Pioneer Irrig. Dist.

A63-00224 etc

↳ Has more maps with boundaries

A63-02275 P/L  $\approx$  34,000 acres but does not totally agree with maps in A63-00224 (for example - lots of Caldwell is left out of d'base in A63-02275).

Need something in d'base to let people know that land list is subject to change.

Add remarks ?

P/L list is subject to change per review. See A63-00224 for complete boundaries of irrig district as shown on 3 maps.

Can S.A. do this to simplify database updating?

Thanks,

JL

Subj: Natural V1.4 Upgrade (VERY IMPORTANT!!!)

Effective Monday, Mar. 26, the production Natural applications on DWR80 will be converted from Natural V1.3 to V1.4. In addition we (the D.P. group) have completely standardized internally almost every Natural program. As a result, things should ultimately work better.

Please note that DWR80 will be unavailable the entire weekend of Mar. 24.

As a result of this conversion and upgrade there will be some changes. These changes are as follows.

1. The Return key on your keyboard now behaves EXACTLY like the Enter key has. Formerly, the Return key would take you to the first field on the next line containing input fields. The Return key will now accept the values you have entered on the screen and proceed exactly as if you had pressed Enter.

Many of you will love this and many of you will hate it. We cannot change it. It has been essentially forced upon us by Software, A.G. (they own Natural) as part of V1.4.

2. We have completely re-done the production directory structure. The logical names for the directories have not changed so any command files (\*.COM) that you have written that use the logical names should continue to work correctly.

If you have used hard-coded physical directory and file names into your command files (shame on you) then you will have to go and change them to the new structure.

3. We have tried to match Natural security as closely to what is now production as possible. Since we have completely re-written security there are some changes however. If you encounter problems, please contact either Doug or I and we will try to correct the problem.

4. For those of you who have written your own Natural programs, you will need to re-stow your programs again after this conversion using a new procedure. Make sure you have a copy of your source code in an RMS file (i.e. external to Natural). If you don't contact Doug or I immediately.

5. While in Natural, you may print the contents of your screen by pressing GOLD-P. For users other than DWR03 it defaults to your laser printer. For DWR03 users it uses the laser printer defined by PORTRAIT\_QUEUE. Note that when typing the GOLD-P the letter 'P' MUST be capitalized.

6. The menus internally are completely different. You will notice several cosmetic differences but other than that they should work as before.

7. We are in the process of implementing field level help on all Natural screens. When completed you will be able to retrieve help information on any field the cursor is positioned on by pressing GOLD-H (H is for help and MUST be capitalized). This is not

completely implemented yet.

8. For those of you who did not know, Prodata now has two additional consultants on staff. Beth Wright and Kathy Cover (pronounced like "over") will now be able to assist you when Doug, Joanie or myself are unavailable.

**Reasons Supporting Objection(s)**

**Name and Address:**

The Director's Report incorrectly identifies the zip code as 83605. The correct zip code is 83606.

**Quantity:**

The claimed quantity of 10.00 cfs should be recommended in full, based upon historic diversion, delivery, and use by the Pioneer Irrigation District through its system of canals and laterals.

**Point(s) of Diversion:**

As indicated in the claim, the point of diversion is located in Canyon County rather than Ada County.

**Purpose of Use and Period of Year:**

The claimed quantity of 10.00 cfs should be recommended in full, based upon historic diversion, delivery, and use by the Pioneer Irrigation District through its system of canals and laterals.

**Other Provisions Necessary for Definition or Administration of this Water Right:**

There is no legal basis for the inclusion of the following remark:

This right remains subject to the right of the original appropriator, in good faith and in compliance with the state laws governing changes in use and/or expansion of water rights, to cease wasting water, to change the place or manner of wasting it, or to recapture it.

- **Describe the portion of the proposed recommendation with which you disagree (e.g. priority date, period of use, source):**

Quantity; Place of Use

- **Describe the changes you wish to make in the proposed recommendation:**

Quantity: Recommended as claimed – see attached report.

Place of Use: Increase the number of irrigated acres to 34,204.61.

Place of Use: Remove the following remark: "The right when combined with Right Nos. 63-161BU, 63-166A, 63-167A, 63-179A, 63-224, 63-225, 63-294, 63-295, 63-371, 63-2114, 63-2275, 63-2276, 63-2294, 63-2529, 63-2891, 63-5199, 63-5200, 63-5219, 63-5237, 63-5255, 63-9109, 63-21706, 63-21713, 63-21714, 63-21731 and 63-21739 can be used to irrigate up to 24,555.8 acres within the boundary of the Pioneer Irrigation District."

- **Give a brief explanation as to why you disagree with these portions:**

Quantity: There is no legal basis for not recommending quantity as claimed.

Place of Use: This water right is used within the service boundaries of the Pioneer Irrigation District, which total an amount of 34,204.61 irrigated acres, and should not be limited to the irrigation of 24,556 acres..

Place of Use: There is no legal basis for inclusion of remark.

