My understanding is -

Parcels 1, 2 & 3 were
owned by Long.

Glades Sweeney purchased
Parcel #1 and

Harold Sweeney purchased 2 & 3
I think sometime in mid to late 60's
We purchased 2 & 3 from
Harold Sweeney in April 1978

Parcel #1 is currently owned
by Silguists
Hope this helps

NOTICE OF CHANGE IN WATER RIGHT OWNERSHIP

Please print or type. Attach pages with additional information. Instructions are included at the end of this form.
Incomplete forms will be returned.

1. Please list the water right number(s) and/or adjudication claim number(s) (if any) for each water right to be changed. List just the adjudication claim number if there is no corresponding water right record on file with the department. Indicate, by checking in the space provided (under the "split" heading), if the change in ownership is limited to a portion of a water right in which case division of the existing water right or adjudication claim record will be required.

Water Right No(s).	Adjudication Claim No(s).	Split	Water Right No(s).	Adjudication Claim No(s).	Split

2. The following **REQUIRED** information must be submitted with this form:

A. The appropriate **FILING FEE**. See instructions for fee amounts.

(no filing fee) (see Instructions #2)

B. A copy of the most recent **DEED, TITLE POLICY, CONTRACT OF SALE** or other legal document indicating your ownership of the property and water right(s) or claim(s) in question, **WITH ATTACHED LEGAL DESCRIPTION**.

☒ Either of the following (if necessary to clarify division of water rights or other complex property descriptions):

PLAT OF PROPERTY or **SURVEY MAP** clearly showing the location of the point(s) of diversion and place of use of your water right(s) and/or adjudication claim(s) (these are usually attached to your deed or on file with the county).

OR

If your water right(s) and/or adjudication claim(s) is for ten or more acres of irrigation, you must submit a USDA Farm Service Agency **AERIAL PHOTO** with the irrigated acres outlined and point(s) of diversion clearly marked. The **AERIAL PHOTO** should be submitted in place of the **PLAT OF PROPERTY** or **SURVEY MAP**.

My Commission Expires: 11-3-97

5. Hazard or Property Insurance. Borrower shall keep the improvements now existing or hereafter erected on the Property insured against loss by fire, hazards included within the term "extended coverage" and any other hazards, including floods or flooding, for which Lender requires insurance. This insurance shall be maintained in the amounts and for the periods that Lender requires. The insurance carrier providing the insurance shall be chosen by Borrower subject to Lender's approval which shall not be unreasonably withheld. If Borrower fails to maintain coverage described above, Lender may, at Lender's option, obtain coverage to protect Lender's rights in the Property in accordance with paragraph 7.

All insurance policies and renewals shall be acceptable to Lender and shall include a standard mortgage clause. Lender shall have the right to hold the policies and renewals. If Lender requires, Borrower shall promptly give to Lender all receipts of paid premiums and renewal notices. In the event of loss, Borrower shall give prompt notice to the insurance carrier and Lender. Lender may make proof of loss if not made promptly by Borrower.

Unless Lender and Borrower otherwise agree in writing, insurance proceeds shall be applied to restoration or repair of the Property damaged, if the restoration or repair is economically feasible and Lender's security is not lessened. If the restoration or repair is not economically feasible or Lender's security would be lessened, the insurance proceeds shall be applied to the sums secured by this Security Instrument, whether or not then due, with any excess paid to Borrower. If Borrower abandons the Property, or does not answer within 30 days a notice from Lender that the insurance carrier has offered to settle a claim, then Lender may collect the insurance proceeds. Lender may use the proceeds to repair or restore the Property or to pay sums secured by this Security Instrument, whether or not then due. The 30-day period will begin when the notice is given.

Unless Lender and Borrower otherwise agree in writing, any application of proceeds to principal shall not extend or postpone the due date of the monthly payments referred to in paragraphs 1 and 2 or change the amount of the payments. If under paragraph 21 the Property is acquired by Lender, Borrower's right to any insurance policies and proceeds resulting from damage to the Property prior to the acquisition shall pass to Lender to the extent of the sums secured by this Security Instrument immediately prior to the acquisition.

