9/6/06 The diversion works is a headgate in Pond. The pond wasn't created until 1965, enlarged in 1983. How can we have a 1919 priority?

I think this was filed as an enlargement to the Statutory Claims. If they file on the license (24-2020) then we may be able to recognize this claim as enlargement if the date comes after 1971. CB

SOU 4/15- 10/31