Discharge Measurements  
For  
Pioneer Irrigation District  
December 2006

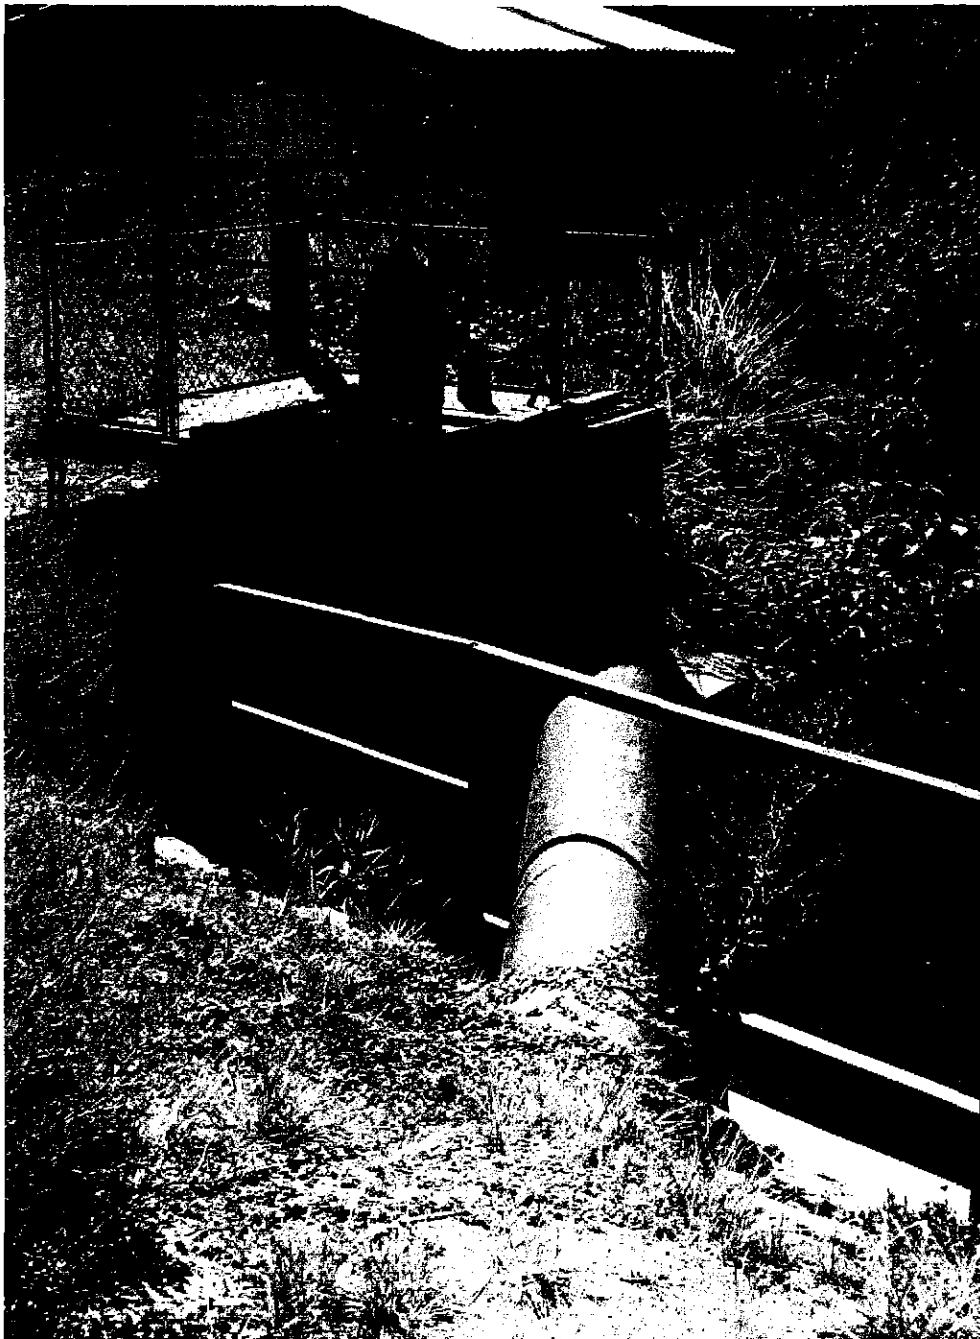

This report describes two discharge measurements made for Pioneer Irrigation District in September 2006. The discharge of the Elijah Drain pump was measured on September 19, 2006. The discharge of the Fivemile Feeder east of Star Road was measured on September 20, 2006. Both measurements were made according to procedures established for the respective meter in use.

The discharge of the Elijah Drain pump was made on the discharge pipe as it crosses over the drain located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$  Sec 28 Twp 3N Rge 2W, B.M. The discharge was measured with a Polysonics Model DCT 7088 transit time sonic meter, serial No. 33508. The location of the measurement and the installation of the transducers are shown in the photos in Attachment 1 along with the field parameter notes. The meter showed a discharge of 4,325 gpm or 9.64 cfs. This measurement was made by David Shaw.