6. Occupancy, Preservation, Maintenance and Protection of the Property; Borrower's Loan Application; Leaseholds. Borrower shall occupy, establish, and use the Property as Borrower's principal residence within sixty days after the execution of this Security Instrument and shall continue to occupy the Property as Borrower's principal residence for at least one year after the date of occupancy, unless Lender otherwise agrees in writing, which consent shall not be unreasonably withheld, or unless extenuating circumstances exist which are beyond Borrower's control. Borrower shall not destroy, damage or impair the Property, allow the Property to deteriorate, or commit waste on the Property. Borrower shall be in default if any forfeiture action or proceeding, whether civil or criminal, is begun that in Lender's good faith judgment could result in forfeiture of the Property or otherwise materially impair the lien created by this Security Instrument or Lender's security interest. Borrower may cure such a default and reinstate, as provided in paragraph 18, by causing the action or proceeding to be dismissed with a ruling that, in Lender's good faith determination, precludes forfeiture of the Borrower's interest in the Property or other material impairment of the lien created by this Security Instrument or Lender's security interest. Borrower shall also be in default if Borrower, during the loan application process, gave materially false or inaccurate information or statements to Lender (or failed to provide Lender with any material information) in connection with the loan evidenced by the Note, including, but not limited to, representations concerning Borrower's occupancy of the Property as a principal residence. If this Security Instrument is on a leasehold, Borrower shall comply with all the provisions of the lease. If Borrower acquires fee title to the Property, the leasehold and the fee title shall not merge unless Lender agrees to the merger in writing.

7. Protection of Lender's Rights in the Property. If Borrower fails to perform the covenants and agreements contained in this Security Instrument, or there is a legal proceeding that may significantly affect Lender's rights in the Property (such as a proceeding in bankruptcy, probate, for condemnation or forfeiture or to enforce laws or regulations), then Lender may do and pay for whatever is necessary to protect the value of the Property and Lender's rights in the Property. Lender's actions may include paying any sums secured by a lien which has priority over this Security Instrument, appearing in court, paying reasonable attorneys' fees and entering on the Property to make repairs. Although Lender may take action under this paragraph 7, Lender does not have to do so.

Any amounts disbursed by Lender under this paragraph 7 shall become additional debt of Borrower secured by this Security Instrument. Unless Borrower and Lender agree to other terms of payment, these amounts shall bear interest from the date of disbursement at the Note rate and shall be payable, with interest, upon notice from Lender to Borrower requesting payment.

8. Mortgage Insurance. If Lender required mortgage insurance as a condition of making the loan secured by this Security Instrument, Borrower shall pay the premiums required to maintain the mortgage insurance in effect. If, for any reason, the mortgage insurance coverage required by Lender lapses or ceases to be in effect, Borrower shall pay the premiums required to obtain coverage substantially equivalent to the mortgage insurance previously in effect, at a cost substantially equivalent to the cost to Borrower of the mortgage insurance previously in effect, from an alternate mortgage insurer approved by Lender. If substantially equivalent mortgage insurance coverage is not available, Borrower shall pay to Lender each month a sum equal to one-twelfth of the yearly mortgage insurance premium being paid by Borrower when the insurance coverage lapsed or ceased to be in effect. Lender will accept, use and retain these payments as a loss reserve in lieu of mortgage insurance. Loss reserve

16. Borrower's Copy. Borrower shall be given one conformed copy of the Note and of this Security Instrument.

17. Transfer of the Property or a Beneficial Interest in Borrower. If all or any part of the Property or any interest in it is sold or transferred (or if a beneficial interest in Borrower is sold or transferred and Borrower is not a natural person) without Lender's prior written consent, Lender may, at its option, require immediate payment in full of all sums secured by this Security Instrument. However, this option shall not be exercised by Lender if exercise is prohibited by federal law as of the date of this Security Instrument.

If Lender exercises this option, Lender shall give Borrower notice of acceleration. The notice shall provide a period of not less than 30 days from the date the notice is delivered or mailed within which Borrower must pay all sums secured by this Security Instrument. If Borrower fails to pay these sums prior to the expiration of this period, Lender may invoke any remedies permitted by this Security Instrument without further notice or demand on Borrower.

