RE: SRBA Claims in the Roswell area

Dear Mr. Vycital:

Mr. Tuthill has asked me to send you the names of all parties who have filed in the Snake River Basin Adjudication on irrigation from either the Scott Drain or Alkali Drain. The list of those claimants, including their addresses, is enclosed.

The list includes Mr. and Mrs. Gee of Pet Lane in Parma. They have filed an application for permit for irrigation water from Alkali Drain. Based on a search of IDWR's data base, it does not appear that there are any other users of water from either drain.

If you have any questions or need additional information, please do not hesitate to contact our office.

RE: Claim(s) to a Water Right filed in the Snake River Basin Adjudication

Claim Nos. A63-02351A

Dear Claimants:

The Department of Water Resources will be conducting claim verification field exams in your area beginning in March. An examination is needed to verify your water use in order to complete our report for the court's decree.

The field exams are conducted to gather information about your water right. This information may include the source of water, type of usage, amount of water used, number of acres irrigated, and the legal description of the point of diversion and/or place of use.

Please contact this office by March 10, 1995, in order to make an appointment at a time which is convenient for you. Although it is not mandatory that you accompnay IDWR's examiner, it is helpful if someone familiar with the water delivery system is present during the exam. This will help insure that your water right is decribed accurately for the report to the court.

To make an appointment, or if you have any questions or concerns about the field exam, please contact me at your earliest convenience.

Sincerely,

Maria Minicucci

Dear Mr. Vycital:

Enclosed are the two Notice of Claims to a Water Right.

A63-02351A is the split off the original Carlson license and is for 34 acres of irrigation.

A63-08654 is the water right for the ponds. This is the way it was recommended by the field examiner.

Please review both claims and if they are satisfactory return to my attention, signed and notarized with the fee. The cost of both claims will be \$334.00. This is based on a flat rate of \$50.00 per claim, \$1.00 per irrigated acre and \$100.00 per cfs for the wildlife usage and the recreational usage.

Feel free to contact me if you have any questions.

Comments:

1. Igraves 8/29/2006 Field Exam

Comment: An SRBA field exam was conducted in 1995. The examiner recommended this right forfeited because a culvert was not located that delivered water under the road to the p/u. The claim was filed in 1990. The 1987 aerial photo indicates irrigation. Forfeiture will not be addressed at this time based on the 1987 aerial photo.

2. Igraves 8/29/2006 Source

Comment: The original license described the p/d located 50 feet above the confluence of Roswell and Main Drains. Based on the topo map, Roswell Drain is an unnamed drain and Main Drain is East Alkali Drain. The licensing exam indicates the p/d is located on the unnamed drain tributary to East Alkali Drain. The source and tributary have been clarified.

3. Igraves 8/29/2006 P/U

Comment: 37 acres were licensed in the SESE, but the parcel equates to only 34 acres as claimed.

4. Igraves 8/29/2006 Parcel No.

Comment: Irrigation is for Parcel No. R3927300000.