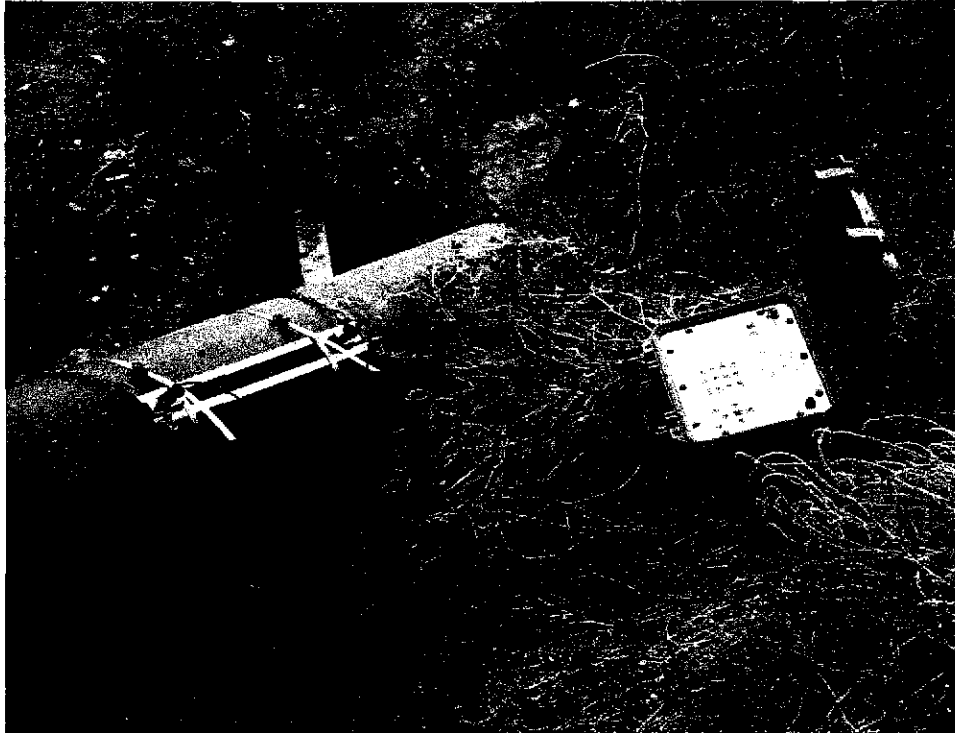

The discharge of the Fivemile Feeder was measured east of the wooden bridge east of Star Road in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ NW $\frac{1}{4}$  Sec 32 Twp 4N Rge 1W, B.M. The discharge was measured to be 64.5 cfs. The discharge measurement was made with a Price AA meter and AquaCalc 5000 flow computer. The notes and the current meter record are attached as Attachment 2. This measurement was made by William Harenberg.

**Re: Pioneer Irrigation District / Water Right No. 63-21739**  
MTBR&F File No. 18-946.6

Dear Dave:

In response to your request that Pioneer Irrigation District provide additional evidence supporting the District's claimed priority date of May 1, 1957, concerning the above-referenced water right, we are providing you with the following documents:

- Pioneer Irrigation District Pump and Well Maintenance Report for the Elijah Drain Pump, dated August 3, 1959, wherein it describes the maintenance work performed on the Elijah Drain pump on that date; and
- Pioneer Irrigation District Pump and Well Maintenance Report for the Elijah Drain Pump, dated August 11, 1960, wherein it describes the maintenance work performed on the Elijah Drain pump on that date.

Thank you for your assistance in this matter. If you have any questions, please do not hesitate to contact me.

Sincerely,

Tiffany M. Hudak

**Re: Pioneer Irrigation District / Water Right Nos. 63-5219 and 63-21714**  
MTBR&F File No. 18-946.6

Dear Dave:

In response to your correspondence dated February 21, 2006, wherein you request additional information regarding the priority date and historic use of several of Pioneer Irrigation District's water rights, I am enclosing documentation sufficient to establish the priority dates of water right nos. 63-5219 and 63-21714, as follows:

## 63-5219

Pioneer asserts a priority date of May 1, 1961 for this water right. Enclosed is an electric service agreement between Pioneer and Idaho Power, dated August 1, 1961, for Pioneer's pump in Indian Creek. The agreement identifies a "point of delivery of power . . . where the Company's wires or apparatus are connected with those of the Customer" which matches the existing point of diversion (township, range & section) as claimed.

## 63-21714

Pioneer asserts a priority date of October 3, 1963 for this water right. Enclosed please find a well driller's log showing a well completion date of March 29, 1963. Also enclosed is a copy of a letter from Pioneer's Secretary/Treasurer, Naida Kelleher, wherein Ms. Kelleher indicates that she has paid the power bill on an annual basis continuously since 1987.

Please note that as previously indicated, we are in the process of reviewing Pioneer's historical documentation and will respond to your request for proof establishing the priority dates of

water right nos. 63-5200, 63-5237, 63-5255, 63-21706, 63-21713, 63-21731, and 63-21739 in the near future. Thank you for your attention to these matters. If you have any questions, please do not hesitate to contact me. In the event I am unavailable, please feel free to contact my paralegal, Tiffiny Hudak. She can be reached at 385-5435.

