RE: *Subcase No. 63-3362 (Tyson Fresh Meats, Inc.)*

Dear Judge Melanson:

On May 14, 2008, I sent an Amended Director's Report for subcase no. 63-3362 ("ADR") to the Court. The ADR reflected error corrections concerning the Place of Use ("POU") and Point of Diversion elements as well as modified related comments. Please see the cover letter for the ADR for additional explanation of the error corrections. It has come to my attention, however, that the ADR inadvertently contained incorrect purposes of use in the POU description. That inclusion was in error. Thus, I am attaching a Second Amended Director's Report. In the Second Amended Director's Report, the Idaho Department of Water Resources ("IDWR") has deleted the purposes of use inadvertently added to the POU that were in error. IDWR presents this Second Amended Director's Report in underline/strikeout format without the POU error as the ADR should have done.

I respectfully request the Court issue an amended partial decree pursuant to Rule 60(a) of the Idaho Rules of Civil Procedure, correcting the errors in the partial decree.

I am sending a copy of this letter to the claimant, so that it will be aware of this inadvertent error. If you should have any questions or comments, please feel free to contact me at (208) 287-4810. Apologies for any confusion this may have caused.

Sincerely,

A handwritten signature in black ink that reads "Andrea L. Courtney".

Andrea L. Courtney
Deputy Attorney General, IDWR
