boise River Basin (Basin 63). This investigation is a major effort, and IDWR has hired a contractor, Intrepid Engineering Services, to assist us with this task.

The purpose of this letter is to advise you that Intrepid might be contacting you to conduct a field investigation of your water use. This investigation is meant to provide important information to the IDWR Senior Water Resource Agent who will be making a recommendation for your water rights. Accordingly, we request that you provide Intrepid with access to your water diversion system so that their personnel can conduct this field examination. Intrepid will be gathering information on the rate of flow, diversion location and place of use of your water rights, and will be reporting this information to IDWR.

If you have sold your property in the Boise River Basin, we request that you forward this letter to the purchaser, so that the purchaser can report the new name and address to our office. If you are unable to forward this letter, please send any information regarding a new owner to our Western Regional Office located at 2735 Airport Way, Boise, 83705, (208) 334-2190.

The process of adjudicating your water rights is straightforward for most people, resulting in the issuance of decreed water rights on your property. Experience has shown that water users who work with our agency early in the process to ensure that their recordings are correct have a better experience than those who wait until IDWR has filed its findings with the SRBA Court. Thus, we encourage you to work with our staff and with Intrepid to ensure that the results accurately reflect your water uses.

Sincerely,

Jan Shurte

Dear Claimant(s):

Enclosed is a copy of the DENIED Extension of Time request form previously submitted in connection with the above referenced Notice of Claim(s).

At the time you filed the Notice of Claim(s) the required filing fee was paid. However, because the claim(s) was postmarked and/or received at a Department of Water Resources office after the filing deadline for the county in which the water right(s) lies, a late fee was required. The late fee is either a \$50 flat fee or 15% of the original filing fee, whichever is greater, for each claim. Your extension request was filed to try and avoid having to pay this late fee, which now must be paid due to the denial of this request. The late fee due for this claim(s) is \$ 50.00.

Please submit this late fee within 30 days from the date of this letter in order to insure your claim(s) is recommended to the court for decree in the Snake River Basin Adjudication. If this late fee is not received within the 30-day time period, your claim(s) will be returned to you, your original filing fee refunded, and unless we hear from you prior to submitting our report to the court, the water right(s) covered by this claim(s) will be invalid. If there is a problem with submitting this late fee, either a letter or phone call must be received within the 30-day time limit to keep this claim(s) valid. Feel free to contact this office with any questions you may have.

Sincerely,

Jan Shurte
