

Notes

Storage.

$$\frac{1}{2} \text{ ac} \times 4 \text{ ft deep} = 2 \text{ ac-ft.}$$

Kent Foster called on Monday 11-13-08,
to say the pond is only 3-4 ft deep.
They filed for 5 ac-ft, but it came
through on the claim as cts not ac-ft.

8/22/06 POD is located on USFS ground
Montpelier district, Heidi 847-8936.

9/5/06 Special Use permit was originally issued Oct, 1983 according to Heidi, USFS Montpelier office. If this developed occurred then, then the right is after the mandatory permit statute 5-20-1971. I have no evidence to support this priority date. Disallowing the claim at this time, pending more information before the directors report. CB.

9/6/06 claim disallowed at this time until further evidence can be gathered to support a priority date. Claimants need to file on water license 8159 (24-2020) from Crow Creek and Alteman Springs. Then a possible enlargement may be possible. CB
