Aaron T. Boston, P.E. being first duly sworn,

deposes and says:

Evidence of priority of 01/01/1950 is submitted for the Parks and Recreation's "Southwest Bubbler Well" for irrigation and stock water via the attached document titled "Recommendations" submitted as a Biennial report by the Warden of the Idaho State Penitentiary.

See page 9 in reference to crops, for irrigation for the period of 1948-1950 at the Eagle Island Prison Farm.

Additional historical aerial photos of growing crops may be submitted if needed.

The old buildings of the dairy and the slaughterhouse facility can still be seen today as evidence of historical stock activity at the Island State Park.

Debra S. Crawford
(Notary Public)

Residing at Boise, Idaho.

My Commission Expires 9-18-2004.

RECOMMENDATIONSDETENTION WARD:

This additional unit to and within the Idaho State Penitentiary property is necessary for the purpose of segregation and security, and will also include the execution chamber and death cell.

HEATING PLANT:

This unit is necessary to house the heating equipment now necessary to cover our present expansion.

RECREATIONAL BLEACHERS STAND:

This unit is necessary to accommodate the public in the field of recreational progress of the Idaho State Penitentiary.

GYMNASIUM:

This unit is necessary to continue the recreational program during inclement weather.

HOT HOUSE:

This unit is necessary as a vocational training and state supply source and for beautification of state-owned properties program.

WELL-DRILLING SOURCE OF WATER SUPPLY:

This work is necessary in case of a national emergency and for the development of penitentiary property by irrigation.

LEASING AND PURCHASING OF ADDITIONAL FARM GROUND:

Acquirement of this land is necessary for the establishment of a permanent parole camp and the raising of beef cattle for consumption at the Idaho State Penitentiary.

CHANGING OF APPROACH TO EAGLE ISLAND RANCH:

This change is necessary for the completion of the improvement program of Eagle Island Ranch.

THE PROCUREMENT OF FOUR SECTIONS OF LAND FOR FUTURE EXPANSION:

This ground is necessary for future expansion.

CONSTRUCTION OF QUARTERS FOR PERSONNEL:

Construction of quarters for personnel of the Idaho State Penitentiary is an essential factor for the operation and security of the State Penitentiary.

EAGLE ISLAND RANCH IMPROVEMENT:

The necessity of construction of a horse barn and machine shed for the proper care of machinery and livestock is apparent.

HONORABLE GOVERNOR OF THE STATE OF IDAHO AND MEMBERS OF THE 31ST LEGISLATURE,
Gentlemen:

As Chairman of the State Board of Correction and Warden of the Idaho State Penitentiary, I have the honor of submitting for my department the Biennial Report covering the fiscal years for the period July 1, 1948 to June 30, 1950, inclusive.

The following is a summary of the general activities of the State Board of Correction, the Idaho State Penitentiary and the construction program being carried on at the institution during the past two years.

The Biennial Report also includes a report on our educational and rehabilitational program at the Idaho State Penitentiary, prepared and supervised by Robert P. Schofield, Vice-Chairman of the State Board of Correction, Director of Rehabilitation, Personnel Director and Chairman of the Merit Board of the State Board of Correction, and the report of our Probation and Parole Department and Parole Camp Program by Herman P. Fails, Secretary of the State Board of Correction and Director of Probation and Parole.

I wish to advise that the population of the Idaho State Penitentiary has increased tremendously during the past two years, showing an average of 423 inmates confined in the institution during the period covered by this Biennial Report. This report also shows an average of 398 men and women on probation and parole during the same period of time.

The per capita cost for the inmates confined in the institution for the past two years was \$1.72 per day. The per capita cost of the men and women on probation and parole was \$.40 per day. The over-all per-capita cost of the men and women under the jurisdiction of the Board of Correction was \$1.24 per day.

I am pleased to advise that the Idaho State Penitentiary has shown an income from the sales of produce, license plates and other miscellaneous sales in the amount of \$114,966.81. In addition to this, we received \$71,622.96 from the endowment fund. I also wish to report that on October 27, 1950, when the last audit for the Idaho State Penitentiary was completed by the State Auditor's Office, we had \$8,763.17 in the inmates' account.

