9. ☒ **Place of Use**
Should be: See below.
10. ☐ **I object because:**
 - ☐ This water right should not exist.
 - ☐ This water right was not recommended, but should be recommended with the elements described above.

E. **REASONS SUPPORTING OBJECTION (S):** This water right provides that the place of use includes acres/lands within the boundaries of Nampa & Meridian Irrigation District (NMID). However, on information and belief, the source of this water is water delivered from the New York Canal to NMID's Burke Lateral. Therefore, NMID contends that there is no separate source for this water right in Mason Creek.

In addition or in the alternative, this water right is appurtenant to the lands of NMID and was perfected and/or continues to exist because of the beneficial use on NMID's lands. Pursuant

Should be:
10. ☒ **Other**
Pursuant to United States of America v. Pioneer Irrigation Dist., et al, In Re SRBA Case No. 39576 (Subcase 91-63), Idaho Supreme Court Opinion No. 31790 (March 2007), the following remark should be included on the decree:

The name of the United States of America acting through the Bureau of Reclamation appears in the Name and Address sections of this partial decree. However, as a matter of Idaho constitutional and statutory law title to the use of the water is held by the consumers or users of the water. The irrigation organizations act on behalf of the consumers or users to administer the use of the water for the landowners in the boundaries of the districts listed in the place of use remark for the benefit of the landowners entitled to receive distribution of this water from the respective irrigation organizations. The interest of the consumers or users of the water is appurtenant to the lands within the boundaries of or served by such irrigation organizations, and that interest is derived from law and is not based exclusively on the contracts between the Bureau of Reclamation and the irrigation organizations.

11. ☐ **I object because:**
- ☐ This water right should not exist.
- ☐ This water right was not recommended, but should be recommended with the elements described above.

E. REASONS SUPPORTING OBJECTION(S):

Period of year could be construed to provide that these storage rights are subordinated to storage in upstream reservoirs and Lake Lowell, when this right is prior to upstream storage rights and is used for storage in Lake Lowell.

Upon appeal, United States of America v. Pioneer Irrigation Dist., et al, was remanded to the SRBA District Court to substitute the remark set forth in #10 above, for that adopted by the SRBA Court. (This remark is slightly modified from the remark used for the storage rights in the Idaho Supreme Court decision.)