Re: Evidence of Priority Date

Dear Claimants:

**RESPONSE DEADLINE**  
**MARCH 21, 2006**

The Notices of Claim to a Water Right (claim) identified with the numbers shown above your name have been filed in the Snake River Basin Adjudication (SRBA). The claims indicate your water usage is based on "Beneficial Use." Water rights of this type are established by the historic use of water, dating back to when water was first used for the purpose claimed, and are termed beneficial use rights. The date of first use, known as the priority date, has not been confirmed by a License, Decree or Permit. Since the priority date and historic use of a beneficial use right cannot be confirmed by field examination, **proof must be provided by the claimant** supporting the priority date claimed and the historic use of the water.

Enclosed you will find a computer printout of the irrigation district's claims and the pamphlet entitled "Evidence of Priority." The pamphlet describes the types of evidence required and suggests which documents will fulfill this requirement.

**PLEASE NOTE:** IDWR will recommend the SRBA Court decree the claim disallowed if no evidence of the priority date and of the historic use is submitted. It will be to your advantage to provide clear and convincing evidence. If you choose to submit statements from individuals as evidence, the statement should be in the form of a notarized affidavit.

Please submit the required evidence supporting the priority date and the historic use by the date shown above, referencing all documents with the corresponding claim number. If you have questions not covered by this letter or the enclosed pamphlet, please contact this office. Our toll free number is 1-800-451-4129.

Sincerely,

David R. Tuthill, Jr.

*Warrant to Dougherty*

Tuesday, February 4, 1919.

The Board of Directors met in regular session; present W A Shupe, President, and C M Bumgarner and J O Baum, Directors, and Fred L Evane, Secretary.

CLAIMS were allowed amounting to \$1365.52 of which \$2.50 had been paid by a time check. Warrants Nos. 341 to 383 inclusive were drawn for the balance \$1363.02, as recorded in the warrant register which is made a part hereof. upon which the Board adjourned to February 21, 1919.

February 21, 1919.

The Board of Directors met pursuant to adjournment. Present W A Shupe, C M Bumgarner and J O Baum, Directors and Fred L Evane, Secretary.

Dr. F H Hostetler of Nampa, Idaho appeared before the Board desiring an arrangement by which a portion of the Nampa Cemetery outside the boundaries of the District might be watered from the Phyllis Canal. His request was taken under advisement decision to be made after consulting the Attorney for the District.

Mr J H Egbert and Mr Haydock appeared with reference to claims made by them for damages alleged to have been caused by breaks in the Phyllis Canal, one in 1917 for which \$80.00 was claimed, and one in 1918 for which \$68.00 was claimed. After conferring with these parties the Board made an offer of \$87.50 in full settlement of the claims, which was accepted and a warrant ordered drawn for that amount.

Mr E D Barney, residing on Section 13, Twp 3, Range 3 W B M, appeared with reference to putting a siphon under the Phyllis Canal on his land. After discussion the Board granted him the privilege of putting in the siphon at his expense and agreed to furnish a man to Superintend the work and see that it is properly done.

Mr Joe Messler, et al, living on Lateral 13.3 appeared, asking that arrangements be made to insure them more water on that lateral, also requesting that a drain be constructed from the lower end of that lateral to carry off surplus water at times when not all was used. The Board agreed to have the lateral thoroly cleaned and bermed to insure more water when needed. The matter of the drain requested was referred to Director Shupe and Superintendent May to investigate and make recommendation to the Board.

The following resolution was unanimously adopted:

WHEREAS, The property described as the NE $\frac{1}{4}$  of the NW $\frac{1}{4}$  of Section 31--4--3 was in the year 1903 assessed for water taxes in the name of G W Horace, and said assessment was paid; and

WHEREAS, Said property was in the same year also assessed in the name of G E Miller, the same being a double and erroneous assessment, and was not paid and said property was sold for taxes on July 8, 1904 to the Pioneer Irrigation District as evidenced by Tax Sale Certificate No 87 of the year 1904; and

WHEREAS, George C Dougherty has requested that the title to said property be cleared from the encumbrance of said tax sale certificate;

BE IT RESOLVED, That for and in consideration of One Dollar, in hand paid, the President and Secretary of the Board of Directors are hereby authorized and directed to execute and deliver to the said George C Dougherty, a QUITCLAIM DEED

The following resolution was presented and unanimously adopted:

WHEREAS, The proposed contract hereinafter set out between the Black Canyon Irrigation District, the Pioneer Irrigation District and the United States of America, for the construction of works to be used by the Black Canyon Irrigation District and the Pioneer Irrigation District, jointly, as they are interested, having been presented to this Board; and it appearing that said contract, so far as the change and alteration of the Caldwell Highline Canal is concerned, is in line with the recommendations of the Superintendent of said Caldwell Highline Canal on file in this office; and it appearing to the Board that said alteration is for the best interest of the District, and necessary in order that water may be furnished to the lands within the District, which proposed contract is as follows, to-wit:

*Black Canyon Irr. Dist. Contract*

PROPOSED CONTRACT.