In regards to the improvements at the Idaho State Penitentiary during the past two years, the dormitory at the Eagle Island Ranch has been completed and is now in use, completing the improvement program approved by the Legislature in 1947.

The Legislature in 1949 appropriated \$315,000.00 for the construction of a new cellhouse, capacity 320 inmates; new administration building; new shop building, to be used for shops in vocational training; new building to be used for schoolroom and auditorium, and new prison yard with two new towers and enclosed by a double wire fence. All work on this construction program is being done by inmate labor under supervision of trained personnel.

I wish to report the completion of the double wire enclosure with the two new towers, which are now in use. Inside this enclosure we have completed the construction of the new shop building, complete with the installation of machinery necessary for the fabrication of the steel cell fronts to be used in the new cellhouse. The building to be used as a school and auditorium is

6-30-50

still in the stage of construction, the foundation being poured and the walls partially completed. The new cellhouse is still in the stage of construction. All footings and foundations have been completed, and we are now in the process of installing the first and second tiers. The new administration building is nearing completion, and will be ready for occupancy in about sixty days. This program has kept approximately 350 inmates employed during the past year. In addition to the work being done by inmate labor, we have installed machinery necessary for making cinder blocks and concrete tile. This material is being used in the construction of the buildings. Through this program, which has been used for educational and vocational training, we have been able to release numerous men to society prepared and trained for useful occupations upon their release.

I take pleasure in reporting to you that through this program the State of Idaho has gained, by these improvements and buildings, values at better than twice the cost of construction. For example: the Eagle Island Ranch dormitory was constructed at a total cost of \$14,048.03. The estimated value of this building today is approximately \$60,000.00, showing a benefit to the state of approximately \$45,000.00.

The \$315,000.00 appropriated from the permanent building fund by the 1949 legislature will receive in return, upon completion of this program, buildings and improvements of estimated value to exceed \$700,000.00, showing a saving to the state of approximately \$385,000.00. This figure cannot be computed into the income of the institution; however, it should be considered as a step forward in putting this institution in the category of being almost self-supporting. This program has been worked out through the cooperation and help of the Department of Public Works. We are asking the 31st Session of the Legislature to approve the necessary funds for a continuation of this improvement program at the Idaho State Penitentiary.

License plates were manufactured at the Idaho State Penitentiary for 1950 at approximate saving to the state of 4¢ per plate. Our license plate factory is now in the process of manufacturing license plates for 1951.

All buildings at the Eagle Island Ranch have been repaired and repainted. All roofs of the buildings at the Idaho State Penitentiary have been repaired and reconditioned. The electrical power line has been replaced with new wiring and adequate capacity to take care of the increased load.

The Board of Correction has established parole camps throughout the state in the past two years, which have completed work for several state departments in Idaho; and through their work we have gained several thousand dollars worth of material from the Peterson Drill Hall at Farragut, Idaho, which was used in our vocational, educational and construction programs here. Approximately 21,000 fence posts were received for this institution from the parole camp established at Kooskia, Idaho. Further details on these parole camps will be found in the report of Herman P. Fails, Secretary of the Board of Correction and Director of Probation and Parole.

A merit system was established here for all employees by the Board of Correction in 1949. Robert P. Schofield is Chairman of the Merit Board and Director of Personnel.

All employees are working 8-hour shifts, with one day off each week. Details of this program will be found in the report of Robert P. Schofield, the Vice-Chairman of the Board of Correction and Director of Education and Rehabilitation.

LIVESTOCK AND FARM PRODUCE
1948-1950 BIENNIUM

Following is the Biennial Report of Eagle Island Prison Farm, Mosely Farm and farm ground adjacent to the penitentiary.

The following report represents produce and stock raised on these farms in the past two years. The value of the produce and stock raised at the Eagle Island Prison Farm is approximately \$54,629.99 for 1948-1950.

