RE: Water Right Number 63-32909

Dear Mr. or Mrs. Fulton,

I am reviewing the file for Water Right Claim # 67-32909. I just need a few documents for verification before I can complete my recommendations, and adjust the status on the claim. On the attached map, please draw the following: (1) The location for the point of diversion/well. (2) Draw the location for the house. (3) Outline and highlight the area for the Place of Use for the 25 head cattle. (4) Send in a copy of the warranty deed for the property owned and claimed for Water Right Claim # 67-32909. (5) Indicate the Hp of the pump, discharge size, psi the system is run at, size of buried line to the house and going to the stock. (6) What is the size, and location of the stockwater tanks? (7) Is there any other supplemental water that is used? If so, what is it? (8) Are there any other non-irrigation uses? (9) How long have you owned the property?

I have enclosed a copy of the original claim. Please return the completed map (with location of point of diversion and point of use), answers to the questions listed above, and the copy of the warranty deed in the enclosed postage paid envelope.

If you have any questions, please contact me directly at (208) 287-4920, or via my email: Sandy.Hemenway@idwr.idaho.gov

Sincerely,

Sandy Hemenway
Sr. Water Resource Agent