THIS AGREEMENT, Made this \_\_\_\_ day of \_\_\_\_\_, 1919, between the UNITED STATES OF AMERICA, acting for this purpose by \_\_\_\_\_ of the U. S. Reclamation Service, subject to the approval of \_\_\_\_\_ under the provisions of the Act of Congress of June 17, 1902,

( 32 Stat. 388) known as the Reclamation Act, and acts amendatory thereto or supplementary thereto, and particularly Section 2 of the Act of Congress of Feb 21, 1911 (36 Stat. 525), the party of the first part, and the PIONEER IRRIGATION DISTRICT, an irrigation district organized under the laws of the State of Idaho, the party of the second part, and the BLACK CANYON IRRIGATION DISTRICT, an irrigation district organized under the laws of the State of Idaho, party of the third part;

WHEREAS, Whereas the United States has constructed for the drainage of lands in the Pioneer Irrigation District a certain drainage system in the said District, including among others, that certain drainage canal known as the Wilson Drain, and a branch drain flowing into the said Wilson Drain and known as the Elijah Drain, and has extended the said Wilson Drain beyond the boundaries of the Pioneer District up through a portion of the Boise Project to the Upper Embankment of the Deer Flat Reservoir, and has extended the said Elijah Drain up through a portion of the Nampa & Meridian District to a point south of the City of Nampa;

AND WHEREAS, The said Wilson and Elijah Drains develop water and collect waste water to the amount of about ninety (90) second-feet of water at present in addition to the 30 or 40 second-feet diverted and used in the Pioneer District, a part of which is developed and collected in the Pioneer District, a part of which is developed and collected in the Pioneer District and part in the drains constructed by the United States above the Pioneer District;

AND WHEREAS, it has been the intention of the United States ever since the beginning of the Boise Project to reserve and use the waste and seepage water developed in connection with the said Boise Project and not to abandon same;

AND WHEREAS, it was the intention of the Pioneer District to reserve and use as much of the water developed in the drainage system in the Pioneer Irrigation District as it is practical to divert and use in the Pioneer District and not to abandon the same;

AND WHEREAS, the United States has constructed for the use of the Pioneer District upon right of way reserved or deeded to the United States a certain ditch or canal known as the Wilson Feeder Canal for the purpose of diverting water from the said Wilson Drain, and conveying the same to the Caldwell Highline Canal of the Pioneer District;

AND WHEREAS, for several years past the Pioneer District has diverted from said Wilson Drain through said Feeder Canal from 30 to 40 second-feet of water as the needs of the said District required for irrigation of the land of the District under the lower portion of said Caldwell Highline Canal, and by that means has supplied all water used on the District lands under the said Caldwell Highline Canal below the point where the said Wilson Feeder empties into said canal, leaving the Boise River water rights of the District available for use on the higher lands of the District, and on that account the Pioneer District has not needed to use a certain portion of the said Caldwell Highline Canal immediately above the point where the said Wilson Feeder empties into said canal and said portion of the said Caldwell Highline Canal has fallen into disuse and is out of repair, and under present conditions it would be a waste of money for the District to repair and maintain the same;

AND WHEREAS, The Black Canyon Irrigation District has voted and executed a contract with the United States for the construction of irrigation works by

by the United States for the irrigation of certain lands in that District, and the United States is planning to use in the irrigation of about 5,000 or 6,000 acres of land in the Black Canyon District, the surplus water developed in said drains over and above the amount which has been diverted and used by the Pioneer District;

AND WHEREAS, the said unused portion of the Caldwell Highline Canal is on land over which the United States holds a reserved right of way under the Act of Congress of August 30, 1890 (26 Stat. 391);

AND WHEREAS, the plans recommended by the engineers of the United States include as the most advisable economical means of diverting and conveying said water supply from the said Wilson Drain, the building of a concrete diversion structure in Wilson Drain instead of the present wooden structure, at the head of the said Wilson Feeder, the enlargement of the Wilson Feeder to sufficient capacity to carry in addition to the water which is now being carried for the Pioneer District all the balance of the water which is ordinarily available from Wilson Drain, the diversion of the water at or near the point where the said Feeder Canal empties into the Caldwell Highline Canal, the reversal of the grade of the said unused portion of the Caldwell Highline Canal, with such deepening, enlargement, and alteration as may be necessary to carry the water for the said unit of the Black Canyon District through a part of abandoned portion of said canal, and the construction of new ditches and other irrigation works from that point on into the Black Canyon District and also a separate diversion from Elijah Drain and short ditch therefrom running into the ditch from Wilson Drain;

AND WHEREAS, the Pioneer District has acquired certain <sup>water</sup> rights from Indian Creek and needs the said water for the irrigation and reclamation of certain lands in the Pioneer District, but the said lands are so located and at such elevation that the only practical way of using the said water rights for the irrigation and reclamation of said lands of the Pioneer District is by means of an exchange contract between the United States and the Black Canyon District on the one side and the Pioneer District on the other, authorizing the Pioneer District to turn a certain amount of water into the said ditch to be constructed by the United States at a point thereon below and north of the railroad crossing and to take out of said ditch at a higher point to the south of said railroad an equal amount of water;