CATTLE AND LIVESTOCK

CATTLE:

Cattle Consumed at the Penitentiary 62 head or 42,980 Pounds
 Balance of Cattle On Hand as of June 30, 1950 112 Head

HOGS:

Hogs Processed Into Lard, Hams, Bacon and Fresh Meat . . . 65,386 Pounds
 Hogs On Hand 284 Head

HORSES:

Horses On Hand 12 Head

POULTRY AND RABBITS:

Laying Hens 2600
 Eating Stock 500
 Baby Chicks 2000
 Rabbits 120
 Daily Average of Egg Production 1500

MILK AND CREAM:

Milk Delivered To and Used By the Penitentiary 77,590 Gallons
 Cream Delivered To and Used By the Penitentiary 3,285 Gallons
 Milk Sold to Market 13,500 Gallons
 Cream Sold to Market 1,000 Gallons

CROPS:

Hay 500 Tons
 Ensilage 3,200 Tons
 Oats 5,500 Bushels
 Wheat 3,320 Bushels
 Barley 1,500 Bushels
 Mixed Grain 2,400 Bushels

BALANCE ON HAND JUNE 30, 1950:

Hay 250 Tons
 Ensilage 160 Tons
 Oats 1,500 Bushels
 Wheat 750 Bushels
 Barley 200 Bushels
 Mixed Grain 950 Bushels

CANNERY REPORT

Fruits and Vegetables Canned During 1949 and 1950	35,350 Gallons
Pickles	50 Barrels
Sauerkraut	20 Barrels
Fruit and Vegetables On Hand November 30, 1950	18,000 Gallons
Pickles	10 Barrels
Sauerkraut	10 Barrels

All vegetables canned at the institution were raised at the Prison Farm.

* DENOTES REF.

rect vocational training. A well-organized vocational training program not only has recognized value for the prisoners, but also great practical value for the institution itself.

Vocational training should not be limited to institutional maintenance or industrial activities, however, or to the traditional skilled mechanical trades. Training should also be given in newer occupations which offer good placement opportunities. Vocational training should be constantly modernized in line with new developments in industry, skilled trades and business. It should be recognized that the training needed for many occupations is short, and also that there are some for which it is not practicable to give training in an institution.

On 1 July, 1950 the construction of a new cell block, auditorium, school rooms, vocational shops and administration building was started, using supervised inmate labor.

A small amount of building was completed in June, 1950, namely:

A new 30-man dormitory with kitchen and the remodeling of the dairyman's house at Eagle Island Ranch.

Vocational training up to 1 July, 1950, due to lack of facilities, has been held to the following categories and inmates employed:

<u>Inmates</u>		<u>Inmates</u>

Auto Mechanics	2	Hospital Attendants	2
Dairymen	4	Tag Plant Workers	16
Swinemen	2	Total	<u>232</u>

The above occupations were being conducted on a semi-classification system. It is not being practical to organize beyond. 508,180 man hours were consumed.

As of 1 July, 1950 the work and maintenance program diverted to construction, maintenance and work programs, including agriculture, and a permanent classification system and work accomplishment record is now in force, consisting of the following:

Typist	Clerk	Multilith Operator
Presser	Janitor	Tailor
Runner	Electrician	Cutter
Sewing Machine Operator	Electrician Apprent.	Plumber
Vegetable Cleaner	Welder	Plumber Apprentice
Carpenter	Carpenter Apprentice	Mechanic
Tumbler Man	Storekeeper	Mechanic Apprentice
Hangleman	Tubman	Checker
Handyman	Steelman	Steelman Apprentice

OTHER PROVISIONS NECESSARY FOR DEFINITION OR ADMINISTRATION OF THIS WATER RIGHT:

This partial decree is subject to such general provisions necessary for the definition of the rights or for the efficient administration of the water rights as may be ultimately determined by the Court at a point in time no later than the entry of a final unified decree. Section 42-1412(6), Idaho Code.

The quantity of water decreed for this water right for stockwater use is not a determination of historical beneficial use.

EXPLANATORY MATERIAL: BASIS OF CLAIM - Beneficial Use

Use of this right is combined with water from Mace Catlin Ditch Company.