18. Borrower's Right to Reinstate. If Borrower meets certain conditions, Borrower shall have the right to have enforcement of this Security Instrument discontinued at any time prior to the earlier of: (a) 5 days (or such other period as applicable law may specify for reinstatement) before sale of the Property pursuant to any power of sale contained in this Security Instrument; or (b) entry of a judgment enforcing this Security Instrument. Those conditions are that Borrower: (a) pays Lender all sums which then would be due under this Security Instrument and the Note as if no acceleration had occurred; (b) cures any default of any other covenants or agreements; (c) pays all expenses incurred in enforcing this Security Instrument, including, but not limited to, reasonable attorneys' fees; and (d) takes such action as Lender may reasonably require to assure that the lien of this Security Instrument, Lender's rights in the Property and Borrower's obligation to pay the sums secured by this Security Instrument shall continue unchanged. Upon reinstatement by Borrower, this Security Instrument and the obligations secured hereby shall remain fully effective as if no acceleration had occurred. However, this right to reinstate shall not apply in the case of acceleration under paragraph 17.

19. Sale of Note; Change of Loan Servicer. The Note or a partial interest in the Note (together with this Security Instrument) may be sold one or more times without prior notice to Borrower. A sale may result in a change in the entity (known as the "Loan Servicer") that collects monthly payments due under the Note and this Security Instrument. There also may be one or more changes of the Loan Servicer unrelated to a sale of the Note. If there is a change of the Loan Servicer, Borrower will be given written notice of the change in accordance with paragraph 14 above and applicable law. The notice will state the name and address of the new Loan Servicer and the address to which payments should be made. The notice will also contain any other information required by applicable law.

20. Hazardous Substances. Borrower shall not cause or permit the presence, use, disposal, storage, or release of any Hazardous Substances on or in the Property. Borrower shall not do, nor allow anyone else to do, anything affecting the Property that is in violation of any Environmental Law. The preceding two sentences shall not apply to the presence, use, or storage on the Property of small quantities of Hazardous Substances that are generally recognized to be appropriate to normal residential uses and to maintenance of the Property.

Borrower shall promptly give Lender written notice of any investigation, claim, demand, lawsuit or other action by any governmental or regulatory agency or private party involving the Property and any Hazardous Substance or Environmental Law of which Borrower has actual knowledge. If Borrower learns, or is notified by any governmental or regulatory authority, that any removal or other remediation of any Hazardous Substance affecting the Property is necessary, Borrower shall promptly take all necessary remedial actions in accordance with Environmental Law.

As used in this paragraph 20, "Hazardous Substances" are those substances defined as toxic or hazardous substances by Environmental Law and the following substances: gasoline, kerosene, other flammable or toxic petroleum products, toxic pesticides and herbicides, volatile solvents, materials containing asbestos or formaldehyde, and radioactive materials. As used in this paragraph 20, "Environmental Law" means federal laws and laws of the jurisdiction where the Property is located that relate to health, safety or environmental protection.

NON-UNIFORM COVENANTS. Borrower and Lender further covenant and agree as follows:

21. Acceleration; Remedies. Lender shall give notice to Borrower prior to acceleration following Borrower's breach of any covenant or agreement in this Security Instrument (but not prior to acceleration under paragraph 17 unless applicable law provides otherwise). The notice shall specify: (a) the default; (b) the action required to cure the default; (c) a date, not less than 30 days from the date the notice is given to Borrower, by which the default must be cured; and (d) that failure to cure the default on or before the date specified in the notice may result in acceleration of the sums secured by this Security Instrument and sale of the Property. The notice shall further inform Borrower of the right to reinstate after acceleration and the right to bring a court action to assert the non-existence of a default or any other defense of Borrower to acceleration and sale. If the default is not cured on or before the date specified in the notice, Lender, at its option, may require immediate payment in full of all sums secured by this Security Instrument without further demand and may invoke the power of sale and any other remedies permitted by applicable law. Lender shall be entitled to collect all expenses incurred in pursuing the remedies provided in this paragraph 21, including, but not limited to, reasonable attorneys' fees and costs of title evidence.