AND WHEREAS, the respective rights of the United States and the Pioneer District in the water developed and collected in certain drains constructed by the United States in the Pioneer District, in co-operation with said District, and extended by the United States beyond the District boundaries have never been determined;

AND WHEREAS, the certainty and security of the water rights of such District to that portion of the developed water needed by each respectively will be increased by an agreement between the parties hereto in regard to the division of the water developed through the joint efforts of the United States and the Pioneer District;

AND WHEREAS, the cooperative agreements hereinafter set out will provide better and safer means for the diversion and use of said developed waters for the benefit of both Districts;

NOW, THEREFORE, in order to enable each District to irrigate and reclaim its lands and provide a better water supply and better means of diversion and use of said water, the parties hereto enter into this contract:

NOW, THEREFORE, it is hereby agreed by and between the parties hereto:

1. That the Pioneer Irrigation District and the United States agree upon the following diversion of the water developed or made available through the efforts of the United States and the District in the construction of the said Wilson and Elijah drains:

(a) That the Pioneer District shall have the right to divert and use the water developed or collected in the said Wilson drain and available at the point of diversion of the said Wilson Feeder to such extent not exceeding forty (40) second-feet as the Pioneer District may require for the irrigation of the lands of the District under the said <sup>Caldwell</sup> Highline Canal below the point where the said Wilson Feeder Canal empties into said Caldwell Highline Canal, which right shall be the first right out of said drain except the right of the United States to the 2.4 second-feet which it has diverted from the upper end of the said Wilson Drain above the Pioneer District.

(b) That the United States shall have the right to divert and use for the irrigation of land in the Black Canyon District the waste water developed or collected in the Elijah Drain and the remainder of the water developed or collected in the Wilson Drain.

It is the intention of the parties hereto that each party, in so far as it has the right to do so, consents to the perpetual diversion and use of the other, of the amounts of water hereinabove specified, but neither party guarantees to the other any specified amount of water, or anything in regard to what rights either may have as against any third parties, not parties to this contract: Provided, however, that the United States shall not be bound to allow to the Pioneer District the rights and privileges in this contract provided to be conceded to the Pioneer District, unless the Pioneer District is also bound to allow to the United States for use in the Black Canyon District the rights and privileges herein agreed to be conceded to the United States.

2. The Pioneer District consents to the enlargement of the Wilson Feeder by the United States and the use thereof by the United States and its successors and assigns when enlarged for the purpose of carrying water from the Wilson Drain to the Black Canyon District, and the running of water from Deer Flat Reservoir or other source of supply under the control of the United States, through said enlarged Feeder Canal and that portion of the Wilson Drain above the head of the Feeder Canal at such times, if any, as the drainage water may be insufficient for the irrigation of the said proposed unit of about 5,000 or 6,000 acres in the Black Canyon District.

3. The United States will construct in the channel of the Wilson Drain in place of the present wooden structure a concrete diversion structure for the diversion of the water supply available in said drain into the said Feeder Canal, will enlarge the Feeder Canal to sufficient capacity to carry the water supply to be diverted for the Black Canyon District in addition to the amount heretofore carried for the Pioneer District and conceded to that District herein, and the United States until the operation is taken over by the Black Canyon District and the Black Canyon District thereafter will operate and maintain the diversion works and the enlarged feeder canal and turn in to the Pioneer District at the Caldwell Highline Canal the amount of water to which the Pioneer District is entitled under the provisions of this agreement.

4. The entire cost of construction of the said concrete diversion works and

19

the enlargement of the said Feeder Canal will be paid by the United States and charged as a part of the cost of the irrigation works to be constructed for the Black Canyon District. Each District will pay one-half of the cost of the operation and maintenance of the diversion works and feeder canal used in common for the benefit of both districts, and should the United States during the time that the United States is in control of the operation of the proposed ditch, or the Black Canyon District thereafter, run water from Deer Flat Reservoir through that portion of the Wilson Drain between the head of the Feeder Canal and the Reservoir, then the United States, or the Black Canyon District, as the case may be, will operate and maintain that portion of said Wilson Drain without expense to the Pioneer District.

5. That the United States of America, at its own cost, hereby agrees to deepen, alter and enlarge the hereinafter described portion of the Caldwell Highline Canal to a capacity sufficient to carry the amount of water demanded for the irrigation of land within the Black Canyon Irrigation District, over and above the right of the Pioneer Irrigation District to carry one hundred and seventy-nine (179) inches of water from said Wilson Feeder to points where the same may be diverted from said enlarged ~~and~~ altered portion of said Caldwell Highline Canal, seventy-nine (79) inches of which shall be diverted by the Pioneer Irrigation District at a point about two thousand feet northeast of where said Wilson Feeder empties into said Caldwell Highline Canal, and the balance, to-wit, one hundred (100) inches, at a point to be designated by the Pioneer Irrigation District in the Northeast quarter (NE $\frac{1}{4}$ ) of Section one (1), Township three (3) North, Range three (3) West of Boise Meridian; that the portion of the said canal which the United States agrees to deepen and enlarge is on the right of way beginning at the following point, to-wit:

Fifteen hundred seventy-five (1575) feet North and two hundred (200) feet East of the south quarter corner of Section one (1), Township three (3) North, Range three (3) West B. M., being in the Northwest quarter (NW $\frac{1}{4}$ ) of Southeast quarter (SE $\frac{1}{4}$ ) of said Section one (1).

to the following point, to-wit:

Thirteen hundred (1300) feet East and fifty (50) feet South of the corner common to Sections 1, 2, 11 and 12, Township three (3) North, Range three (3) West B. M., being in the Northwest quarter (NW $\frac{1}{4}$ ) of Northwest quarter (NW $\frac{1}{4}$ ) of said Section 12.

