14. Remarks:

The right holder shall accomplish the change authorized by this transfer within one year of the date of this approval.

Failure of the right holder to comply with the conditions of this transfer is cause for the Director to rescind approval of the transfer.

Approval of this transfer does not preclude the opportunity for review of the validity of this water right in the ongoing Snake River Basin Adjudication.

Prior to diversion of water under this approval, the right holder shall provide a means of measurement acceptable to the Department from all authorized points of diversion which will allow determination of the total rate of diversion.

The total instantaneous diversion of water from all points of diversion under Rights 63-3182, 63-3583, 63-7177, 63-7533, 63-31839, 63-31840, 63-31841, 63-31842, 63-31854 and 63-31855 shall not exceed 20.8 cfs, nor a total combined annual volume of 5185.5 af for the irrigation of 990 acres and dairy uses.

This right is limited to the irrigation of 349 acres within the place of use described above in a single irrigation season.

This right when combined with all other rights shall provide no more than 0.02 cfs per acre nor more than 4.5 afa per acre at the field headgate for irrigation of the lands above.

Rights 63-3182, 63-3583, 63-7533, 63-31839, 63-31840, 63-31841, 63-31842, 63-31854 and 63-31855 are also diverted through the points of diversion described above.

Dear Sir or Madam:

Enclosed are copies of the above referenced water rights, which reflect the change in ownership of the land and appurtenant water rights, covered under the original filings. Also enclosed is a copy of the Notice of Completed Administrative Proceedings, which has been sent to the Snake River Basin Court as notification of the change.

Water right 63-21624, which was also listed on the Notice of Change in Water Right Ownership, has previously been decreed by the SRBA Court and will be changed by the Water Allocations section. A notice will be sent to you upon completion of the change.

In addition, 63-21614 was also listed on the ownership change, but we are unable to change this right as the legal description listed on the deed (6N 5W Sec. 15 SESE) is not the same as the legal description on the water right (6N 5W Sec. 15 SWSE). If you have any additional documentation that covers this portion of the property, submit it to our office and we will review the information.

If you have any questions concerning the enclosed water rights, please feel free to contact this office.

Sincerely,

Lori Harris