If Lender invokes the power of sale, Lender shall execute or cause Trustee to execute written notice of the occurrence of an event of default and of Lender's election to cause the Property to be sold, and shall cause such notice to be recorded in each county in which any part of the Property is located. Lender or Trustee shall mail copies of the notice as prescribed by applicable law to Borrower and to other persons prescribed by applicable law. Trustee shall give public notice of sale to the persons and in the manner prescribed by applicable law. After the time required by applicable law, Trustee, without demand on Borrower, shall sell the Property at public auction to the highest bidder at the time and place and under the terms designated in the notice of sale in one or more parcels and in any order Trustee determines. Trustee may postpone sale of all or any parcel of the Property by public announcement at the time and place of any previously scheduled sale. Lender or its designee may purchase the Property at any sale.

Jan,

Kimberly asked me to call Boise Title and Escrow and request a copy of the Warranty Deed for Mrs. Lillquist's change in ownership. The problem is that Boise title no longer exists and I am not sure where to turn next unless it is to Mrs. Lillquist. Kimberly has specifically asked for a warranty deed twice now and both times Mrs. Lillquist has brought in the wrong thing. So to make a long story short is there anyway we can take a quitclaim deed and a deed of trust as sufficient proof? If not I guess I will request a Warranty Deed from Mrs. Lillquist again and see what that gets me. Any advice or ideas are greatly appreciated!

Thanks,
Liberty

Re: Original Notice of Claim to a Water Right No. 63-8289

Renumbered to Notice of Claim to a Water Right No. 63-32189

Dear Claimant(s):

We have received and processed a Change of Ownership for a portion of your original Claim to a Water Right Number as referenced above. This change of ownership resulted in a split of your original claim.

When a portion of the original water right claim has been conveyed to another and the original right has been split, then the original claim number is renumbered by issuing a new water right number to represent each split. Each split contains only the portion of the original right for each separate owner. The above referenced new claim number reflects your remaining portion of the original claim after the change of ownership. Enclosed is a copy of this new claim for your records. Please refer to your new claim number when corresponding with our office.

Please note that the enclosed Notice of Claim to a Water Right is not a determination of your right. This claim represents the remaining portion of the claim filed during claims taking in the Snake River Basin Adjudication (SRBA) and has not yet been verified by this Department. Water rights are established and maintained by beneficial use of water for the uses designated on this claim form dating back to the priority date listed. This claim will be investigated, verified and recommended to the SRBA Court for court decree sometime in the near future. You will be notified prior to the beginning of any verification of this water right.

Thank you for your patience, as we have had several water right changes to process. If you have any questions concerning this ownership change, or the enclosed claim copy, please feel free to contact this office.

Sincerely,

Adjudication Section
Western Region Office

EAGLE - The proposed Legacy project touted by Eagle Mayor Nancy Merrill as an economic boost to her community and crucial to the city's future could be delayed over a water dispute.

Merrill announced in February that the development on more than 575 acres would put Eagle on the map by providing world class sports academies for athletes, high-end homes and a Jack Nicklaus-designed golf course. City officials said Legacy is expected to bring 500 jobs with varied salaries to the community and pump millions of dollars into the local economy.

Eagle filed an application in December with the Idaho Department of Water Resources for five new municipal water wells for the project, which lies roughly between Linder Road, Idaho 16, Idaho 44 and Floating Feather Road.

Since December, 34 individuals or groups have filed protests against the wells, citing concerns about potential damage to the aquifer and existing agricultural water rights in the area.

The city of Star also has filed a protest with water resources as part of its long-running dispute with Eagle over land in the area that both cities want for future growth. Some of the complaints say Eagle's request will strain existing agricultural water rights surrounding the Legacy project.

It's unclear what the water complaints mean to the developer. Numerous calls to the offices of Leon and Bruce Blaser were unanswered Tuesday.

But with hundreds of new homes, a high-profile golf course, and swimming academy, the development must have water to move forward.

The water dispute is the latest in a series of battles turning Eagle and Star from friendly municipal neighbors into bickering combatants.

Both Eagle, population 18,428, and Star, population 3,028, wanted to extend their boundaries for future growth

- or areas of impact - to take in land on either side of roughly four miles of Idaho 16.

That hotly contested section of land along Idaho 16 was split in December by Ada County commissioners, who gave the road's intersections to Star and a smaller portion of land to Eagle.