The said right of way being on land through which the United States has a reserved right of way under the act of Congress of August 30, 1890 (26 Stat. 391). The consent of the Pioneer District to such use by the United States, however, to be subject to the following conditions:

Should the water supply now being used by the Pioneer District, out of the drainage system, for the irrigation of lands of the District under the lower end of the Caldwell Canal fail or for any reason cease to be available to the District so that it becomes necessary to return to the delivery of water from Boise River to such land, then the United States will construct for the Pioneer District an equivalent ditch of similar capacity in place of the section of the Caldwell Canal to be taken over by the United States, or provide an equivalent and satisfactory means of conveying water for such land by exchange of water or some other plan satisfactory to the District.

The United States also agrees to construct and furnish to the District, without expense to the District, a suitable flume for carrying water from the Caldwell

20

Canal of the District to the following described tract of land, to-wit:

to be operated and maintained by the Pioneer District after construction.

The United States will install in said altered portion of said canal suitable headgates or tap boxes at the places to be designated by the Pioneer Irrigation District for the conversion of said canal for seventy-nine (79) inches, and the one hundred (100) inches hereinbefore designated to be diverted from said canal by the Pioneer Irrigation District, and the one hundred seventy-nine (179) inches so diverted for the irrigation of said Pioneer Irrigation District to be charged as a part of the (40) forty second-feet water supply hereinbefore conceded to the Pioneer Irrigation District.

That after the installation of said headgates, the said headgates are to be operated and maintained by the Pioneer Irrigation District, and the maintenance of the above portion of the Caldwell Highline Canal from the Wilson Feeder to the place where the said one hundred (100) inches shall be diverted, shall be borne by the Pioneer Irrigation District in the proportion that one hundred and seventy-nine (179) inches bears to the whole amount of water so carried through said newly constructed portion of said Caldwell Highline Canal, and the United States of America and the Black Canyon Irrigation District hereby agree to bear the remainder of the expense of the maintenance of said reconstructed portion of said canal.

6. The United States of America and the Black Canyon Irrigation District, will permit the Pioneer Irrigation District, and hereby grant the Pioneer Irrigation District the right to turn into said proposed Notus Canal at some convenient point place below and north of the point of intersection of said canal and the Oregon Short Line Railroad, water from Indian Creek to an amount not to exceed fifteen (15) second-feet, and at the same time to take out of said canal at some higher point above and south of said railroad crossing five (5) second-feet in exchange for water which the Pioneer Irrigation District is at that time to turn into said canal at such lower point, and the balance of the fifteen (15) second-feet, to-wit, ten (10) second-feet, the United States of America and the Black Canyon Irrigation District hereby agree to carry through said canal to a point or points not exceeding one mile from where said water is diverted into said proposed Notus Canal, and at said point to be diverted by said Pioneer Irrigation District;

That the headgates to be constructed <sup>in the proposed Notus Canal</sup> by the United States of America, and the cost of the construction of said headgates, together with the extra construction necessary for the carrying of ten second-feet and the maintenance of said headgates shall be borne by the Pioneer Irrigation District, and also the proportionate share of the cost and operation of said portion of said Notus Canal jointly used for the benefit of the two Districts, in proportion to the amount of water run through said canal for each of said Districts respectively.

7. It is understood and agreed that the Pioneer Irrigation District is not purporting to convey any property rights by reason of this agreement, and that the said District has contemplated and considered it necessary to change the herein described portion of the Caldwell Highline Canal and construct the flume herein described, which change is necessary in order that the District may irrigate certain lands within <sup>said</sup> District, and that the Feeder Canal herein described, diverting water from the Wilson Drain, was constructed by the United States of America for

24

the use of the Pioneer Irrigation District, the title remaining in the Government until paid, and that the enlargement of said Feeder Canal under this agreement does in no way relinquish any right of the Pioneer Irrigation District to that portion of the Feeder Canal already constructed, and that when the United States of America or the Black Canyon Irrigation District is not diverting water through said Feeder Canal and operating the ditch and delivering water to the Pioneer Irrigation District, the said Pioneer Irrigation District has the right at any and all times to divert water to the extent necessary from Wilson Drain, or other sources under the control of the Pioneer Irrigation District into said enlarged portion of the Caldwell Highline Canal, as in this contract provided, or into said Notus Canal, and to operate and divert from said ~~XXXXXXXXXX~~ Caldwell Highline Canal or said Notus Canal, at the places in this contract agreed upon, the amount of water herein agreed to irrigate the lands within the Pioneer Irrigation District.