PARCEL NO: a portion of S0413131516.

Stockwater use is for 112 range cattle and 12 horses.

LIVESTOCK AND FARM PRODUCE
1948-1950 BIENNIUM

Following is the Biennial Report of Eagle Island Prison Farm, Mosely Farm and farm ground adjacent to the penitentiary.

The following report represents produce and stock raised on these farms in the past two years. The value of the produce and stock raised at the Eagle Island Prison Farm is approximately \$54,629.99 for 1948-1950.

CATTLE AND LIVESTOCK

CATTLE:

Cattle Consumed at the Penitentiary 62 head or 42,980 Pounds
Balance of Cattle On Hand as of June 30, 1950 112 Head

HOGS:

Hogs Processed Into Lard, Hams, Bacon and Fresh Meat . . . 65,386 Pounds
Hogs On Hand 284 Head

HORSES:

Horses On Hand 12 Head

POULTRY AND RABBITS:

Laying Hens 2600
Eating Stock 500
Baby Chicks 2000
Rabbits 120
Daily Average of Egg Production 1500

MILK AND CREAM:

Milk Delivered To and Used By the Penitentiary 77,590 Gallons
Cream Delivered To and Used By the Penitentiary 3,285 Gallons
Milk Sold to Market 13,500 Gallons
Cream Sold to Market 1,000 Gallons

CROPS:

Hay 500 Tons
Ensilage 3,200 Tons
Oats 3,500 Bushels
Wheat 3,320 Bushels
Barley 1,500 Bushels
Mixed Grain 2,400 Bushels

BALANCE ON HAND JUNE 30, 1950:

Hay 250 Tons
Ensilage 160 Tons
Oats 1,500 Bushels
Wheat 750 Bushels
Barley 200 Bushels
Mixed Grain 950 Bushels

2. The amounts shown are based on 35 gpd/head with a 12 month period of use. (i.e. for dairy cattle). The amount does not include a loss. (i.e. thru conveyance, etc.).

3. For annual use calculations which involve more than 1000 head, round the number of head up to the next even one hundred, and

Volume

- a) for livestock use @ 12 gpd/hd, N (0.0134).
- b) for dairy use @ 35 gpd/hd, N (0.0391).

12 gal/day/head -

Rate

- a) for livestock use @ 12 gpd/hd, N (0.00022).
- b) for dairy use @ 35 gpd/hd, N (0.00065).

The answer should be rounded up to the nearest whole acre-foot.

*The rate is based upon approx. 2 hr/day diversion to obtain daily requirement.

A. Kenneth Dunn

Adjudication Unit Supervisor
Western Region

RE: Four "New" Claims: Eagle Island State Park

Dear Ms. Shurte:

Idaho Parks and Recreation would like to submit four additional "New" claims for the Eagle Island State Park.

A check is attached for these claims in the amount of \$155.
The claim-filing fee TABLE breakdown is as follows:

CLAIM REFERENCE	FLAT FEE	VARIABLE FEE	TOTALS
DORMITORY	\$50.00	\$5.00	\$55.00
IRRIGATION	\$50.00	***	\$50.00
STOCK	\$25.00		\$25.00
STOCK	\$25.00		\$25.00
TOTAL			\$155.00

*** It is our understanding that the variable fee for the irrigated acres has already been paid by the overlapping ditch company's claims.

I am also enclosing various photo images with layouts depicting the point of diversion and place of use in respect to legal descriptions and of their uses. (We may transmit the shape files, if desired) We are also attaching evidence of priority for the Dormitory and Irrigation claims.

If you need any additional information or have other concerns please don't hesitate to contact me.

Thank you very much,

Aaron T. Boston, P.E.
Development Engineer

Subject: RE: WR Proof Report 63-31822

I see where the problem is that needs to be changed...Under beneficial uses it shows irrigation twice and is not showing stockwater.....

<< File: WRProof Report1_.rtf >>

Data entered as irrigation only. Corrected to
show stockwater use also. Dzy
