Dear Sir or Madam:

Enclosed are copies of the above referenced water rights, which reflect the change in ownership of the land and appurtenant water rights, covered under the original filings. Also enclosed is a copy of the Notice of Completed Administrative Proceedings, which has been sent to the Snake River Basin Court as notification of the change.

Water right 63-21624, which was also listed on the Notice of Change in Water Right Ownership, has previously been decreed by the SRBA Court and will be changed by the Water Allocations section. A notice will be sent to you upon completion of the change.

In addition, 63-21614 was also listed on the ownership change, but we are unable to change this right as the legal description listed on the deed (6N 5W Sec. 15 SESE) is not the same as the legal description on the water right (6N 5W Sec. 15 SWSE). If you have any additional documentation that covers this portion of the property, submit it to our office and we will review the information.

If you have any questions concerning the enclosed water rights, please feel free to contact this office.

Sincerely,

Lori Harris