Eagle is still fighting the county's decision because it wants more land than the county allotted. Eagle is currently appealing the decision.

"We keep an eye on everything they (Eagle) do," said Star Mayor Nate Mitchell.

Star wants to develop north and south of the Legacy project. Mitchell said that allowing Eagle to have wells in Legacy would tax the aquifer and hamper Star's ability to service new development in surrounding areas.

Merrill says Eagle is growing responsibly, according to the city's master plan. The city filed for five new wells, but Merrill said the city likely won't need all five. The city is working to find the best sites out of the five for its wells.

Merrill said she isn't sure how the two cities can ultimately settle their disputes.

"How we resolve the issues, I don't know. Hopefully we can get through some decisions and have it be gone," Merrill said. "Star has the same opportunities Eagle has. They are just a younger city."

Mary Taylor and her husband have farmed hay on 20 acres north of Beacon Light Road for more than 27 years.

Taylor said she is concerned heavy municipal use of the new wells will draw far more water than the existing agricultural uses on Legacy's land.

"These applications are made on an aquifer already showing signs of stress due to a 30-year drought cycle and extreme growth in the city of Eagle," Taylor said.

But Eagle's municipal wells will have less of an impact on the aquifer than thousands of individual wells, Merrill said.

"City ordinance requires developers to bring the water with the land," Merrill said. "Any water with the land is used to serve that subdivision. No water is being sold off the land and used elsewhere. It keeps our aquifer recharged and keeps the water in Eagle."

Ultimately, Merrill said she is confident the city will get the water it needs and the Legacy project will move through the city's process. The developer has filed an application with the city.

Eagle has three choices given the protests to the well requests, said Water Resources Department spokesman Mike Keckler: drop the application, resolve disputes with individual protesters or take the matter to a public hearing. A hearing date has not been set.

Merrill and Eagle officials may have the hardest time convincing Star the wells are necessary. Other tough-sell opponents include the Star Sewer and Water District and United Water Idaho, which have both filed protests.

Merrill said Eagle is working with protesters closest to the proposed well sites now, but believes the state Water Resources Board would side with Eagle in a hearing.

Such water rights disputes between neighbors and municipalities are inevitable as Ada County cities continue to spread into agricultural areas, said David Head, a water rights advocate for the North Ada County Foothills Association.

Head has filed a protest for wells requested for the SunCor Development Co. project Avimor, a planned 830-acre development east of Idaho 55 a couple of miles north of Shadow Valley golf course.

"It's not surprising in this day and age, because water has become such a big deal," Head said. "Anybody that knows a development is coming in, I can't imagine there aren't interested neighbors paying attention. It's a backyard issue now."

CONVERSATION MEMORANDUM

RE: Snake River Basin Adjudication Water Right Nos. A63-8289/A63-32189

November 5, 2004

Trying to make sense of 63-4079, 63-2858, and 63-8289, which are all very confusing, I called Mary Taylor (#286-7575) to ask some questions.

According to Mrs. Taylor:

- they bought their property in 1978.
- the Sweeneys bought Long's piece(s).
- then they (Taylors) purchased 10 acres from the Sweeneys.
- the Sweeneys owned 3 parcels – 5 acres belonged to the mother and Harrold Sweeney owned 7 and 10 acre plots.

I sent 2 aerial photos to Mary Taylor in order for her to depict the land that Long and the Sweeneys owned.

December 12, 2004

After receiving the information supplied by Mary Taylor, I called her at #286-7575. She said that Parcel No. S034442500 has been irrigated since the late 1960s, that Gladys Sweeney is still alive (Harrold Sweeney has passed away), and that there are neighbors that can provide affidavits. I reiterated that the information needs to pertain to Parcel No. S034442500 only (#2 on her most recent aerial map). When I suggested that she come into the office, she said she would contact me sometime next week to set up a time to come in after Christmas to look at all these claims.

August 22, 2005

Since I have not heard from Mary Taylor since Dec. 2004, I called her and set up a time to meet with her here at the office. Mrs. Taylor was supposed to come in to the office to discuss claims on 8/9/05, but she did not show up.