8. The Black Canyon District consents to all the terms and provisions of this contract and agrees that when the works to be constructed by the United States for the irrigation of land in the Black Canyon District are turned over to the said District, the Black Canyon District will assume all obligations in reference thereto herein assumed by the United States and will operate and maintain the works herein referred to in full compliance with the terms of this agreement.

9. No member of or delegate to Congress or resident commissioner, after his election or appointment, or either before or after he has qualified and during his continuance in office, shall be admitted to any share or part of the within contract or agreement, or to any benefit to arise ~~thereupon~~ thereupon. Nothing, however, herein contained shall be construed to extend to any incorporated company, where such contract or agreement is made for the general benefit of such incorporation or company, as provided in Section 116 of the Act of Congress approved March 4, 1909 (35 Stat. L.1109).

It is agreed as part of the consideration of this contract by and between the Pioneer Irrigation District and the Black Canyon Irrigation District, that should the Black Canyon District at any time use the Elijah Drain for the purpose of carrying water other than that accumulated in said drain which would necessitate the cleaning of said drain for the purposes of conveying water through same, that the said Black Canyon District will in such irrigation season pay the cost of maintaining and cleaning said drain, under the direction of the Pioneer Irrigation District.

IN WITNESS WHEREOF, The United States of America, by \_\_\_\_\_ has executed this agreement, and the Pioneer Irrigation District has caused its corporate name to be subscribed to this agreement by its President and attested by its Secretary, and its corporate seal to be hereto affixed, and the Black Canyon Irrigation District has caused its corporate name to be subscribed to this agreement by its President and attested by its Secretary, and its corporate seal to be affixed hereto affixed, the day and the year first above written.

Caldwell, Idaho. March 4, 1919.

The Board of Directors met in regular session, all members and the Secretary being present.

CLAIMS AGAINST THE DISTRICT amounting to \$3,136.55 were allowed, of which \$6.50 had been paid by Time Checks. The balance was paid, \$3,130.05, by the issuance of Maintenance Warrants Nos 384 to 444 inclusive, as recorded in the Warrant Register, which is hereby made a part of these minutes.

MINUTES OF THE PROCEEDINGS of the Board up to and including February 4, 1919, were read and approved. Conference concerning various matters of interest to the District was held but no further official action taken.

Upon which the Board adjourned to March 11, 1919.

Tuesday, March 11, 1919.

The Board of Directors met pursuant to adjournment. Present, W A Shupe and J O Baum, Directors, and Fred L Evans, Secretary.

The matter of selling refunding bonds to provide funds with which to meet the bonds falling due this year coming on, the following resolution was unanimously passed:

WHEREAS, The Board of Directors of the Pioneer Irrigation District, at a special election duly called and held on the 28th day of August, 1916, duly submitted to the qualified electors of the District the question of whether refunding bonds of said District in the amount of \$189,200 should be issued, due and sufficient notice of such election having been given, posted and published in all things as required by law, and at such election ~~the~~ said question was duly carried and the result duly declared as in all things required by law; and

WHEREAS, The Board of Directors did immediately thereafter adopt and make a part of the records of said District a resolution providing for the issuing of said refunding bonds in accordance with the provisions of the Act of the Legislature entitled "An Act To Enable Irrigation Districts To Refund Their Bonded Indebtedness" approved March 15, 1915. Session Laws of 1915, pages 299 et seq., in which resolution it is provided that the refunding bonds so authorized shall be issued in one Series, namely the Fourth Series, and designated the denominations thereof, fixed the date of said refunding bonds, the rate of interest, the place within and without the State of Idaho for the payment of the principal and interest, and described the

RE: Snake River Basin Adjudication (SRBA)  
Change in Notice of Appearance of Counsel on the Snake River  
Basin Adjudication Claims for Owen Ranches, Pioneer  
Irrigation District and Settlers' Irrigation District

Dear Scott:

Following your letter request to David Shaw of December 10, 1993, attached is an adjudication report denoting the claims filed by your clients referenced above that have been changed. We have also updated water right 57-00040 for Pioneer Irrigation as you requested.

Please note water rights claims showing Richard L. Owen as claimant were not changed in our database. You may wish to file another Notice to the court if you are representing Richard L. Owen as well as Owen Ranches, each of whom have filed claims as if they were unrelated parties.

Call me if you have questions.

Sincerely,

Donald V. Shaff  
Manager, Adjudication Section

Re: Change in Notice of Appearance of Counsel on the Snake River Basin  
Adjudication Claims for Owen Ranches, Pioneer Irrigation District and  
Settlers' Irrigation District

Dear David:

This correspondence is to notify the Department of my change of address and affiliation. I am presently a shareholder with the law firm Elam & Burke at the following address:

Scott L. Campbell  
Elam & Burke  
P.O. Box 1539  
702 West Idaho, Floor 10  
Boise, Idaho 83701

Attached please find the computer records the Department of Water Resources provided me with as confirmation of the change in firm affiliation I made prior to this move. In addition to these, Pioneer Irrigation District has filed an