Therefore, I called Marilyn Lillquist (#286-9635) and spoke to her about 63-8289 & 63-11666. I sent her a *Change In Ownership* form for 63-8289; telling her that IDWR would keep 63-11666 on hold until the Moratorium is lifted; just in case something happens to 63-8289 in the adjudication.

RE: CHANGE IN WATER RIGHT OWNERSHIP
Snake River Basin Claim No(s): A63-08289

Ms. Lillquist,

I recently received your *Change in Water Right Ownership* form. Unfortunately, we cannot accept a Deed of Trust. A copy of your Warranty Deed is the document that is required in order to process your change in ownership.

Please submit:

- 1) a copy of your Warranty Deed and
- 2) indicate the location of the well used for irrigation purposes on the enclosed 1987 aerial photograph.

If you have any questions, please contact me at 334-2190.

Respectfully Submitted,

RE: EVIDENCE OF PRIORITY

Snake River Basin Claim No(s): A63-04079

Mrs. Taylor,

I regret that you did not make it the Western Region IDWR office on the scheduled appointment date of August 9th, 2005 at 10:00 a.m. After reviewing your claims further, I have come to the realization that the affidavit that Verne G. Long filled out for Claim No. 63-4079 is not applicable to your land. Unfortunately, the 5 acres that he refers to in his affidavit is relevant to the 5 acres that your neighbors, the Lillquists, currently own. Therefore, I must ask that you provide evidence of priority for your land and this claim.

If no evidence of your priority date is submitted, or I do not hear from you within the time limit below, your priority date, as claimed, may not be recommended to the SRBA court for decree.

The required evidence supporting the priority date(s) requested needs to be submitted by **August 31, 2005**. Please let me know if you may not be able to submit proof of priority or have any questions not covered by this letter, by the date indicated above.

In addition, since Parcel No. S0334441500 is covered by Water Right #63-2858B, I am assuming that your Notice of Claim 63-4079 was filed for the 5 acres (a portion of Parcel No. S0334442500) outlined on the enclosed 1987 aerial photograph. Please verify if this is true and, if it is, please draw the location of the well used for irrigation on the enclosed aerial photo and supply the required evidence of priority for this land and its water use.

Dear Mrs. and Mr. Taylor,

Thank you for taking a few moments to speak with me on the telephone Mrs. Taylor. As I mentioned during our conversation, I am having a difficulty making sense of which parcels of land Vern G. Long once owned and what the Sweeneys owned.

Since you are familiar with the history of this area, please take a moment to indicate on the enclosed aerial photos which parcel(s) were owned by the Sweeneys and which parcel(s) were owned by Vern Long. If you are so inclined to explain this information in a brief statement, that would also be helpful to me.

I appreciate you taking the time to supply this information. Please feel free to contact me at 334-2190 if you have any questions.

WATER RIGHT LICENSE

License of Water Right No. 63-8289 Priority March 31, 1976 Amount 0.25 cfs

THIS IS TO CERTIFY, that GLADYS F. &/or HARROLD SWEENEY
of Eagle, Idaho, has complied with the terms and conditions of Permit
No. 63-8289 issued pursuant to Application for Permit dated March 31, 1976
and has submitted proof to the Department of Water Resources on May 19, 1976
that he has applied water to a beneficial use; an examination by the Department indicates that the works have a
capacity for the diversion of 0.29 cfs of water from a ground water source
tributary to _____, and that the permit holder has applied to a beneficial use and
established a right to use water as follows:

Beneficial Use	Period of Use	Rate of Diversion	Annual Volume
<u>Irrigation</u>	from <u>March 15</u> to <u>Nov. 15</u>	at <u>0.25</u> cfs and	<u>57 acre feet or</u>
	from _____ to _____	at _____ cfs and	<u>4.5 af per acre</u>
	from _____ to _____	at _____ cfs and	

(both dates inclusive)

Subject, however, to the condition that no more than 0.25 cfs of water be diverted at any one time, and
that the amount of water so diverted and to which such right is entitled and confirmed is for the purpose
aforementioned and is limited to the amount which can actually be beneficially used and shall not exceed
57 acre feet per year, said waters to be diverted within the SE $\frac{1}{4}$ SE $\frac{1}{4}$ of Sec. 34,
